Garbage Collection Cost the County Over \$52,000 for 1980

Along with our other story concerning data for 1980, we have collected information on the garbage collection system in the county which is operated by Multi-Co. Services, Inc. and owned by William K. Bullen. The service operates under a March, 1978 contract between them and the fiscal court.

The service is paid for by Revenue Sharing funds and during the last calendar year, over \$52,000 was paid for the garbage collection system.

In the original contract, Multi-Co. agreed to furnish 40-eight yard containers to be placed at the sites designated by the county for the collection of garbage and to empty each container once a week for a sum of \$19,200 annually, payable in 12 monthly installments. Additional containers and pick-ups are to be included upon the order of County Judge/Executive Hubert Thacker, Mr. Bullen's father-in-law. At this time, Judge Thacker says there are a total of 43 containers in the county and all are being emptied by one truck.

The contractor is to empty any container furnished by him

more often than once a week, if so desired by the fiscal court, at an additional charge of \$7.00 per pick-up.

Although the base charge under the contract breaks down to \$1,600 per month, Multi-Co.'s bill usually averages something over \$3,000 although during one

month due to extra pick-ups of the heaviest used containers. One month last summer, Multi-Co.'s bill was for \$6,603.

Multi-Co. Services, Inc. also has numerous private customers which have containers emptied by the service as needed.

Cornelius Relieved of Duties as Laurel School Superintendent

Kenneth Cornelius of Mt. Vernon was fired as Superintendent of Laurel County Schools in a meeting of the board Tuesday night.

Cornelius accepted the head school position in Laurel last July when the then-board failed to renew the contract of G.C. Garland and hired Cornelius. The action sparked a controversy which has rocked Laurel County for several months.

The three board members responsible for the action taken in July were not re-elected in November. The winning candidates from the fall board election joined the two members left on the board to fire

Cornelius. The new board had leveled 15 charges against Cornelius including mishandling of school board books, overpaying teachers, paying Head Start workers money for work they hadn't done and failing to publish financial reports in the newspaper.

Cornelius answered the charges in articles in the Corbin Times-Tribune and the Sentinel Echo, but in the meeting Tuesday night the board voted not to have a hearing to allow Cornelius to answer the 15 charges.

The board meeting was held in the Laurel County High School lunchroom before a large crowd. Cornelius was not present at the meeting during which Joe McKnight, assistant principal at Laurel County High School, was named interim superintendent. The board was scheduled to discuss taking applications for a permanent replacement at the Thursday night meeting.

Maguire Announces

Chief District Judge Walter Flippin Maguire, 37, a native of Somerset, today announced his intentions to seek re-election as District Judge for the 28th Judicial District. The 28th District is composed of Pulaski and Rockcastle counties and is served by two district judges.

In January 1978, Maguire was sworn in as one of Kentucky's 113 original District Court Judges whose jobs were created by the 1975 Judicial Amendment. He has served as Chief District Judge for the 28th District since January of 1979.

"It has been my privilege and honor to serve the people of Pulaski and Rockcastle counties as their District Judge since the

Ciel Smith of Stanton has filed papers with the Secretary of State in Frankfort to be a candidate in the May Democratic Primary for Representative from the 80th District which consists of Lincoln, Rockcastle, and Part of Pulaski County. His wife is the former Janie Ruth Coffey of Mount Vernon. They have six children, three sons who are married, two sons and one daughter at home.

Burglary

When Forrest Booth of Route 3, Mt. Vernon returned home Tuesday, February 10, around 2:00 p.m., he surprised two male burglars who had entered his home and had taken a 12 gauge shotgun, a 38 Rossie revolver and a gold pocket watch. According to State Police Detective Roland Huggabee, the burglars, however, made an escape and as yet have not been apprehended.

RETIRED TEACHERS TO MEET MONDAY

The Rockcastle County Retired Teachers Association will meet Monday, February 23rd at 3:00 p.m. at the County Library. Guest speaker will be Rev. Harvey Pensol.

All retired teachers are urged to attend.

In case of snow listen to radio station, WRVK for cancellation.

GLAUCOMA CLINIC

A Free Clinic for Glaucoma Screening and a blood pressure check is being sponsored by the Mt. Vernon Lions Club for National Save Your Vision Week March 1-7.

Dates for the clinic are: March 2 from 9 to 1; March 4 from 1 to 4; March 7 from 9 to 2. Location for the clinic will be the basement of the Rockcastle County Hospital, next to Dr. Yip's office, with parking at the rear of the hospital.

Truck Wrecks

The left front tire blew out on a southbound tractor-trailer truck carrying hay Saturday night about 7:50. Timothy Jarrett, 23, of Bradford, Ohio, driver of the rig, reportedly lost control of the truck following the blow-out, crossed the median and blocked both lanes of the northbound traffic on I-75, 3 miles north of Mt. Vernon for four hours. According to State Trooper Jimmie Silvers, two wreckers had to be brought to the scene to right the truck

IN-SERVICE FOR TEACHERS FRIDAY, FEBRUARY 20

All school personnel including teachers, administrators and aides will meet at the Rockcastle County High School for a full day of in-service on Friday, February 20, 1981.

Topics to be discussed at the in-service program will be: Drug Education, Discipline, Special Education for the Handicapped, New Accreditation Standards for 1981-82, and Title I/ESEA.

The program will be conducted by personnel from the State Department of Education and Eastern Kentucky University.

