PERSONAL

Miss Rilla Hiatt is with relatives in Knoxville.
C. D. Sutton is in Western Ky. on business.
Judge L. W. Bethuram is in Louisville, Frankfort and other points.
Logan Taylor is acting private secretary to App Taylor, supervisor Livingston.
Mrs. W. H. Cox has been numbered among the sick for several days.
J. G. Anderson has been confined to his room for past week from an attack of the grip.

Jim Cooper the popular young "Candy Man" of Knoxville was here during the week.
Mr. and Mrs. George H. Smith, of Livingston, Mont., are visiting their cousin, Mrs. E. B. Brown.
A. B. Furnish is greatly improving his residence recently purchased from Mr. J. C. Taylor.
Tom O'Mara, who has a splendid position with an Electrical Co., of Evansville Ind., is here for a short visit.

Butch McClure, who has been here for a few days. Butch has made good.
John W. Brown expects to visit the Lone Star State in the near future where he has valuable interests.

Miss Cora E. Griffin will leave Sunday for Bowling Green Business University to take a course in Bookkeeping.
W. H. Fish, the prince of young merchants, went over to Willie the first of the week to see his cousin, Dr. Jones.

Mr. and Mrs. M. C. Williams, after seeing their mother well on her way to Cincinnati, left on Monday afternoon for their home in Somerset.

Mr. J. W. VanWinkle closed his school on Skeggs Creek on last Friday. His work was very successful and the people have been well pleased with his efforts.

Jack McCall, of Franklin Penn., who is visiting his mother, and other relatives in the county, was here Wednesday, shaking hands with old friends and acquaintances.

Dr. W. A. Jones was brought over from Gibson Infirmary to his father's home at Wildie last Sunday where he is rapidly improving from the effects of his recent injury.

Nelsie Griffin and his wife are dangerously ill with typhoid fever at their home at Conway, but slightly improved over a few days ago. Their son is also down, but not so sick.

F. T. Parks, who has traveled for J. P. Frank's Grocery Co., Danville, was here Monday on his last trip for the house he has been traveling for for the past ten years. He will establish a business of his own in Danville in shoes and gent's furnishings goods. Mr. Parks made many friends in the territory he worked over.

Mrs. Mary Williams was on last Monday taken to the Good Samaritan Hospital, in Cincinnati, where her children and local physicians hope she can find some relief from her intense suffering. She had to be taken on a cot and is in the care of the people that she may return in splendid health. Dr. A. G. Lovell, Mr. C. C. Williams and Mrs. Clet Brown accompanied Mrs. Williams to the hospital. Judge and Mrs. Williams preceded the day before to make all arrangements for the coming of Mrs. Williams. Specialists I read with Dr. Lovell as to the history of the case and will treat her while she is in Cincinnati.

"STAR BRAND SHOES ARE BETTER"

I know this from experience that only good, solid leather goes into them. The manufacturers of "Star Brand" Shoes, the Roberts, Johnson & Rand Shoe Co., of St. Louis, Mo., are doing their best to get a Pure Shoe Law passed which will protect you from dishonest shoes.

They alone are making this fight for a Pure Shoe Law. No other manufacturer is helping them.

MY STOCK OF "STAR BRAND" SHOES IS COMPLETE AND I WANT TO SHOW YOU.

COME, Look or buy. You'll be just as welcome in either case.

NO OTHER STORE IN ROCKCASTLE COUNTY SELL "STAR BRAND" SHOES.

LOCAL

Jan Marek says bring his wheat-stone home if you are thru with it.
"Star Brand" shoes are the shoes for you. Get a pair today at Fish's.

Sanford Coffey is smiling over the arrival of a new girl at his house.

Fritz Krueger has an old Bible printed in Nassau, Germany in the year 1666 which makes the age of the book 244 years.

New Phantasies. Chas. B. McKenzie, residence No. 70; Mrs. Fishback, residence No. 40; Prof. T. A. Houston, residence No. 59.

Rev. M. R. Bailey, of Petersburg, Tenn., will preach at the Baptist church the fifth Saturday evening, and Sunday. Come and hear this brilliant speaker.

Rev. I. T. Watson, of Lexington who conducted a meeting at the Christian Church last summer will preach here Sunday morning and evening the 29th at the Christian Church.

In tearing down the old section house on corner of Main and Richmond streets, Fritz Krueger found a piece of the window casing in a large pocket knife when opened it measured thirteen inches in length. It was in a good state of preservation and had been held up in the window casing more than forty years.

