She was a faithful worker in her church as long as she was able, and loved by all who knew her, black as well as white. Bro. The knife that cuts both ways is pertinent to the cattle shippers of the country in the strike of the Chicago packers. J. C. Johnson and W. H. Lillard, of Danville, were at Seelbach's Hotel, and both are engaged in cattle buying and shipping. Since the packers of the great markets are unable to operate on full capacity they will not take the cattle which offer except in a limited way, and the result is that the animals are forced back on the country and the market for hives on foot is forced lower.

On the other hand, the amount of meat produced by the packers is small in fact and after taking a few better causing the price of dressed meats to go up. As neither of the Kentucky buyers is a butcher both are forced to take less for their cattle and pay more for fresh meat on account of the great strike. Cattle on foot are at a hundred lower than when the strike began.—Courier Journal.

A SWEET BREATH

Is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick of White Plains, Ky., writes: "I have tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you feed and makes the stomach sweet. Sold by Mt. Vernon Drug Co.

A dispatch from Moscow says Gen. Port Arthur will be my tomb." This is taken to mean that the Japanese will be in possession of the city in a few days.

We wish to call the attention of our readers to the announcement of P. S. Brazaman, as candidate for assessor of Rockcastle. He is a son of H. S. Brazaman, and one of the county's very best citizens. Should he be the choice of the majority of the voters at the polls, in him will be found a true and faithful officer.

The gold fever is on again in the Eastern part of the county. Some time ago some ore was found near Goodland, an analysis of which showed the ore examined to be very rich of the precious metal. We understand there are some Eastern capitalists on the ground watching the situation and taking options on lands in that section.

Hon. Charles Metcalf, of Pineville was on Wednesday's train en route to Somerset to attend the convention to nominate a Democratic candidate for Congress in the Eleventh. Although several candidates had instructed for him, he did not go into the convention to try to win the nomination because he did not want it.

If the old line oil companies strike oil in this county, our people will be none the wiser for years. When they make a strike they simply plug and seal up the hole, move to another point and repeat the operation, then leave the county to return afterward when they get things shaped up to suit them selves. If oil is shown here anytime soon it will be by the independents.

Albert Adams, weighman at the tip scale at Lohmatta, was very seriously hurt Saturday. He was standing down in the tip house, and was making an effort to get out of the way of some run-a-way cars when caught by a rope and thrown about 45 feet to the ground. All his ribs on one side were broken loose from the back bone. He was taken to Richmond Saturday night, and was still alive yesterday but has very little chance of recovery.

Mr. W. M. Pope, a former Rockcastle citizen died at his home in Newman, Ill. last week. The Newman Weekly Independent in its account of his death has this to say: "William M. Pope, subject of this sketch, was born in Rockcastle county, Ky., 1822. He departed this life Aug. 12th, 1904. From 1828 to 1850 he resided in his native State. In this year he came to California and engaged in the mining operations of that State and remained there for two or three years and then returned to his native State Kentucky. In 1864 he moved to Illinois and settled in the community where he lived at the time of his death.

Samuel M. Burdette, who was well and favorably known by many of the older citizens of this place and throughout the county as well, died at Junction City Tuesday of a complication of diseases, where he had come about six weeks ago from Chicago for his health. The deceased was born fifty years ago in Putnam county, Ky. He read law under the late Hon. J. Van Winkle at Danville, and in 1828 was elected County Attorney of this county on the Democratic ticket, although the county was overwhelmily Republican. Several years later he became a member of the Courier Journal staff and stated that time he had been engaged in newspaper work in different cities. He was a writer of great ability and for several years occupied a position on the editorial staff of the Chicago Times-Herald, and was at one time a Washington correspondent.

For some time past, Mr. Burdette's death had been a member of the editorial staff of the Chronicle.