Parents and visitors are welcome.

Mason Withdraws

Ernest Mason, who filed recently as a candidate for Magistrate of the 5th District, announced Tuesday that he has decided to withdraw his candidacy for that office.

In making his announcement, Mr. Mason said: "I would like to take this opportunity to thank you for our support and encouragement and for allowing me to be a candidate for magistrate in your district."

"My job has extended over nine states during the last year and since I announced my candidacy, it has extended into Florida. Since I will be temporarily living here and in Tampa, Florida and because of the increase in flight prices, I do not feel that I will be able to fulfill the duties of this position. I would have liked to have served you for the next four years, because all of you have indicated to me you have not been satisfied during the past four."

Mullins Files

Bobby Mullins, 43, of Mt. Vernon, has filed for Magistrate of the 5th district, subject to the May Republican Primary.

Open House Scheduled

Rockcastle County has a new facility and you are invited to come and look it over Sunday from 2 to 5 p.m. The facility, an elderly residence, is located at the Family Life Center near Redford and is accepting residents now, according to John and Peggy Nawrocki, the directing couple.

The new house to be on display Sunday is across the road from the boy's home, up the valley from the main entrance. The Nawrockis talked excitedly about the new venture which will provide a family situation for persons 65 and older. Residents pay the amount they are able to pay up to a

maximum of \$250.00. The difference between this and the amount they are able to pay is met by the Christian Appalachian Project. All expenses are taken care of including transportation for this amount excepting personal spending money.

Residents will be encouraged to have family members and friends visit, to be active, go on outings and to church and help out with any small task they may volunteer for. There is nothing required of residents other than to eat meals at a certain time-the only scheduled event. For more information call 256-5921.

1905 Recapping of the County and Brodhead

By Nancy Mullins

Information in this article was taken from a Mt. Vernon Signal Supplement, December 28, 1905 which featured pictures and stories of prominent people, businesses and general information about the county at the time. The supplement was in magazine form and was entitled "Rockcastle, Her People, Industries and Resources." Joe E. Waters was the Special Edition Editor.

"As to Rockcastle-Well there's a great day coming when the hidden wealth that has for centuries been folded in the bosom of Mother Earth will be uncovered by that class of people that move the world-people that DO things the thoughtful and industrious class.

The coal that is being mined in this county is of as fine a quality as was ever put on the market anywhere in the world. The ginseng industry is yet in its infancy in this county, but will grow to considerable proportions.

As to the farming interests, Rockcastle is a great deal in advance of what those not conversant with the situation presume. A good old farmer said yesterday: "On our best lands we raise in good seasons, 10 barrels of corn to the acre and wheat and oats, etc. turn out well, but we try to raise no hemp and tobacco!"

A great deal of good stock of every kind is raised in Rockcastle and it seems to me that one thing that is badly needed is the establishment of court-day stock sales in Mt. Vernon.

Information to ascertain the names of officers the county has had since its formation in 1809, was told that Mr. Dave Williams and Mrs. Betty Williams could give the information if anybody could. The latter said that she had never paid any attention to politics, but agreed with Mr. Williams when he looked backward up the stream of time and said: "The first county judge that I remember was B.K. Bethurum in 1804 followed in rotation by William Carson, John M. Fish, G.W. McClure, J.B. Lear, D.P. Bethurum, R.G. Williams and S.D. Lewis. L.W. Bethurum assumes the duties of the office January 1st.

Tunsel T. Quarles was circuit judge in 1854, followed by Green Adams, Grassville Terrill, W.H. Randall, Mike H. Owsley, Thomas Z. Morrow and M.L. Jarvis. James Terrill was circuit and county clerk (both offices in one) from 1820 to 1850. He died in 1851. The office was then converted into two and E.T. Fish succeeded Mr. Terrill as circuit clerk followed by M.J. Miller, D.C. Colyer, F.B. Baker, James I. White, J.M. Stevens, W.G. Mullins, Henry Catron, H.L. Tate, Victor Tate incumbent appointed a few days ago after the death of his father, H.L. McFerron takes charge of the office January 1st.

Letter To The Editor

Dear Editor:
I am writing to you to explain to the people of Rockcastle County that the letter to the Editor in the February 12, 1981 edition of the Signal which was written by Mrs. Ann Patrick Rogers is in error. The case that she refers to is Commonwealth of Kentucky vs. Dennis Allen Fisher, Indictment #79-CR-037 in which Mr. Fisher was sentenced to 21 years upon his plea of guilty to murder. I did advise Mrs. Rogers that Mr. Fisher would only stay in the penitentiary 6 years prior to him being reviewed for release by the parole board and this is the same length of time if he had been given a life sentence. The file is available for any and all to inspect at the Circuit Court Clerk's Office at the Courthouse at Mt. Vernon, Kentucky.

Sincerely yours,
Benny E. Ham

The following central Kentucky cities and towns will be represented at the workshop: Beattyville, Berea, Booneville, Cynthiana, Frankfort, Georgetown, Irvine, Lexington, McKee, Mt. Sterling, Mt. Vernon, Nicholasville, Paris, Richmond, Stanford and Versailles.

Legislative Report

By Rep. Harold DeMarcus

Two legislative committees have suggested that state agencies could save revenue by revising the manner in which attorneys are hired by personal service contract.

