THE Lancaster Record man is not as foolish as he looks when he sends forth his wall. We are in the same box, so don't start a rough house by calling us an adoped babyhammer, when we request you to remit, which we hereby and hereupon right now.

President Wilson's last note to Germany advises that government that her manner of conducting submarine war must be changed at once or diplomatic relations will be severed.

CHRIST when on earth was unable to please all men and it is not expected that men can do so greater things. President Wilson is being misrepresented by some who claim to be patriotic citizens but they are simply a partizan lot who are "out" of the leadership and want to get "in" for sake of pay for themselves and friends and they don't seem to care anything for the interests of the country.

BRYAN failed to receive enough votes in the Nebraska primary election to nominate him a delegate to the National Democratic Convention to be held June 14th, at St. Louis. Rather than to be able to name a presidential candidate in 1912 and fail to gain admittance to convention hall in 1910 He is accused of talking himself to death. Some think he is yet alive; Bryan claims he is not a corpse.

JUDGE I. E. WILLIAMS, of McCreary county, was acquitted by the Kentucky Senate yesterday of charges brought by the House, the impeachment charges falling on the second article by one vote, the count being 23 for impeachment and 12 against it. Seven articles were dismissed almost unanimously and the vote on the others varied.

Indications are that Teddy will make a noise like a candidate in the Republican National Convention at Chicago, June 7th, and the man who made the nomination will certainly show that the moose man's hat was in the ring. It looks as though Teddy may carry that nomination off in his hat.

No Doctor likes to be addressed as "doc," it sounds too familiar and cheap; so if you wish to start in the good graces of the professional man you had best pronounce the title in full or he may name plain second grade four the next time you ask him to make pills for your ailments. He would be within his rights.

"IN DEFINING more clearly than ever what constitutes dishonest advertising, the Supreme Court of the United States held in effect that advertisers, even the they give names received, are guilty of fraud if by exaggerated advertising propaganda they have led clients to expect more."

R. W. Brown, for many years managing editor of the Louisville Times, and prominent in civic movements, has announced that he will resign his connection with numerous enterprises here and depart May 8 for New York to accept a corporation position.—Louisville Times

ARCHAEOLOGISTS from University of Pennsylvania have recently opened some graves at Denderah, Egypt, said to be 7,000 years old. A good long rest but we believe the excavators should have allowed the resurrection day to do the opening.

SIR ROGER CASEMENT was arrested while attempting to land arms in Ireland from a German vessel, and taken to London last Sunday. The vessel was sunk.

Governor McCreary and other good roads leaders are asking that one branch of Boone Way be added to Booneboro. Indications are that it will be done.

BRITISH troops and Irish revolutionists clashed in Dublin, Tuesday when the Irish started an insipient rebellion. About thirty were killed.

There is more Catarrh in this section of the country than anywhere else. Catarrh is a disease that for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly irritating the part by local treatment it became incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surface of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

Life of Savage More Sensible Than Moderns

Aliments Almost Unknown by Aborigines Are Common Now.

The theory that the "old" men of today are called at most entirely by those of the past distinguish the white man in his long ago brother, the savage, is more readily discussed.

The savage, in many ways, was a more sensible being than the man who made war on him and seized his birthright. It has been said by medical authorities, that nine out of ten cases of sickness can be traced to a disordered stomach, and that the ailments are dug in a large measure to excessive eating and drinking and little healthful outdoor exercise.

Common sense should be used in our mode of living. It was with this end in view that Joseph von Trimbach, the noted chemist and originator of so many health aides, gathered herbs, roots, barks and flowers from the most remote parts of the world and spent years of his life in experimenting and study before he arrived at the solution of the problem of relieving stomach troubles. He named his discovery Tanlac. Tanlac has met with instant favor wherever it has been introduced. It has created a romance in the business world. Hundreds of thousands of sufferers have realized the benefits of this great reconstructive tonic.

Tanlac is believed to act more favorably, because of the nature of its ingredients, on ailments of the stomach, liver and kidneys, and on catarrhal affections of the mucous membranes, which, when neglected, are so often commingled to the vital organs themselves than any other known preparation. This ideal reconstructive tonic, appetizer, invigorant and builder of tissues has been adopted by men and women in all walks of life. It has proved a boon for sufferers from those all too common ailments.

Tanlac, the ideal reconstructive tonic, is being especially popularized in Mt. Vernon at Drug Store of Chas. C. Davis, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brookfield, W. M. Owens' store, Burr, Lane Bros., Crab Orchard, S. E. Welch Bore.

SAFE MEDICINE FOR CHILDREN
"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children, as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.

Marshall Field Was Right

Marshall Field founded his success as a retail dealer on twelve truths. One he called "The obligation of duty."

This store agrees with Field. We realize our obligation to the man who trusts to our judgment for the value he can't see.

