A special from Frankfort Sunday last says: "Should the Mexican situation call for volunteers among the States, Adjt. Gen. J. Fandy Ellis said to night Kentucky would have about 2,400 men from whom to pick." He said the military organization in this state is fairly well officered and the regiments were remarkably full for peace times. Field equipment is what is needed most, should a call be made. Gen. Ellis said, none of the members of the Kentucky regiment would be obliged to go to the front, under their enlistment. Volunteers would have to be called for.
The city of St. Louis pays into the Missouri State Treasury more money than is spent in or for the direct benefit of St. Louis by the state government, and some people in St. Louis have complained. Louisville has done the same thing for years in Kentucky and the United States.
The city of St. Louis has \$500,000 rated in Louisville and was the state school tax, approximately \$220,000 goes to school purposes in poor counties, and the same principle holds true with the other parts of the state, with the one exception of the state which is going to make into one state is clearly stated in the state's permission to petition. Hoe. E. Bullock has returned from Knoxville, where for the last six days he has represented Laurel and Rockcastle counties in the lower branch of the Legislature and did it with credit to his district and honor to himself. It has been several years since this district sent a man to the Legislature, who worked more faithfully, stood better among the other members of the General Assembly and come out with a better or cleaner record, than our own "Tub" Bullock. He voted right on every question.
Mr. and Mrs. Joseph Sampson, of Barbourville, Sunday last, celebrated their sixty-fifth wedding anniversary with a reception at which were present a large number of local people and relatives from neighboring towns. Children present, included Louis D. Sampson, a New York newspaper man; Joseph Sampson, a contractor, of Sioux Falls, N. D.; Judge E. D. Sampson, of the Thirty-fourth judicial district; Mrs. Joseph Lotmon, and Mrs. F. R. Garner, of Barbourville. The fifth generation was presented by a little great-grand grand daughter, Miss Jones, of London. Mr. and Mrs. Sampson, aged 93 and 95 respectively, are in the best of health. Mr. Sampson is a retired farmer and a bank director.

IN MEMORY OF MR. LOGAN LONG
On March 21st, just as the early dawn revealed the fresh morning light, the angel of death came unclaimed as its victim the devoted husband and father. He had been sick only a short time with that dread disease, consumption, which takes away many of our godly souls. His suffering was justly borne. If he had at some in the community in which he lived, no one knew it. He was thirty-nine years of age. Besides his loved companion and three little children, he leaves a father, two sons and one brother to mourn his loss. The remains were laid to rest at Providence cemetery, Tuesday at eleven o'clock, to await the call of the last great day. In his death the wife has lost a devoted husband, the children a kind and loving father. We extend to the bereaved much sympathy.
A FRIEND.

TERRY MONT,

March 8, 1916.
To my many friends in Rockcastle county, Ky.
I left Brodhead, Ky., Feb. 16, 1915, 11:30 a. m.; arrived in Terry, about 21st, 5:40 p. m., with my family and am now living in this town. I found a homestead of 19 acres in the Powder River Valley, in the west of Terry and 32 miles south from Blountford depot and filed on it in the branch office here at Terry. I received my papers from the General Land Office of this district, located at Miles City, Feb. 29th. Will say myself and family are all well and well satisfied with our move from Kentucky. The weather has been fine since we have been here. It has been cold but the air is dry and one does not feel the cold like they do in Kentucky. This is a nice country and Terry is a fine town to live in. It is just two years old and the county seat of Butler county contains 640 residents. The U. S. & St. Paul and the Northern Pacific Railroad crosses here and we have twelve passenger trains a day, six going west and six going east, also a train coming west loaded with emigrants looking for homesteads. The free lands in Oklahoma are being taken up fast and it won't be long till free government land will be a thing of the past. All the necessities of life are cheaper here than they are in Kentucky. Side issues in 12 cents per pound, hams 10 cents, large onions, 10c per hundred pounds. Apples are 5c. That about the same as at \$7.00. I will say to my friends in Rockcastle county for the signal and keep in close touch with me and I will

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

JATARRHAL DEAFNESS CANNOT BE CURED BY LOCAL APPLICATIONS, as they can not reach the diseased portion of the ear. There is only one way to cure catarrhal deafness and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless this tube is restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces of Hall's Catarrh Cure acts through the mucous of the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All druggists, 75 cts. **DR. J. C. HALEY & CO., Toledo, O.**

EXTRA SESSION RESOLUTION

Requesting Governor, To Issue Call for Taxation Legislation

PRESENTED TO SOLONS

Closing Hours of General Assembly Finds Legislators on Duty Day and Night. Woman Suffrage Put on Shift.