The situation developed as a result of the Personal Service Contract Review and Investigations Committee, a study conducted by the Department of Finance revealed that 50 percent of the payments made to contract attorneys are for travel time. Presently, the state has 80 attorneys (32 in the Department of Labor) hired by personal service contract, constituting a fiscal year 1980-81 expenditure of \$1.3 million.

The inordinate amount of travel pay is due to the fact that most of the state's contract attorneys are based in metropolitan areas, while there are no contract attorneys living in eastern Kentucky where a large percentage of workers' compensation hearings and depositions are held. This requires attorneys from Louisville and Lexington to travel to eastern Kentucky to attend hearings and depositions.

One approach to the situation would be to hire full-time attorneys and place them in regional field offices. However, both legislators and agency officials agreed that this proposal would be too costly.

NOTICE To The Voters of Rockcastle Co.

I am a candidate for County Judge Executive of Rockcastle County on the Democratic ticket.

I was born in this county November 6, 1907 and I love it. I have been over most of the world and learned many things - many of which I would like to forget.

I have been gone as much as 10 years at a time but always come back. Many nights at sea, I have awakened and, in my mind, run over these hills and woods, fished, climbed trees, twisted squirrels out of hollow trees, stole the teacher's switches and any mischievous thing to have fun. There's no place like Kentucky. God bless her and our ancestors who made it good.

Yes, I am a Democrat. Sorry to say there just aren't enough of them. I am a Democrat for many reasons - one my great grandfather fought for the south when five of his brothers fought for the north. I am not saying he was right but he believed he was. My three best friends are Republicans but we don't fight about the fact.

I believe many improvements could be made in this county. One thing - 4/5 of the garbage in the county is brought to Pine Hill. From 45 to 60 thousand dollars is spent to pick it up and take it to the land fill not more than a mile away. Why not pay owners of the land fill the same as he is being paid - give some good, honest man with kids to feed and send to school a job staying at the land fill to help people use it.

Many thousands of dollars could be saved. Why not give this money to the school system because no place is ever better than its school system.

Help me. If there is but \$5.00 to spend, one dollar will go to each of the five magisterial districts not all to the yeomen and none to those who know how to say no. I will treat my worst enemy the same as my best friend.

We have garbage scattered everywhere. Most times, it's worse than a hog pen. We have a rate factory here. I am sure that one neighbor and I spend at least \$300.00 annually and it's impossible to get rid of them.

Some will say I have been a moonshiner, bootlegger, a drunk, a wife-beater, etc. The drunk and wife-beater will be a lie, the rest true.

In my 73 years, I never lost a day's work or been arrested for being drunk, speeding, reckless driving, etc. Please help me. There will be no "family affair" or palm greasing.

Social and Women's News

Mr. and Mrs. Jeffrey C. Hammond

Serving as best man were Erick Anderson, Jeffers were David Pensol, Walter Browning and Jeff Burdette. The groom was attired in a black tuxedo and the groomsmen were attired in charcoal grey tuxedos.

Mrs. Charles Riddle, mother of the bride, chose for her daughter's wedding a dark green floor length gown with a white gardenia corsage. Mrs. Clayton Hammond, the groom's mother wore a pale green floor length gown. She also wore a white gardenia.

A program of traditional wedding music was provided by the organ by Mrs. Linda Whitt and Miss Teresa Glovak sang "Love One Another" and "The Wedding Prayer". Steven Caperton read a passage of scripture preceding the ceremony.

Miss Linda Whitehead and Miss Kaye Payne kept the guest book and Miss Judy Bowling served at the bride's table. After a wedding trip to the Smokey Mountains the couple will reside in Mt. Vernon. Mr. Hammond is a student at Eastern Kentucky University and Mrs. Hammond is employed by the Bank of Mt. Vernon.

EXTENSION HOME ECONOMICS

Cooking For One or Two It Isn't Difficult To Do

Are you cooking for only one or two? You have plenty of company young adults starting out on their own, newlyweds, empty nesters, senior citizens. Unfortunately, when it comes to foods and eating, it often the whole world is geared to families that consist of at least four.

For many singles and duos alike, some of the common solutions to this dilemma are eating out all the time, grabbing a burger from the local fast food chain, cooking a big meal, then eating leftovers for days afterward, or popping frozen TV dinners into the oven. All of these are fine some of the time, but as a steady diet, it can be expensive as well as limiting.

One you've mastered cooking for one and two, you'll find there are definite advantages to cooking on a small scale. There's more freedom to experiment with new flavors, foods and recipes. You can splurge more often on expensive ingredients (i.e. seafood, some cuts of meat, etc.) which are luxuries to large families. You also have the liberty of eating what you want when you want, without having to consider several other people in the household.

In addition to these advantages, you may find that when you start cooking meals, the nutritional quality of your diet might improve. Also, once you've mastered the "art" you'll discover there is great enjoyment in delicious meals made with a minimum of fuss. To help you towards this discovery, here are some suggestions.

Be A Smarter Shopper

It should be remembered that although "family" size packages may be a bargain per

ounce, if you can't use the whole thing before it goes stale, there are not savings. The price of smaller sized packages can be reduced by using cents-off coupons. In fact, the savings per ounce (and per serving) can be greater for smaller packaged items.

Speak up at the supermarket. When you don't find meat and produce in small portions, write to have large packages divided.

Buy the regular sizes of bread, rolls, and muffins, and keep them in the freezer. Remove amounts as you need them.