It is that deeper value, which we offer you in Clothcraft Clothes for men and young men—that long-wearing fabric and thorough-going workmanship, built in piece by piece and step by step.

The makers of Clothcraft also believe in the obligation of duty. For seventy years they have labored to improve medium-priced clothes by putting into added value the savings due to better methods of manufacture.

Clothcraft sales justify our conviction that the dealer's success goes hand in hand with the buyer's satisfaction.

Official Inspection Tour of "Boone Way" Next Fall is Planned

Proposed Trip From Bristol to Lexington Under Direction of Henry Roberts.

Plans are being perfected for pushing road construction work throughout Southern Virginia and East Tennessee this summer and fall, as well as all over the Southern Appalachian territory, and glowing reports are anticipated at the annual convention of the Southern Appalachian Good Roads Association to be held at Lexington, Ky., September 5, 6, 7 and 8th.

One purpose of holding the convention at Lexington this year is to boost the Boone Way, and plans are being made for an official inspection tour of the high way in connection with the Lexington convention, if the unfinished gaps are sufficiently improved to permit party travel.

The plans for the inspection tour are being directed by Henry Roberts, chairman of the Association's committee on construction progress, and A. Gray Gilmer, of Bristol and the only thing that will prevent them from leading a party through Cumberland Gap over Daniel Boone's old trail next fall will be the delay of the Kentucky counties in opening their sections of Boone Way.

Dr. Joseph Eldé Pratt, president of the Southern Appalachian Good Roads Association, is enthusiastic about the inspection tour, and will head a party of distinguished North Carolinians who will motor from Boone's old home in North Carolina, and join the Bristol party for Lexington, if the Kentucky end of the road is open.

The North Carolina section of the road is open via Blowing Rock, Lenoir and Elk park to the Tennessee Line, and the pike commission of Carter county, Tennessee, is rushing the work on the unfinished section in Tennessee.

The Virginia section of the road will be open by fall. The greater part of it has been graded, and Lee county has macadamized 33 miles and will macadamize about seven miles additional this year, and some macadam will be laid in West and Washington counties. Under the leadership of Mr. R. C. Duff who is much interested in Boone Way, \$8,000 was raised last year with which to grade the old Boone Trail across Powell Mountain from Duffield to the head of Walton's creek, and the work will be completed early this summer. This will open the high way for motor travel from Bristol to Cumberland Gap.—Bristol Courier, Bristol, Va., Tenn.

like this at the salary, but we feel that if he accepts the place he should be a marshal in all the word implies—do his full duty whether he gets paid for it or not, and by the way that is the way to get paid for what he does.

When the people see that a man will do his full duty and not always be on the side of crime, then they will see it that he gets sufficient money to pay him for his trouble. We feel that it is much more honor to see the guilty punished, and use our influence to bring about this end, than to have the name of holding seventeen examining trials and losing the man being tried.

—Mrs. James Brannaman, of Wildie, was the guest of Mr and Mrs. John Crawford last week.—B. C. KURZES PAINT
The first stroke of the brush will prove the superior covering (hiding) power of Kurzes Pure Lead and Zinc Paint. You will immediately appreciate the difference in spreading a paint composed of:
80% Lead and 20% Zinc
and the other paint you have heretofore been using.
In no other paint will you find 80% Lead, nor will you find a paint of such heavy body.
Ordinary paints do not cover like Kurzes paint, for the simple reason that they do not contain sufficient Lead to make them cover. You know a paint must contain Lead and lots of it, if you expect it to cover and wash well.
If you get Kurzes 80% Lead and 20% Zinc Paint, you don't need to buy so many gallons for the job as you would of ordinary paints, nor will you need to repaint the job so soon.
Kurzes Orange White is the whitest white; makes the whitest houses; and the colors are all good and permanent. Let us figure on your job.

We are pleased to inform the public that we have learned the whereabouts and have located our old friend Wm. Hicks. We learned from good authority that he was in Mt. Vernon Monday and Tuesday advertising a patent medicine. It is claimed that he had four bottles, two in each hand, standing near the court house with the life giving fluid, the name of which is the Grand Epileptic Asiatic Pancreatic Nervous Cordial, good for all diseases incidental to humanity. We take it for granted that Matt has left the matrimonial field and will place in the future as a Doctor.

Well, we know for a certainty that summer is drawing near, for we have noted the never failing signs: the river bank is lined with ashermen twelve-hours out of the day and some of the women are searching the hillsides for staggerweed (greens); the whippoorwill has put in his appearance, and the first snow has been withdrone.

