

U-G BAKER KING OF LOW PRICES

I Have Many Times Thought

How enormous our trade would be, providing all the people really knew what an up-to-date stock we carry--and how very cheap we sell them.

CLOSING OUT?

Never; but we will give you much better prices than any concern that advertises "at cost."

SAMPLE SHOES.

Our great sale of mens and ladies' sample shoes still continues. Prices at least 25 per cent. less than Manufacturer's cost.

Men's Sample Hats.

We have a good stock of 25, \$1.50 and \$1.75 hats at the astonishingly low price of 12c each. Don't miss this great sale, you may never see anything like it again.

Sample Clothing.

200 boys and 200 men's suits at less than cost to make. We bought these suits at a large sample sale and can positively sell you clothing at about one-half the regular price. Men's suits start as low as \$2. Boys' suits as low as 75c.

Best Calicoes.

3,000 yards of Allen's best calicoes and 4 percales--while they last at 4c a yard. Full bolts, new patterns and up-to-date calicoes. We hope our lady customers will come early and take advantage of this heretofore unheard of price.

Summer Dress Goods.

We will offer all the new things in summer Dress goods at about one-half the regular price. These goods, of course, have to be seen to be appreciated.

If we used all the space in this paper we could not begin to tell you all the bargains we have to offer. Come early and get choice selections.

Best calico at 4 cents a yard. What do you think of it?

U-G BAKER KING OF LOW PRICES

HOT SPRING, N.C.

Judge Morrow arrived Saturday, last, and is coming. I thought and I went down to the Pool of Sloom Monday, dipped in the rejuvenating waters, a pool of considerable size (3 or 4 acres) and just hot enough to be comfortable. Dr. Peck, stand with us until we were taken to the sweat box, put on a coat or coat covered with blankets and there I, not Thom, lay for half hour sweating and cooling off. Then to the sitting room...

We saw many invalids, mostly rheumatic sufferers, from different parts of the great country, some on wheels, some on crutches, some by friends and others going it alone. From what I learn from the attending staff, these waters are neither so hot or powerful as the Arkansas waters, but possess the same or as high curative qualities.

I read a short paragraph in the Signal of last week, telling the public in general that a teacher's institute had been in session at or rather 3 1/2 days at the capitol city of Rockcastle. When I began my career as a teacher (30th March 1873) 32 months or 60 days was the length of term, much less than \$1 per capita was the public pay. The school houses in most cases were log cabins without ceiling or loft; big open fire place, backless benches strung round the wall, big and little alike, very little light or ventilation except the door, and sometimes a long window in the rear end of house made by cutting out a log in front of which a wide plank was put, intended to serve the whole school as a writing desk, but more frequent...

Here in this prison of guard-house from 7 a. m. till 5 p. m., with only short intermissions, armed with a H. B. speller, the most fortunate pupils got 3 to 10 weeks, and some of them made marvellous advancement in the 4 most prominent branches, spelling, reading and we learned to read from the speller when I was 7 years old, and I learned to write, and sing, and to copy, and to do high key work with the spirit, though not much understanding of melody. And some of them may seem to be surprised, very much surprised, to find here many of our best teachers graduated with help of the nine knot and old grade book during long winter evenings without help at home. We soon had a corps of teachers under Counts, Reeves and Dr. Brown, that delighted in teaching as a profession and they (the majority of them) were not only more efficient, but they had less system, and did more work and I must say to our credit, they had better schools. These pupils made more rapid advancements. Now there are teachers in this county who are nearly all on the level of these days were (saves), but I will not pretend to place men above ladies as teachers. The majority of our lady teachers are on the level of these days, but in those days the teacher was generally chosen for his eternal fitness. The institutes were well attended by efficient teachers for \$5 per day and loss of outside help gratis, so our week thus spent was a regular love feast and each teacher left for home saying: "It was good to be there." Since then we paid a Prof. \$17 per day who put in two whole days on Psychology (large part of why did he not) and the large majority of the teachers were not benefited one iota but worn out with the other two and half days were worth but little to them. In our first institutes our instructor began with something practical how to teach how to govern.