Purchase frozen vegetables packages in bags. It makes it much easier to remove and cook only what you need.

Equipping Your Kitchen
When equipping the kitchen, remember to think small. And, since chances are that your kitchen is fairly tiny, it's important to remember that every utensil or piece of equipment every made isn't necessary to turn out a fine meal.

Invest in a collection of small pots and pans, a 7- or 8-inch skillet and a set of mixing bowls. A larger pot, for cooking egg noodles and other pasta, corn-on-the-cob and for when you entertain, is also helpful.

Two-cup (individual size) casseroles or ramekins, especially those that go from freezer to oven to table, can be invaluable.

In addition, some basic equipment that no kitchen should be without are two or three sharp knives of different sizes, wooden spoons, a metal spatula, a set of measuring spoons and dry measuring cups, a glass liquid measuring cup, a vegetable peeler, a timer, a strainer and can and bottle openers.

Don't have the space or the funds to equip the kitchen? Try to improvise. For example, use a smooth-sided can or bottle, a broomstick or a dowel in place of a rolling pin. Or, a small roaster, it can be a baking pan for bar cookies and coffee cakes; when turned upside down, use it as a cookie sheet.

Riddle-Hammond Vows Said

The marriage of Miss Joanne Riddle, daughter of Mr. and Mrs. Charles D. Riddle, and Jeffrey Clay Hammond, son of Mr. and Mrs. Clayton Hammond, was solemnized Saturday, December 27, 1980 at 4:00 p.m. at the First Christian Church in Mt. Vernon. Mr. Eddie Hammond performed the double ring ceremony performed before an altar decorated with holiday greenery and

lighted papers. The bride, given in marriage by her father, wore a formal gown of white chiffon and imported silk with Venise lace. The fitted bodice was enhanced with lace encrusted with pearls as were the bishop sleeves. The Chiffon skirt elegantly flowed to chapel length. She wore a waltz length veil of point d'esprit lace edged with lace florettes and carried a bouquet of white gardenias and greenery.

Mrs. Shirley Caperton, sister of the bride, served as maid of honor and wore a floor length, burgundy quiana gown accented with lace collar and cuffs and carried white gardenias and roses. The bride chose for her other attendants Miss Vanessa Hopkins, Miss Lynelle Hammons and Miss Kelli Payne who wore gowns identical to that of the maid of honor. The attendants carried lighted candles surrounded by evergreen and holly.

Little Donna Harper, cousin of the groom, served as flower girl and wore a delicate pink, floor-length gown. Scott Rowe, also cousin of the groom, was ring bearer.

Local Saddle Club Members Featured

On Cover of Appaloosa News

Sheltowee Trail riders David Colson of Brodhead and Bobby Cox of Mt. Vernon, are featured on the front cover of the February issue of Appaloosa News sitting around an evening campfire at Cave Run Lake after a day on the trail, according to Morehead Tourism Commission Director Reuel Buchanan.

Inside the 264-page monthly magazine, four pages and seven full-color pictures tell the story of the trail ride held in the Daniel Boone National Forest, Morehead, in October, 1980.

According to Buchanan, there were 80 Appaloosa trail riders during the four-day feast of mountain scenery, fall colors and Indian summer weather.

from California, Idaho, New York and many states in between.

The article, written by George B. Hately, describes each day's ride of 15-22 miles and activities around the campfire each evening. Jim Evans, ride manager from Greensburg, presented programs centered around Daniel Boone, how the trail got its name, and hunting in the area.

According to Evans, another Sheltowee Trail Ride will be held this fall, with riders camping at Cave Run Lake.

The Morehead Tourism Commission assisted Evans and the Appaloosa Horse Club, Moscow, Idaho with promotion of the Trail Ride.

Monday, Feb. 16, was Kentucky Right to Read Day and students in Mrs. Edna Dawson's 6th grade at MVES celebrated the day by dressing as storybook characters. The students were allowed to spend one hour read-

ing their favorite book anywhere in the room they chose to read. In the photo are, from left: Becky Burdette-Queen Elizabeth; Carol Baker-Bodyguard; Cindy Pain-Queen of Hearts; Trina Cummins-Annie Oakley;

Natalie Fybas-Cupid; Tabatha Nicely-Little Red Riding Hood; Jones Hiatt-Pirate; Steven Martin-Dee of the Seven Dwarfs; Trina Parrott-Alice in Wonderland and Nelson Graves, E.T. Edson, Western Trail Boss.

Mrs. Dawson's 8th grade class presented the play "Queen of Hearts" for the other 8th grades

at MVES last Monday. They had originally planned to present the play last Friday - Valen-

tine's Day but schools were not in session due to snow.