The celebration of the Lord's Supper will be observed in the Presbyterian church next Sunday morning. The Pastor's sermon on "What are the Duties of Church Members?" will be a message for church members of all denominations. Special music is being prepared for this service. Come.

Dr. Frank Chubb, the Synodical Supt. of the State will speak at the evening services on Home Missions. A splendid address and a strong message is assured.

The Social meeting of the Women's Club will be at the home of Mrs. Watson, Friday evening. All members requested to be present.

PROGRAM

1. Instrumental Solo. Miss Dodson
2. Paper. History of Good Roads.
3. Trio. Miss M. B. Williams
4. Miss Maxwell, Mrs. Anna Miller and Miss McCord
5. Report of Good Roads Convention.
6. Judge L. W. Bethuram
7. Solo. Miss Maxwell
8. Good Roads Discussion.
9. Solo. Mr. Victor Tate
10. "So, Chasity Payne, who is the right man in the right place, was in town the other day and will be back here in a few days in favor of improving our highways."
11. Re-ays: "There should be a clock on the County Court House for the benefit of all the people who come to town; that the Place Court in all other Counties provide one for the Court House and as it is so very important should be given the highest priority."
12. Having one clock on the County Court House in the county.

REMEMBER the Town's motto, "Do it for Mt. Vernon!"
Rooms for rent, with or without board.
Mrs. L. B. Adams

Examinations for Common school graduates will be held at the County Supt. office on Friday and Saturday January 27 and 28th.

There will be an old Fiddler's contest at the Court house on Wednesday evening Feb. 22. There will be some of the best old time fiddlers in this and adjoining counties to take part.

In the building up and beautification of any town, many obstacles are to be overcome and our people should be faithfully and harmoniously with a determination that the town and county must improve.

On Friday of next week, a Penny Social will be held in the Presbyterian Church for the benefit of the Repair and Improvement Fund. All persons having penny slips filled are asked to hold them until the time of the social.

The Woman's Club ask that those who have borrowed articles from the Reading Room over Mr. Adams store return them to the Secretary, Miss M. B. Williams, who will see that the owners receive them. The missing articles are, one Rochester lamp, two sofa pillows and one coal oil lamp.

A few enterprising people have already put up street lights in front of their property, with others yet to follow. It is now up to the Town Board to install a few lights on some of the dark corners. The board will be asked to take action at its next meeting and we trust the board will consider the matter favorably and respond to the call. We need the lights and some are sufficiently determined to have them. But they are having the lights put in at their own expense.

The Woman's Missionary Society of the Presbyterian Church will meet at the house of Mrs. Willis Adams Saturday afternoon, January twenty-first at three o'clock. The following program will be given:

1. Hymn.
2. Scripture reading.
3. Prayer.

IMPORTANT TO AMBITIOUS YOUNG PEOPLE.

\$65.00 has paid for the tuition and board for a Business Course at the Wilbur Smith Business College situated in the beautiful and beautiful city of Lexington, Ky. Many of the graduates of this College have positions paying from \$75.00 to \$300.00 per month. No vacation.

"THIS JARRETT" At 7:30 this morning, Rev. Father M. F. Callan performed the ceremony which united in marriage Mr. George Teis of this city and Miss Vera Jarrett of Aztec. The bride was handsomely attired in a dainty dress of white silk, elaborately trimmed with all over lace and embroidery. Her bridesmaid, Miss Lizzie Reel, wore a cream net dress over cream silk. Mr. Charles Reel was best man. The groom, of course, looked his best in the conventional black. After the ceremony which was solemnized in St. Columba's church the wedding party and their guests repaired to the residence of Mr. and Mrs. B. A. Cordellus, where a dainty wedding breakfast was served and the newly wedded pair received the congratulations of their friends.

This morning Mr. and Mrs. Teis left over the Southern for their honeymoon. During their absence congratulations and best wishes for a happy and prosperous future. —Durango (Colo.) Herald.
Mrs. Teis is a daughter of the late L. L. Jarrett, who died in New Mexico some five years ago. She is a sweet, lovable young lady, who claims many friends in Rockcastle. The young man who has won her is a prominent clothing merchant of Durango, Colo. May their lives be one of happiness and contentment.

BROWN MEMORIAL SCHOOL

Brown Memorial School opened Monday, Jan. 9th, with an increased attendance.
Among the new-boarding pupils are Miss Winnie Falls and Christine McCerron, who were in school last year, and Miss Lella Mae Hunt, of Mareburg, and Ruth Report, of Orlando.