PONGO.

Married on Thursday, July 12, at London, Laurel county, Miss Lula C. Dyer and Mr. Frank Brady. Miss Dyer is one of Rockcastle's best teachers and Mr. Brady is deputy Sheriff of Pulaski county. May their pathway through life be strewn with roses, minus the thorns of adversity is the wish of their many friends. Dr. Walker Owens was called to Acorn Sunday to see Mr. G. W. Morgan, who is seriously ill. Dr. Owens has quite an extensive practice, practicing over parts of Rockcastle, Pulaski and Laurel.

Mr. and Mrs. Dock Norton, of Skeggs creek, were the guests of Mr. and Mrs. George Bowman Sunday--Mr. I. N. Grabel has just returned from a visit to homefolks, at Hankins--Oats harvest is over but we had to do our work between showers--Starks school began last Monday with Miss Althe Owens, of Brodhead, as teacher.--There was quite a crowd met at Walnut Grove Sunday to practice singing. Several of the class contemplating going to the singing contest which is to be held near Sayers school house the 23rd Sunday in July.--Mr. Luther Hays is sick with rheumatism.--Farmers are still busy, etc. In this section, the heavy rains during the week have been their work--Blackberry and huckleberry picking seems to be the chief occupation just now, especially among the women.

BRODHEAD. Mrs. M. B. Sain, of New Hope, is visiting her parents, J. W. Hutcheson, Misses Maud Watson and Liza Pise will leave Friday night for Nina. A crowd of youngsters had a picnic in Frith's grove last Saturday, chaperoned by Mrs. Annie Owens and Mrs. Swinford. One of the swellest events in Brodhead's society circles was the birthday party at Dr. P. Benton's in his palatial home, "Willie Oakland" Friday night July 14, 1905, the party being given in honor of the son, Horace, who is now entering upon the life of a free man, he being 21 years old July 14. Here's wishing that we may again have the privilege of going to that happy home. Those who registered were Misses Corrie Frith, Maud Foltz, Lyda Hilton and Florida R. Arts, and Messrs. Robt. G. Wilmon, Fred L. Durham, C. Len Taylor, C. C. Hurt and Ora Frith. It was given up by those present to be the finest ever attended. The beautiful home was decorated with ferns and sweet peas. Neither time or expense was spared in arranging the spacious parlors. At the proper hour supper was announced and to say the table was laden with all the good things to eat, would only be putting a light phase on it. Let it not be long till we can again have such pleasure. About 12 in the crowd began to leave and at 11:30 we were sorry to leave would not express it. Here is hoping that Horace will make a man, that his parents, brother and sister will be proud of, and he is made of the right kind of stuff to be one. Gene Mausner, of Lebanon, was visiting H. L. Tharp first of the week.

THE DIAMOND CURE. The latest news from Paris, is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vancouver, Tenn. "I had a cough for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequaled quick cure for throat and lung troubles. At Mt. Vernon Drug Co.'s drugstore, price \$5 and \$1, guaranteed. Trial bottles free. In consequence of the privileges offered to new industrial undertakings establishing themselves at Maple, several from works are being erected there. The Terrier Italiane is about to build a blast furnace, and the Miland Silvestri is building branch works for making railroad materials.

BUY IT NOW. Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly--you will need it quickly. Buy it now. It may save life. For sale by all druggists. Disease takes no summer vacation. If you need fresh and strength use Scott's Emulsion summer as in winter.

PURCELL SISTERS, July 21-31. Brodhead, Ky.

The U. S. Department of Agriculture has just issued an interesting bulletin which explodes the old story about adulterated worms or hair worms, are poisonous and when eaten in cooked cabbage are the cause of death. Rumors of persons being poisoned by eating cabbage affected by this hair worm were magnified until a genuine scare pervaded the ranks of cabbage eaters all over the State.