Frankfort, Ky. (Special)—Resolutions have been presented both in the Senate and in the House requesting Governor Stanley to call a special session of the Legislature to pass a revenue and taxation bill. The resolution was offered in the Senate by Senator Speer, an administration leader who declared that such a bill could not be considered and passed in 30 days. A limit of 30 days is suggested in the resolutions.

Woman Suffrage was in the Senate when that body passed the final equal suffrage bill, 26 to 8. It was killed in the House when the Representatives, by a vote of 46 to 40, refused to adopt the motion of Representative Hobbs to put the bill on the passage. Several efforts have failed in the House to bring the bill out of the committee's hands and it is now certain that this amendment will pass at this session.

Such incidents add to the attempt to split Mr. Cline and the investigation of Representative W. M. Webb, the charge of a chamberlain's allegation of a representative Joseph Phelan, the charge of a chamberlain's allegation that a lawyer that is distinguished in the House, and the charge of a chamberlain's allegation that a lawyer that is distinguished in the House, and the charge of a chamberlain's allegation that a lawyer that is distinguished in the House.

All Senate bills that have passed have been given a hearing in the House, which put the Senate bill in its proper perspective. The House has passed twice as many bills as the Senate.

Senator Zimmerman bill providing for the appropriation of \$50,000 to pay one half of the claims for the State killed in the first world war. The bill passed the House by a vote of 46 to 40.

The House concurred in a Senate amendment to the Green bill appropriating \$5,000,000 for the construction of the Kentucky University Commission. The bill passed the House by a vote of 46 to 40.

The House concurred in a Senate amendment to the bill providing for the appointment of a clerk of the Police Court in each of the second class cities in this State.

Who Hold State Convention in Louisville—Closing Days of Legislature a Scramble to Pass Bills.

FRANKFORT, Ky. (Special)—With the Rules Committee in charge of the bill in both houses of the Kentucky Legislature, the closing days of the 1916 session is marked by long hours of session on the part of the Solons.

In convention in Louisville, Kentucky Republicans reduced the representation of its entire organization to one half vote, and instructed its delegation from the State—Richard E. Gentry, of Boone, James H. Jones, of Boone, and George F. Johnson, of Boone, to vote for Charles Warren Fairbanks, of Indiana, as chief of its name before that convention.

The House rejected the bill of Senator Hatcher to provide for the construction of a hospital at Louisville, Kentucky, by a vote of 46 to 40.

Every single suit has style, needed in to stay. And the skirts—they're full and rippling, just short enough to make the costume extremely girlish.

And Our Coats!

You could see them. Every one simply radiates style. There's the full rippling Utility coat, the jaunty new Sports coats, dressy coats in both cloth and silks, and the more conservative coats, in many styles.

Don't miss this showing—the only ones who'll be disappointed are those who do not see it.

Brodhead
FOR the information of the Livingston correspondent the writer wishes to state that the reason why we failed to have a letter in the SIXTH week before last was that we accompanied one of his democratic friends to the State Republican Convention at Louisville, and after returning home we found that he had gotten so much real enthusiasm from what he had seen and heard that he hesitated to give him to the mercies of that almost forgotten party, therefore we neglected every thing in a business way that we thought would keep over.

Griffin is working in his store room to a new coat of paint.—C. E. Rice, is spending a few days with his son, Earl, in Lebanon Junction.—Mr. Frank Maris, Master of Trains at this point has returned from Harlan, where he has been for the past few days resting and seeing the sights of that beautiful city St. Augustine.—Well, at last he crisis has arisen and we have to go down and give Mexico some of its citizens a little shooing. We did hope that we could get along without a fight, but you say do nothing with the Mexicans, so as the ball has started rolling, the best thing that the San can do is to "map up" with him before he gets us.

WORTH THINKING ABOUT.