Those who have entered as day pupils these Christmas are Misses Tabitha Eliza, Sarah Eliza, Eliza Fish, Annie Mae Miller, of Mt. Vernon, Miss Mary Price, of Pine Bluff and Willie Goffe, of Mt. Vernon. We are glad to welcome all these students.

The class reciting the common school lessons began at the first of the term and each individual is doing his best to learn. Special attention is being given to the recitation of the lessons.

the last term of the senior year devoted to review of the common school branches, accordingly the members of the senior class, Misses France, Forbes, Blanche Crawford, and Clyde Watson are taking this review and with them six others, Misses Ella Carson, Viola DeBard, Winnie Ealin, Daisy Fish, Lella Mae Hunt, and Mary Price. Others are taking part of the review work so that some classes number as many as 20.

These classes take our seating capacity to the utmost, and make evident that we must have larger classes next year, but by careful management on the part of the teachers, care on the part of the students, and good nature on the part of all we are getting on beautifully in our crowded quarters. This is not saying we will not gladly welcome the new building which we hope will be possible at an early date.

In order to take care of the extra work of the revised classes, and also to strengthen the work in the housekeeping department it was necessary to add to and make changes in our teaching force.

Miss Mary Clarkson, of Rodgersville, Tenn., who comes to us highly recommended, has been secured as teacher in the Academic department, and Mrs. W. T. Crawford has been engaged as assistant matron.

We were glad to welcome Jack Fish and Pannie McCerron back in the Kindergarten.

Miss Sadie Richards is assisting Miss Maxwell in the Kindergarten.

Miss Ruth Report has been added to the list of music pupils, and we hope soon many others will avail themselves of the opportunities offered by our excellent teacher, Miss Claudia Dodson.

Scott's Emulsion

Is a wonderful food-medicine for all ages of mankind. It will make the delicate, sickly baby strong and well—will give the pale, anemic girl rosy cheeks and rich, red blood. It will put flesh on the bones of the tired, overworked, thin man and will keep the aged man or woman in condition to resist colds or pneumonia in the winter.

On Monday night, January 23, Boone Lodge No. 1, I. O. O. F. of Louisville will give all Odd Fellows within reach of Louisville one of the greatest treats that has been given in this section for many years.

That night the 1st degree will be given to 100 candidates in the Armory at Sixth and Walnut Merriek Lodge No. 31 of Lexington, Kentucky by its degree team, will do the work. This team has gained a national reputation for good work in this degree. Every Odd Fellow Lodge in Kentucky and Southern Indiana has been invited and it is expected that fully 4000 members will be present. Special arrangements have been made with the Railroads and Transportation lines so that every member who wishes to attend can do so.

GRANDS SIRE COCKBURN AND W. H. LANTON, GRAND SECRETARY OF INDIANA WILL BE PRESENT. All the Grand Lodge Officers of Kentucky have been invited and will be present. Boone Lodge is the oldest lodge west of the Appalachian Mountains, having been established February 10th, 1831, by Grand Sire Wilder, the founder of the order. From Boone Lodge came all of the older lodges in Louisville.

Boone Lodge also established the order in Indiana by instituting New Albany Lodge No. 1 in New Albany.

For these reasons Indiana members are particularly interested in this meeting, feeling that in the true sense, the Mother is calling her children home.