(Cont. From Front)

ters of Rockcastle history are crowded into these sentences:
The county was formed in 1808 and organized in 1810.
Had first railroad in 1868 and first telegraph facilities in 1862, built by the U.S. Government.
Telephone lines in 1898 erected by A.H. Bastin, James

Maret, A.E. Albright, Is Mark Bruce, Curtis Grover. Line went from Crab Orchard to Livingston.
First courthouse erected in 1810. First legal hanging in 1841.
First newspaper, The Signal, established in 1887.
First county fair (at Cave Head) in 1898.
Clerk's office and records destroyed by fire in 1871.
Present courthouse erected

in 1873 and was replaced in 1887.
Broadhead and Her Interests
From the end of the L&N Railroad to the other, there can be found no better cooked vicinals in greater variety and abundance than the one kept by Mrs. J.M. Clark at Broadhead. Mr. George Durham is day clerk and Mr. Fred Durham "cleaks the fort" at night. In one month recently Mrs. Clark's establishment put up 2,264 lunches which at 25 cents each amounted to a total of \$566.00. Besides this, any others ate at the restaurant, about \$300.00 worth, and with regular day boarders added, the business per month amounts to about \$1,000 every 30 days. Mrs. Clark is the wife of R. Clark, whose vision had been obscured by cataract for several years. For many years he practiced his profession in Broadhead, until his sight was gone and I am told that he was one of the finest physicians and surgeons in the county. His young wife is a thoroughly business woman and they are succeeding most admirably.

The Frith Hotel is one of the best hotels between Louisville and Knoxville in the L&N. Since it was first erected about eleven years ago by Mr. Jerry Frith, it has been run most of the time by Mr. F. Francisco. Mr. Galen Rogers took charge November 1st and the table is always supplied in abundance with the best market affords. Mr. Rogers was born in Pulaski and married Miss Jane Sowers of Rockcastle. They raised three children, Walter, who married Miss Ellie Watson, a daughter who married J.S. Duke and Ed who still is on the market, and assists his father in his hotel and liverty duties.

No town the size of Broadhead does more business one firm told me the other day that they shipped 80 cases of eggs which at 25 cents a dozen amounted to \$600.00. As other firms ship as many eggs occasionally, it is readily seen that even the hens and roosters of Rockcastle are full of business and always on the move.

The railroad station's business here has increased from \$150.00 to \$250.00 a month when Mr. James R. Cass was put in charge 22 years ago to about \$2,000 per month, sometimes running to \$2,500.00.

There are three churches here. Rev. J.G. Livingston is pastor of the Christian Church, Rev. Dick Noel is pastor of the Baptist Church and Rev. J.A. Sawyer is pastor of the Methodist Church.
The Citizens Bank of Broadhead was organized in January of 1903 in the guidance of J.W. Hutcheson. Other officers are J. Thomas Cherry, President, R.H. Hamm, Vice President and Dr. F. Francisco, 2nd vice president. In addition to

these gentlemen, the other directors are R.L. Collier, S.H. Martin, T.S. Frith, W.G. Proctor, Dr. W.E. Gravelly, Dr. M. Pennington, J.T. Davis, John Robbins and B.J. Bethurum. From the very beginning the bank did a fine business. I read a long list of congratulatory letters from experts in the banking business, praising Mr. Hutcheson's leadership abilities following the July statement which showed deposits to be nearly 5 times capital, insuring dividends to shareholders.

Broadhead has as good a barber as any town in Kentucky in Mr. W.C. Swinford, also a talented musician. He learned his trade in Cincinnati 14 years ago. Very few tears are shed by any man that he shaves. He is a hustler and handles everything in all kinds of goods, etc., raises and deals in Poland China hogs and is agent for a medicine that cures drunkenness secretly before the victim knows what kind of a proposition he is up against. Mr. Swinford married Miss Lizzie Painter July 19, 1903. A bath outfit will be put in, in the spring.

John Robins runs a General Merchandise store and deals in dry goods, boots, shoes, hats, clothing, groceries and hardware. John taught school, clerked for Brooks and Owens at Pine Hill, was a "cowboy" on a Texas ranch about 6 months and was a member of the firm of Robbins and Albright, druggists in Broadhead. Mr. Robins has been in business at the present location about 3 years, and in that time has built up a splendid trade.

The business of Albright and Adams deals in everything ever found in a general merchandise line and are also agents for Eagle fertilizer, vulcan chipped plow, D.M. Osborne and Co. mowers, binders and rakes and all kinds of repairs. A.E. Albright and William Adams constitute the firm.

A five-year-old business that has paid out to Rockcastle people between \$50,000 and \$75,000 for timber is the R.L. Collier pole business. Mr. Collier deals in electric light and trolley poles and can tell a good chestnut at long range. He has induced a big trade in that variety of article and has shipped several carloads of chestnut, which is used in tanneries and hardwood which is used for the manufacture of powder from Blandford. He has also shipped a great deal of black oak and gum piling.

Mr. R.H. Hamm bought out the other half of a partnership with Harry E. Dunn following Mr. Dunn's death last July. His store is 110 feet deep and two stories. He deals in dry goods, groceries, hardware, shoes, hats, furniture, farming implements, and has shipped bulk meal, flour, and other produce. The second story is used for furniture. He enjoys a large patronage and is assisted by two popular salesmen, Joshua Boring and W.A. Carson.

Did you know that the largest selling brandy in the United States is produced by the ROMAN CATHOLIC CHURCH? Distilled by monks in Napa, California, it is marketed under the name of the monastery, The Christian Brothers. Following is a part of the text of one of their ads:

"The brandy of the Christian Brothers has been known and appreciated by brandy-drinkers. As a matter of fact, it is the largest selling brandy in the United States. Don't take our word for it. Taste your favorite whiskey-then taste the Christian Brothers Brandy. You may find that the perfect whiskey you've had in your mind isn't whiskey at all. It's the Brandy of the Christian Brothers.