From our carts to automobiles. Out of debt to three billion dollars to the good. This was the glorious condition of Kansas at the beginning of this year. When Kansas was booze-ridden and whiskey slobbered she was known the world over as the state of mortgages and the home of the Populists. Today she is admired and respected as the state of culture, broad minded and wealthy. The champion motor car commonwealth of the globe is not New York. Neither is it New Jersey or Massachusetts in Kansas. The per capita wealth of Kansas is greater than that of any other state. She has over ten thousand silos and is building more, at the rate of ten a day. Thirty-one counties known as the Western part of Kansas, produced last year thirty-six million bushels of wheat, which was more than the total yield of Ohio, more than Pennsylvania, Montana, South Dakota, Oregon, or Michigan. It leads all the states of the union in domestic-seed extension work. It is also known for its production of sugar beets, alfalfa and corn. The farmers are alive and sober. Her young men are church going, active and progressive. Instead of being a state at which verbal brick bats are thrown, her citizens are enjoying the sweet perfume of praise for their sobriety and thrift. To day she has no stumps and she has a successful state-wide prohibition that actually prohibits.

VERAL statistics of Kentucky for the year 1915 have just been published. The number of births in Rockcastle was 492, death 136, or 5 deaths to each 1000 population; births showing up only 4 to each death. In Breathitt county we find the best average in the state. The births number 546, deaths only 80, or 4 1/2 to the 1000 population; births being nearly 7 to each death reported. This is a most remarkable showing and if the record is correct, it indicates that Breathitt county is the healthiest locality in the commonwealth, notwithstanding the unenviable reputation the county once had on account of its feuds, when it was believed that as many died violent deaths each year as the reported total number of deaths in the year 1915, within its territory.

Every newspaper treasures up in its memory the names of its friends and likewise its enemies. It seldom, it ever, overlooks an opportunity to assist the former, but never goes out of its way to boost the latter. Human nature is pretty much the same everywhere. People who show the newspaper scribble kindness, never makes a better investment, or one that more surely pays them a hundred fold sooner or later. As has truly been said, there comes a time in the life of every man when a word said by a newspaper either makes or unmake the individual mentioned.

Judge E. J. Bethurum has refused to grant an injunction to prevent this County Judge from selling a \$300,000 bond issue; being that a majority vote was sufficient on road bond elections, and that the Pulaski Fiscal Court was acting within in its rights to advertise for bids on the bonds. They are all coming across for good highways.

There is no National holiday in the United States. The proclamation of the President designating a day of thanksgiving only makes it a legal holiday in the District of Columbia and the Territories.

THE colored Republicans are making some noise over the fact that at the late Republican State Convention in Louisiana they were allowed only one delegate out of eight, to attend the National convention at Chicago, and said delegate only has a half vote. Here before they have been granted one out of four. The distinguished contingent held a meeting in Lexington and "protested." Among the resolutions was that asking that one of the white delegates be withdrawn, and substituting a colored man. They claimed that allowing them only "half a nigger" did them an injustice.

WHILE, of course, this country can't rush Mexico, it could cost many lives. The present expedition in pursuit of Villa is more serious than many are led to believe. It is more than probable the native Mexicans will rally to the support of the militant chief and cause much trouble eventually, we believe, it will be worse than Mexico. Waterbury was wading in and take every thing in sight clean to the isthmus. His slogan is "on to Panama."

VILLA and his band of assassins, who raided Columbus, New Mexico, last week, and murdered nineteen American and losing a hundred of their own gang are being pursued by American soldiers who crossed the border into Mexico and cause much trouble eventually, we believe, it will be worse than Mexico. Waterbury was wading in and take every thing in sight clean to the isthmus. His slogan is "on to Panama."

FAYETTE county reports 910 births and 1181 deaths in 1915. Pike county reports 807 births and 369 deaths. Fayette population is about 12,000 more than Pike yet she reports 160 less births than the latter.

LINCOLN COUNTY has let contract for the reconstruction of the Danville Pike and the Crab Orchard pike, the Boone Way route.

IN MEMORY

Mrs. Margaret Shotts departed this life February 25, 1916. She was a well known matron. Miss Shotts was born January 17, 1840, and was married to Peter South Jan. 6, 1867. To this union were born five children, three of whom are still living, one daughter, Mrs. Harriet McNeal of Mt. Pleasant, two sons, P. H. Shotts, of Danville, and J. W. Shotts, of Otawa, Ky. She with her husband and children, moved to this county in 1886. She was a good, honest, faithful woman and well liked by all who knew her, and will be greatly missed by her family and relatives. She was laid to rest at the family burying ground beside her husband who preceded her sixteen years to await the resurrection morn.

Peace! Be thy silent slumber, peaceful in the grave so long! She has joined her dear companion That departed long ago.

We miss you dear mother, we miss you tender care; Our hearts are sad without you, We miss you every where.

In silence you suffered, Patiently you bore, United God called you, To suffer no more.