THE MOODY BIBLE INSTITUTE, AFTER TWENTY FIVE YEARS BY HOWARD W. POPE

D. L. Moody was once seen standing in a vacant lot in the rear of the Moody Church with his head bowed in prayer, and being asked what he was praying for, he said that it was for money with which to erect a building for a Bible Training School. This prayer was answered in part by the erection of the present men's building. Continued answer was given in the purchase of buildings on LaSalle Avenue for women's dormitories, and will further in the men's new building dedicated February 5th, 1910 and the women's new dormitory which is in course of construction, the outside is now complete and the constructors are busily working on the inside construction in the hope of its partial occupancy by Founders' Day, February 22nd. These buildings born of prayer and built by prayer, have been consecrated by the prayer of nearly 300 students, who have learned the deep things of God, and especially, "The exceeding greatness of His power unto us" who believe. "Someone has said that a box without a fortune is a fortunate box. However this may be, it is certainly fortunate for many young people that Dwight L. Moody was born poor, for it led him to sympathize heartily with every other young man who like himself had small means and large aspirations. NEED OF LAY WORKERS. He early recognized that a considerable part of our religious work must be done by lay workers. He also saw that there were thousands of young men and young women to whom a logical education was impossible, who would have a year of no training in the English Bible, personal work and music might be able to fill many positions of usefulness which their gifts and calling might indicate. This led him to found the Moody Bible Institute of Chicago, which is perhaps the most remarkable combination of practical and practical work that the world has ever seen. It is in no sense a theological seminary or rival of the seminaries. It does not teach Hebrew or Greek, but it has five different methods of teaching the English Bible. The training is so practical and so religious, that hundreds of ministers and theological students come here to supplement their course. Some Missionary Boards also advise all their candidates for the foreign field to spend at least a few months at the Institute. METHODS OF TRAINING. The method is to combine practical training with lectures and study. Mr. Moody, aolog, pre-eminently a man of one book and having achieved his marvellous success with that alone, naturally felt that the English Bible to occupy the first place in the training of men for Christian work. Accordingly the students are required to study the Bible as a "whole" and each of its parts in particular. They are taught to analyze the books and to dissect each chapter so as to discover the principal subject and leading lesson. Furthermore they are shown how to use the Bible in leading men to Christ, and in meeting the various crises which arise in Christian work. Each student has from three to five assignments a week for personal work in jails, missions, Gospel wagon or other services, and they are examined on their personal work as well as on their studies. In this way they get an abundant experience which has no classroom alone will ever give. EFFECT UPON THE STUDENTS. Nothing develops a worker like the reading of the Bible, and if one conducts an open air meeting where everybody reads in a school, or in a church, the best results are

obtained, and actually lead men to Christ he is bound to grow in grace and knowledge and spiritual power. Work like this drives men to their knees, and no student who is living a careless, prayerless life will dare attempt it. This combination of religious work with classroom training is very helpful to the spiritual life of the students, and the result is that the atmosphere of the school is like that of a continuous revival. No object is more constantly emphasized than the importance of courtesy and tact in approaching strangers, or in introducing the subject of religion anywhere. The manner of presenting truth is often quite as important as the matter, and every ambassador for Christ should be first of all a Christian gentleman. The Institute can not furnish common sense of course, but it aids to develop and train the gifts of each student and it is doubtful if any school can show a greater contrast between its raw material and its finished product. THE DISTINGUISHED FEATURE. The Institute has often been called the "West Point" of Christian work. Certainly many Christian warriors have received their training here and have gone out fighting valiantly in the army of the Lord. But it is also a great SPIRITUAL POWER HOUSE. This is shown in several ways. In the first place, the day starts with the Quiet Hour. Then comes public devotions after breakfast, and a general prayer meeting after supper. Furthermore, every lecture, faculty gathering, or business meeting is opened with prayer. Again on Monday mornings special prayer is made for all the donors of the institute, and on Friday evenings for all former students, and on the first Tuesday in each month a whole hour is set aside for prayer by faculty and students. To this should be added the weekly lab-meetings on each floor, and the half-dozen or more weekly band-meetings composed of those who are going to various missions fields, and the group meetings which spring up spontaneously at all hours and seasons. In view of all this, and much more known only to God, are we not justified in designating it as above? GOD STILL CALLING. The number of students is constantly increasing, and we've had so many applications as to present. All over the world God is calling men from the farm and faculty, the office and store, and in some cases from the legal and medical professions, and is filling them with such a passion for souls that secular work no longer satisfies them. Many of our students have made great sacrifices to come here. One student walked eighty miles to reach the Institute and arrived here with fifty cents in his pocket. He graduated as president of his class. A young girl came all alone from Bulgaria, worked her way through Oberlin College, and then came here for training in the English Bible and Music. While here she worked upon an interest among the Bulgarians of this city so that she had an attendance of over two hundred men each Sunday. Last year she enrolled with six hundred and fifty-one of whom (Continued on 4th page.)

The Tenderfoot Farmer. It was one of these experimental farmers, who put green spectacles on his eye and led her shavings. His theory was that it didn't matter what the cow ate so long as she was full. The questions of digestion and nourishment had not entered into his calculations. It's only a "tenderfoot" farmer that would try such an experiment with a cow. But any farmer feels that his cow is the best of his good for the good of his cow. The result is that the stomach grows "weak", the action of the digestive and nutritive organs is impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness. To strengthen the stomach, restore the activity of the organs of digestion and nutrition, Dr. Pierce's Golden Medical Discovery, it is an all-sufficing remedy, and has the confidence of physicians as well as the praise of thousands of healed by its use. In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients are strictly pure and wholesome. Don't let a dealer induce you to his own profit. There is no medicine for stomach and blood "just as good" as "Golden Medical Discovery."