The result was that the cabbage growing industry was paralyzed, and the falling off of custom was the severest blow the truck gardener of the State ever experienced. The department of agriculture, after a long series of experiments in feeding the cabbage snail worms raw and cooked rabbits, guinea pigs and other animals, and injecting the juice of the worms hypodermically, declares that none of the reports have any foundation in fact, and that the worms are perfectly harmless.—Ex.

It is the duty of every Rockcastle citizen to lend his assistance to any and every enterprise started in the county. The Rockcastle County Fair is a county institution, which has materially in the past benefited the county in many ways and will be a greater benefit in the future, if the citizens of the county will only lend their influence to make it a success. Because it is the equal of some fairs held in the rich blue grass counties, is no reason why our citizens should not patronize it, but the very reason why many, who have been continually throwing cold water on it, ever since it started should come to a halt. One of the greatest drawbacks to our county is lack of interest in those things which will help the county. The premiums offered this year are exceedingly liberal, every thing considered. We urge upon our people the importance of standing by the fair people and helping make the institution a success.

The Brodhead Fair Aug. 16, 17 and 18.

The Crab Orchard Masons will lay the corner stone for their handsome new lodge rooms on July 25, at 3:30.

J. I. Drew, the Coopersburg merchant, has gone to the wall. We have not been able to learn the exact amount of his liabilities, but we understand from reliable source that he will be able to pay only a very small per cent. to the dollar.

Mr. Hiram Lay, age about 65 of Pioe Hill, was taken very ill while eating his dinner, and for several hours was a raving maniac. It is thought to have been caused by dropping a small amount of cathart medicine in his ear. We are glad to report him much better at this time.

Mrs. Annie Smith, who used to be Miss Annie Hysinger, and Mr. George Rogers, a widower and well to do farmer of near Wallaceston, Madison county, were married yesterday afternoon at the home of Mr. and Mrs. J. W. Parsons, Rev. J. C. Carmichael officiating. They left on the 1:24 train for their new home.

Only three committeemen out of eleven responded to the call of the chairman to meet in Mt. Vernon on last Tuesday. Those present were, W. M. Poynter, W. Mt. Vernon; R. P. Norton, E. Mt. PURCELL SISTERS, July 21-31. Brodhead, Ky.

The U. S. Department of Agriculture has just issued an interesting bulletin which explodes the old story about adulterated worms or hair worms, are poisonous and when eaten in cooked cabbage are the cause of death. Rumors of persons being poisoned by eating cabbage affected by this hair worm were magnified until a genuine scare pervaded the ranks of cabbage eaters all over the State.

The result was that the cabbage growing industry was paralyzed, and the falling off of custom was the severest blow the truck gardener of the State ever experienced. The department of agriculture, after a long series of experiments in feeding the cabbage snail worms raw and cooked rabbits, guinea pigs and other animals, and injecting the juice of the worms hypodermically, declares that none of the reports have any foundation in fact, and that the worms are perfectly harmless.—Ex.

It is the duty of every Rockcastle citizen to lend his assistance to any and every enterprise started in the county. The Rockcastle County Fair is a county institution, which has materially in the past benefited the county in many ways and will be a greater benefit in the future, if the citizens of the county will only lend their influence to make it a success. Because it is the equal of some fairs held in the rich blue grass counties, is no reason why our citizens should not patronize it, but the very reason why many, who have been continually throwing cold water on it, ever since it started should come to a halt. One of the greatest drawbacks to our county is lack of interest in those things which will help the county. The premiums offered this year are exceedingly liberal, every thing considered. We urge upon our people the importance of standing by the fair people and helping make the institution a success.

RESOLUTIONS OF RESPECT

Whereas: On June 6, 1905, the Supreme Architect of the University has called from labor here to refreshment in the great beyond, brother J. H. Albright;

Resolved: That the members of Brodhead Lodge, No. 266, F. & M., extend their heart felt sympathy to the bereaved family, believing that our mutual loss is his gain;

Resolved: That these resolutions be spread on our records, published in the Masonic Home Journal and Mt. Vernon Signal and a copy sent to the family of our deceased brother.