The Christian Brothers (what a misnomer) have three "houses" in the vicinity of Napa, California. The figures of their storage capacity and inventory is staggering-every man, woman and child in the United States could be supplied a pint without their vans running dry! The Christian Brothers have an additional one thousand and ninety-nine (1,099) "houses" in various parts of the world. (Cath. Dict., Vatican edition,

and their work gives general satisfaction in this and adjoining counties. Albright and Williams Francisco owns and operate the business are splendid gentlemen and their customers keep them on the go all the time.

The Albright Hotel at Broadhead is one of the best in the state with first class livery-in connection.

The firm of Dowell and Owens has been in business since September. M.G. Dowell and Walter Owens constitute the firm. These young men handle everything in the way of produce on an extensive scale in addition to groceries and fresh meats. By hard work and a heap of it, they have built up a big trade. Dowell and Owens traveled on the road in the picture business before returning to Broadhead to become produce merchants.

Mr. W.K. Shugar has one of the handsomest drug stores I have ever been in for a long time and have observed that his customers are among the best in that section. He is in stock everything that can be obtained in drug stores in large cities. He is an affable man and even his wife likes him remarkably well which is more than many men can say, I personally know.

Mr. and Mrs. C. Douglas Brock

McClure - Brock Vows Said

Judy Kay McClure and C. Douglas Brock were united in marriage December 20th at Danforth Chapel in Berea.

The bride is the daughter of Mr. and Mrs. William McClure of Route 1, Mt. Vernon and the groom is the son of Mr. and

Virgil Brock of Route 1, Broadhead.

Rev. Randy Osborne performed the double-ring ceremony, with a Christmas atmosphere, before an altar filled with poinsettias and four candles, with cathedral tapers.

Music was provided by Miss Audrey Faulkner, pianist and soloist, a niece of the groom. Mr. Robert Edwards, organist, played the "Wedding March."

Given in marriage by her father, the bride wore a floor-length gown of white satin with a layer of soft organza. The gown, designed and made by the bride and the Maid of Honor featured a scoop neckline with a standing shaped collar gracing a Valenciennes lace bodice. Valenciennes lace appliques and seed pearls enhanced the sheer full length sleeves and encircled the empire waist, continuing down the flared skirt to a complete, ruffled hemline and long train. A Juliet cap secured her fully shirred chapel-length veil accented with Valenciennes lace and enhanced with pearls. She carried a bouquet of white sweetheart roses and dusty pink miniature carnations interspersed with baby's breath.

Mrs. Betty Lou Thomas, Maid of honor and a sister of the bride, was attired in a floor-length dusty-pink satin gown. It featured a pipe jewel keyhole neckline tied in a bow with a full skirt and blouson bodice and a string tie the sash. She wore a sweetheart rose in her hair and carried a long-stemmed dusty pink carnation.

Bridesmaids were Ms. Alene Doan, Mrs. Faye Mink and Miss Sheryl McClure, all sisters of the bride. Their gowns were fashioned after the maid of honor in a vintage wine color. Each wore a sweetheart rose in her hair and carried a long-stemmed dusty pink carnation. Miss Melissa Dawn Mink, niece of the bride, served as flower girl and was dressed in a floor-length gown of white and floral print roses. She carried a basket of rose petals decorated with holly.

Serving as ring bearer was Eric Brock, nephew of the groom. Melvin Brock, brother of the groom, served as best man. The ushers were Hal Hunt, Gary Nicely and Douglas Brock.

For the wedding, Mrs. McClure, mother of the bride, (Cont'd to P-13)

Girls Win Fourth In A Row

Theresa Sturgill and Cynthia Holbrook play defense against a Lynn Camp player Monday night at the high school. The girls won 71 to 29. Sturgill

had 7 and Holbrook had 4. The girls downed Berea on Tuesday night 59 to 41. Sturgill led the girls in scoring with 19 against the pirates.

Glenna Reams, #30 blocks this shot on a Lynn Camp player in Monday night's action at the high school. The girls downed Lynn Camp by a devastating score of 71 to 29 for their 18th victory of the season. Glenna turned in a fine performance coming off the bench to score 9 points.

Girls' Coaches Corner

By: Coach Preston Farrett

We played Jackson County Thursday night and defeated them 73 to 60. The game was hard fought from tip-off to the final whistle. In the first quarter, the lead changed hands several times. The score was tied 16 all at the end of the period. In the second quarter the Rockets went on top by four. We had another good second half and went on to win.

Faulkner, Ruppe and Sturgill had hot shooting hands with Faulkner shooting 60%, Ruppe 59% and Sturgill 50%. Mulberry had 8 rebounds. Team shooting was 42 percent. Ruppe got 24, Faulkner 20, Bowman 10, Sturgill and Thomson 8 each, Clark 2 and Holbrook 1.

Monday night we played Lynn Camp at home and defeated them 71 to 29. The team shot fifty percent and pulled down thirty-four rebounds.

In the first quarter the girls jumped off to a 23 to 9 lead and never looked back. It was a foul trouble game for the team as twenty-eight fouls were toted against us. If anyone kept foul stats, we would win by a hefty margin as we have out fouled all of the opposing teams. Bowman led the scoring with 16, Ruppe 12, Reams 9, Sturgill and Faulkner 7 each, Cash 6, Deatherage 6, Holbrook and Clark 4 each.

Tuesday night we played Berea and defeated them 59 to 41. This was by far our best performance in recent games. In the first quarter Berea outscored us 12 to 10 but we came back in the second quarter and outscored them 18 to 18. We were ahead at the half 28 to 18. During the second quarter, Sturgill hit 5 of 6 attempts and for the game she hit 9 of 15 and scored 19 points.