Marchal W. N. Riggs, attended court at Mr. Vernon Monday and Tuesday.—Mrs. B. J. Behrman of Somerset, visited Mrs. G. S. Griffin Saturday. She was returning from Paris to Mt. Vernon.—Harvey Owens, of Spira, was here Sunday between trains.—Mr and Mrs. Jerry Sand, of Hazel Patch, visited Mr. and Mrs. W. A. Warren Sunday.—Little John Thomas Mullips is spending the week with his grandparents, Mr. and Mrs. T. B. Lutz, near Mt. Vernon.—Miss Beattie Hamilton, of Mt. Vernon, has returned home after a weeks stay with her sister, Mrs. Marjannan, at this place.—Ed Cottingham, who has a position as fireman at Covington, was with homefolks Sunday.—Mrs. George Heland, of Pittsburg, has been visiting relatives here for a few days.—John Bullock has moved into the L. & N. Davis property on Walnut street.—J. P. Drummond has put in a stock of goods in the Calvary property. Clifford Ostlin, of Lebanon Junction, visited his parents, Mr. and Mrs. Ostlin, Sunday.—Mrs. Christiana

attended the children Sunday with an egg hunt, and it was amusing to see how much they enjoyed it, even the little tots taking an active part in the game and enjoyable evening was spent.

Well, they are talking of with drawing out troops from Mexico, and some think we will get a fight with Germany, and some say we are not prepared. We have been hearing in Mexico with an army and have not caught Villa yet. So if we bring our soldiers home, we think we had better be quiet, as fighting is hard on old clothes.

—A. Blanton, L. & N agent at this place, was at Mt. Vernon Monday and Tuesday and informed us on his arrival back home, that Mt. Vernon was coming to the front. He said the grading of the new pike looked o. k., and buildings were going up in several places most of them being brick, and that the town was on a boom. He also spoke of meeting friends and how friendly and courteous the citizens were, taking a pleasure in showing him the city. Well, this speaks well for Mt. Vernon, but just wait until we get the pike down here and gosh, we will be going some too.—Miss Lillie Farley, of Pineville, is visiting her sister, Mrs. J. R. Mink.—W. E. Gray has moved into the Walton property on Main street.—Fred Baker, of Mt. Vernon, was here between trains Sunday.—Joseph Childress, of Lebanon Junction, was here between trains Sunday.—Mrs. J. H. Browning, of Maywood, is teaching a class in music here.—El Hazel was in Louisville Saturday. We guess he went to enjoy some of his winter baggage. El claims that he has a winter proof cabbage that will grow the year round.—G. W. Martin, W. B. Rice, C. J. Rice and Will Gray, of our city, left a few days ago for a fishing trip up the river.—Misses Temperat Ward and Miranda Tate, of Brodhead, visited Mrs. B. H. Griffin from Saturday until Monday, and we think from what we can learn that a certain clerk here will visit Brodhead soon.—Miss Ethel Harris is visiting relatives in Paris and Cincinnati.—Miss Myrtle Bryant and Mrs. Mathie Mullins, of Mt. Ver-

non, visited Mrs. John Millipps Saturday and Sunday.—Mrs. Thomas Farley has been in the Norton Infirmary at Louisville, for the past week having a surgical operation performed. Her daughter, Mrs. J. L. Hughes, has been with her mother there returned Tuesday and reports that she passed through the operation fine and is doing nicely.

Mrs. Larkin Pennington went to London Saturday to have a surgical operation performed. A message received from London reports her getting along fine. Mrs. Pennington has been in bad health for quite a while, and it is to be hoped she may regain her health.—Walter Rice, the engineer on the Rockcastle rail road, was with homefolks Sunday.—Messrs. C. A. Blanton, J. H. Browning, J. B. Jones, W. H. Mahaffey and N. H. Oliver attended court at Mt. Vernon Monday and Tuesday.—The measles epidemic in this locality is over. There are no new cases and all those that had it are well.—G. S. Griffin was in Mt. Vernon Monday and Tuesday.—Mrs. Rambo of Maywood, is visiting her son, D. B. Rambo, at this place.—Mrs. Martha Woodall, of Pittsburg, is visiting relatives here.

Brodhead

MALACHI HOPKINS lost his residence and most all the contents by fire Thursday of last week. No insurance.—Thmas Gilpin, of St. Louis, Mo, was here during the week on account of the serious illness of his father, John Gilpin. We are glad to report that Mr. Gilpin is better.—The man who attempted to rob the store of J. T. Lawrence last week, and who was in jail here to await his examining trial set for last Friday morning, was set free for the night before he threw out four men the identity of whom can be proven it is learned beyond all doubt. We are not informed whether an effort will be made to locate the man who escaped; or those guilty of helping him to escape, but we feel that the whole affair has been treated too lightly.

In the first place the officers should not have allowed a man charged with a crime of this character placed in a lock-up of the kind we have here, and states this was done the marshal should have kept the place well guarded for it was warned that his prisoner could be taken out. We wonder could not see why a man would be charged with a crime and