HOW TO PAY ACCOUNTS. By paying bills by Check and not by Currency. Old checks are permanent receipts. Open a checking account with us even if it is small. ANNOUNCEMENT.

We are authorized to announce G. M. BALLARD as a candidate for Representative of Rockcastle and Laurel counties, subject to the action of the Republican party.

We are authorized to announce R. G. WEBB, as a candidate for Representative of Rockcastle and Laurel counties, subject to the action of the Republican party.

We are authorized to announce E. R. Thompson as a candidate for Representative of Rockcastle and Laurel counties, subject to the action of the Republican party.

FOR STATE SENATOR.

We are authorized to announce Senator JOE F. HOSWORTH as a candidate for re-election for State Senator from the Seventeenth Senatorial district, subject to the action of the Republican party.

At the last Good Road Convention in Louisville a strong delegation from Rockcastle represented and participated in the sittings of the convention. At the last Good Roads Congress held in Louisville in last month another large delegation was present. This is a good sign and speaks well for our County and in all gatherings of the State, District or County, we should take an interest and endeavor to have a large delegation in attendance. By that means the delegates themselves become more enlightened and enthusiastic and transmit their information and enthusiasm to those who could not attend.

There will be a State Educational Convention to Owensboro on the 27th and 28th of June. Our Superintendent and teachers should now begin to get ready that at that convention, we also might have representation. We call the attention, by this means, of the educators of the county in order that an interest in this important gathering might be aroused. Great reforms are brought about through organization.

There are three candidates in this county for the legislature, which would be an important session. We wonder what they think about the good road bill prepared by the State Congress in Louisville last month, which will be presented to the next Kentucky Legislature. The people want to know.

Are you talking up the schools in Mt. Vernon? Are you doing anything to encourage them?

The Committee on Highway and Marshall have, within the last ten years, made wonderful strides in improvements. County Judge Wells, when elected, took a bold and aggressive stand with the Fiscal Court that the highways must be improved and pointed out the way by which it could be done. It was known as the "half way plan. And when any community of citizens in the County would advance half of the money, the highway would be improved. This was the beginning of good roads in Caloway and Marshall. The work is now being kept up systematically and in a few years more all the important highways will be in a state of substantial improvement. Each year the farmers and business men have become more enthusiastic in their desire to get out of the mud. By reason of better roads, the farmers are improving their farms and their stock. Their buildings are made better and more beautiful; they are wearing better clothes, raising more and better crops and with it all are putting more money into the banks. Practically all of these things are due to the improved roads and agricultural progress. We hope to see Rockcastle county soon have an aggressive County Board as well as an Agricultural Association.

The people of Mount Vernon and Rockcastle have a better opportunity for reading than ever before. We have a splendid public library at the Langdon Dormitory in charge of a competent person, who will be glad to let out the books, free of cost, for a limited time, and you get to do so to go and make the request. Some of the most entertaining books that can possibly be found are in this library. We call the attention of the people to this fact that they might take advantage of such a splendid opportunity.

While the papers in the "Blue Grass," "Purchase" and "Penneyrill" are talking about politics the papers of eastern Kentucky should keep right on boosting this part of the State and inviting capital to invest among us. We encourage the construction of better highways and the improvement of our schools. A continued agitation of those important questions will make the eastern part of our State the most valuable section of Kentucky.

There are three candidates in this county for the legislature, which would be an important session. We wonder what they think about the good road bill prepared by the State Congress in Louisville last month, which will be presented to the next Kentucky Legislature. The people want to know.

Are you talking up the schools in Mt. Vernon? Are you doing anything to encourage them?

The Town Council Trustees need money that more improvements may be made. He is said to be the credit of our County and City officials that they have a broader conception of their duty to the people than ever before. They are the promoters and builders of all public improvements. They can be of great advantage because of their great power and authority, to any community, or they can be a great drawback and handicap. Our present officials of both county and city, however, are waking up to a proper realization of their powers under the law and restrict themselves in general improvement, but this cannot be done without money, no more than you can run your home and maintain your family without money. Some method should be adopted by which money can be put into the City Treasury and through the City authorities put into public improvements. Every fine that can possibly be made should be assessed and collected. Every ordinance with reference to the collection of fees should be strictly enforced. At this time the City has no regular license system, but one should be adopted by which all classes of business and professions should be collected and much more good accomplished.

MT. VERNON has some good men. Why don't they take more interest in building up our community?