In the second half we dominated the game as we hit on 12 of 25 attempts and pulled down 18 rebounds. Berea turned the ball over 20 times as compared to 7 turnovers for us. In the first half we only turned the ball over one time. Again we out fouled our opponent.

Ruppe, Faulkner, Thomson, Mulberry, Bowman, Holbrook, Clark and Reams all scored extremely well and it was a fine team victory. This is a great group of young players and they have represented Rockcastle County with pride and honor. The game ran their record to 17 wins and 6 losses. Way to go daughters.

Individual scoring for the game was: Sturgill 19, Ruppe and Bowman 11 each, Faulkner 8 with 12 rebounds, Thomson 6, Reams and Clark 2 each.

This was our last home game. We go to Whitley Co. Monday night and to Lincoln County Thursday night to finish out regular season play.

Boys' Coaches Corner

By Coach Roscoe Denney

Although last Friday was the 13th it didn't have any bearing on our game with Jackson County as far as luck or non-luck was concerned. We played our worst game of the season from start to finish and gave but very little if any effort. We simply stood around and did not work hard at any time during the game. Jackson Co. began the game shooting much better from the field than they had in the game here. Several of these shots came from long range, but with no defensive resistance. When Jackson Co. did miss it was only a matter of how many times they missed before making a field goal as the ball was rebounded at will. Many times we would gain possession of the rebound only to have the much tougher Generals take it away from us. We ran through everything we had defensively and the only thing that came close to being successful was a 1-2-3 half court trap which we used midway of the third quarter. At that point we did manage to cut the lead to 53-42 only to see the home team regain a 15 point advantage at the end of the third quarter. Near the end of the game we were forced to foul enabling our district rival to claim a 77-50 win.

On Monday night of this week we played the Lynn Camp Wildcats for the second time this season. As the game began we picked up where we had left off on the previous Friday by playing very lethargic, uninspired and non-aggressive. In addition to these things we probably shot as poorly from the field during the entire first quarter as we have all season long. To say the least we were ice cold. Only our very fine free throw shooting (28-39 for the game) enabled us to stay within striking distance during the first quarter and part of the second. During the second quarter our play began to pick up somewhat and we managed to overcome a nine point deficit and took a 30-28 lead to the dressing room.

As the third quarter began we played much better overall, especially on defense as we limited the visitors to only nine points during this quarter to increase our lead to twelve points at the end of the quarter.

During the fourth quarter we maintained anywhere from a 10-14 point lead and with some 3 1/2 minutes remaining were able to forego and by twenty. Instead of 70-46, the scoreboard should have read 69-46 for the final score.

In our game Tuesday night with the visiting Berea 15 point Pirates we got away to a fairly good start and were tied at 8-all with half of the first quarter remaining to be played. At that time Berea began to apply more pressure and we did not respond or adjust to this defensive change. We did not take our time against their half court press, made too many air passes and tried to force the basketball. As a result of this we got behind ten (10) points in a hurry. We were having to work for what we got while giving Berea the easy basket. The particular thing had given us problems early in the season and until last night we had worked out the problem considerably and actually outscored the opponents by a 29-23 margin. Prior to last night's game, in which we made 7 of 14 from the free throw line, we were shooting .682 from the charity stripe for the season. We had converted on 324 of 475 free throw attempts. The visiting Pirates made good on 28 of 37 for the game.

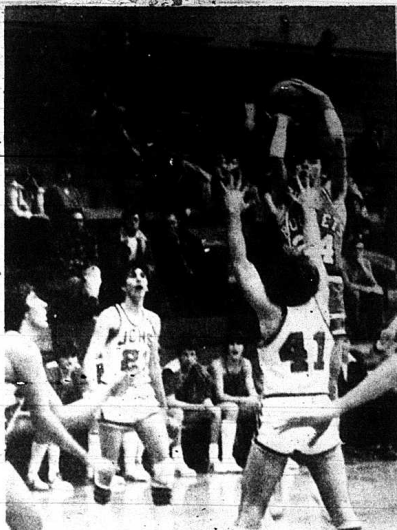

Berea led at the half 38-26 and the closest we could get after that was nine. The final score was 68-51 which was far below our season average of 68.0 ppg.

At this particular point in our season we are not playing well at a time that we need to be. Getting back on defense is an area that has hurt us in the past few games. We have three regular season games remaining before our district contest with Jackson Co. This Friday we will visit Stanford for a game with the Lincoln Co. Patriots.

Danny Offutt, No. 24, goes for 2 of 17 points against Jackson Co. Friday night. The boys lost by a surprising margin of 17. Offutt also led the scoring in the Rockets win over Lynn Camp with 21 and he was also high against Berea with 18. The Rockets had a bad week losing 2 out of 3.

MEET THE ROCKETS

Jerry Fain

Jerry is 5'7 1/2" tall and weighs 135 pounds. He was born on June 15, 1965 at Berea Hospital. He has lived in Rockcastle Co. all his life.

Jerry has been playing basketball for seven years and is a sophomore guard for the Rocket "B" team this season. He is a member of the Athletic Club and is also an Honor Roll student at RCHS.

During the summer Jerry enjoys fishing and by playing softball. Last summer he spent a week at the Transylvania University Basketball Camp in Lexington.