Good schools, fine streets and side walks, and splendid public buildings, together with an aggressive people constitute the very backbone of any community. Busy should we be to assemble in harmonious meetings for an earnest discussion of questions which effect the welfare of Mt. Vernon as well as Rockcastle, for growth of Mount Vernon depends to a certain extent upon the progress made by the county. But the "City Dads" can set a healthy example.

This question is sometimes asked what will Rockcastle do for McCreary? The answer comes quickly almost a solid plianax for the Grand Old Statesman. The democracy of Rockcastle wants to see a man nominated who can lead the party to victory in the final race, and McCreary and not Johnson is the man to do it.

A big mining corporation paid \$20000 for twelve acres of level land on Elkhorn Creek in Eastern Kentucky. Their is no doubt but what the land of this section of the State is increasing in value, because the people are taking more interest in the cultivation of it.

Six boulevard gasoline lights would illuminate Mt. Vernon. The cost of maintaining them is very small indeed.

BOILERS BURST ON DELAWARE

Eight Scalded To Death Eighteen Injured

OFF TREACHEROUS HATTENETS

Ships Paying Honor to Chill Have Surfer's Death. There Was No Escape for the Men Who Worked in Small Space.

Norfolk, Va.—Eight dead and 18 injured tell the story of an exploding boiler on board the battleship Delaware. The accident happened while the big ship was making her way up the coast, in the teeth of a blinding snowstorm.

The Delaware was just rounding Hatteras, the "graveyard of American shipping," when one of her four boilers burst, the steaming hot water scalding the men like a sudden cloud burst and scalding them to death. That only eight men were killed is due solely to the fact that most of the floor crew were working around the other boilers.

Capt. C. A. Dove, commanding, ordered the ship under way for head of steam, and the race for Norfolk was begun.

Three backboilers blew out explosively, killing eight and injuring one, who will recover by the time he gets on duty in the infirmary. Board of officers appointed immediately to investigate and report.

One peculiar incident in connection with the explosion is that all ships ordered to take home the body of the Chilean minister, who died in Washington recently, have met with disaster.

SUBMARINE SUNK.

Test of Modern Appliances Proved Satisfactory to Officers.

Kiel.—The sinking of the German submarine "U 31" in the harbor gave the submarine and the new salvager vessel Vulkan an opportunity to demonstrate their worth, which they did to the satisfaction of officers of the navy, who witnessed the operations.

The "U 31" carried a crew of 25 men all of whom were aboard when the water tanks filled accidentally and the boat sank to the bottom and became securely lodged in the mud. In three hours the boat was brought to the surface and the crew saved.

Heard Laid Bare.
New Orleans.—After digging up a grave two inches long in Edward M. Jones' left lung, surgeon says he has a better chance to recover. Makone was stabbed, the knife cutting a rib which the heart beat only once it pulled away from the instant. The heart-beat was in plain view while the physicians were killed on the wound.

Seven Killed by Cavalin.
Silver City, N. M.—Cavalin caused the deaths of seven persons near here (on the ranch of Francisco Cabeles, who had been working on the ranch) and his wife and four children perished. A similar accident to a Santa Fe construction force killed Charles G. Ross.

Diplomatic Change.
Washington.—Although the legislature has not officially advised of the fact, it is reported that Dr. Francisco Carreras Junco, the Cuban minister, will not return to Washington when he leaves in the course of a few days for Havana, but that he will be succeeded by Senator Antonio Marti Rivero, president Cuban minister to Mexico.

OIL PRODUCTION.
This Country Now Supplies Two Thirds of the World's Petroleum.

Washington.—The year 1910 was sufficiently eventful in the development of new oil supplies in the United States to more than keep up the country's phenomenal production of the last three years. In fact, the production increased to over 200,000,000 barrels, which is two-thirds of the world's production and an enormous tonnage more than the whole world produced seven years ago. The most striking developments were in California.

KEAN ELECTED.
Will Represent Indiana in the United States.

Indianapolis, Ind.—John W. Kean, former Indiana legislator, has been elected to the United States Congress. He is a member of the United States House of Representatives.

Burton Averts.—Advises that the Married Girls and Boys of the County, respectively the president and vice president of the County, have been elected by the Board of Supervisors. The board has advised the president.

Declaring that the adoption of the amendment to the Constitution providing for the election of United States Senators by a direct vote of the people would annul the Fourteenth Amendment and make possible the disfranchisement of negroes in the South, Senator D. New Saturday gave out an interview strongly opposing the legislation as now proposed.