Jerry is the son of Mr. and Mrs. Bill Fain of Rt. 2, Livingstone.

Steve Collins

Steve was born on April 6, 1965 in Ellettsport, Indiana and has lived in Rockcastle County since 1968. Steve has been playing basketball for seven years. He is 5'9 1/2" tall and weighs 155 pounds.

Steve is in his Sophomore year at RCHS where he is an Honor Roll student and also a member of the Athletic Club.

He plays the quick forward position for the Rocket "B" team and is also a member of the 15-man "A" team squad.

Other than basketball Steve enjoys hunting and riding motorcycles. During the summer months he spends time working construction for his father.

Steve is the son of Mr. and Mrs. Preston Collins of Rt. 2, Mt. Vernon.

Rockets' Boys Lose Two of Three

The RCHS Boys Team did not fear so well this week as they lost 2 out of 3 games. On Friday night the Rockets traveled to Jackson Co. In hopes of downing the Generals again but played one of the worst games they have played all season long. The Rockets lost by an incredible margin of 17 points, 77-60.

The boys merely stood around on defense and played with an enthusiasm on offense. The result was a loss the boys could ill afford as they had beat Jackson at home by 8 points earlier in the season. The boys drew Jackson in the District and will play them on March 4th, 25 minutes after the girls game.

Leading scorer for the Rockets was David Burdine with 18. Danny Offutt had 17, Clinton Graves 8, Barry Proctor and Craig McGuire 4 each, Willie Hiatt 2, Steve Phelps 5 and Jeff Stevens 2.

The boys then hosted Lynn Camp on Monday night and picked up their win for the season by a score of 69-46. Even though the boys won by 23 the game was much closer than this. The boys were behind by 3 at the end of the first quarter and ahead by only 2 at half time. They came out in the second half and played much better ball to eventually pull away from Lynn Camp. Offutt led scoring with 21.

On Tuesday night the boys were back at their old selves as they lost to Berea for a second time this season 68 to 51. Berea led from the outset and it was

obvious the boys were out of this one in the first half. Berea could pull out by no more than 14 in the first half but the boys just could not seem to get close enough to make even a run at the Pirates. Danny Offutt led the scoring once again with 16.

The 49th District Tournament will get underway March 3rd at Jackson when Clay plays Oneida. The Rockets boys and girls will play Jackson Co. on Wednesday night March 4th. Game time: the girls will play at 6:30 and the boys will play 25 minutes after the girls' game.

BASKETBALL IS MONEY BALL

LEXINGTON — Basketball is money ball at least in Kentucky, and here is the saga. The Kentucky State High School Tournament is coming to Lexington next month for the second time in the last three years. The Southeastern Conference Tournament is rumored to be headed for the Bluegrass city in 1982. The reason is simple. Money.

After attendance at the boy's State Tournament declined by almost 50,000 over a nine-year period in Louisville, the Kentucky High School Athletic Association switched to Lexington in 1979. Attendance increased by nearly 12,000 for the four-day meet but the important figure was the revenue. The tournament brought in a record \$423,648.

Switched back to Louisville last year, the cash register was more than \$480,000 short of the Lexington figure. It's back in Lexington this year and the K.H.S.A.A. will be carefully watching the deposit slip. The Lexington Convention Bureau is going all out in an attempt to convince the powers-that-be that Lexington should be the permanent home of the tournament.

Why? Money. The Convention Bureau estimates the State Tournament will bring more than \$2 million into the Lexington economy.

The Southeastern Conference Tournament, held in Birmingham, Ala., since it was resurrected three years ago, is also casting eyes toward Lexington for the 1982 meet.

The league coaches may not be all that anxious to give Kentucky the hometown advantage, but you can bet the fact that U.K. has 23,000 seat Rupp Arena every time it plays hasn't been lost on the S.E.C. athletic directors who have to pay the bills.

The tournament in Birmingham has failed to draw a capacity audience in any of its three years.

The site of the 1982 Southeastern Conference Tournament won't be announced until sometime after this year's executive committee meeting. The feeling is strong that when the announcement does come, it will name Lexington as the home of next year's tournament.

In Lexington, basketball is money-ball.

Social Security Number is Key

A person's social security number is his or her key to future protection against loss or reduction of income because of retirement, disability, or death. Bob Anderson, social security manager in Richmond, said recently.

This is because future social security benefits will be based on the record of earnings kept under the number shown on the social security card during a person's working lifetime.

Many people have the same name, but each person has his or her own social security number which singles out that record from some 200 million others.

A person should show his or her social security card to each employer and make sure the employer copies the name and number exactly as shown on the card. This will help avoid any mistakes, as reportedly earnings are recorded under the correct number.

The stub showing a person's social security number should be kept with other important papers. If a person loses his or her social security card, he or she can then take the stub to any social security office to apply for a new card which will show the old number. Proof of identity is required, however.

A persons who changes his or her name should also apply for a new card. He or she will need evidence showing both old and new names.

It is against the law to use another person's social security number. It is also against the law to use a social security number obtained by giving

false information on the application. Penalties include a fine of up to \$1,000, a jail sentence of up to one year, or both.

More information about social security numbers and their use can be obtained at the Richmond social security office, located in the University Shopping Center, Easter By-Pass in Richmond. The telephone number is 623-5856.

LETTER TO THE EDITOR

Dear Editor,

I would like to take this belated opportunity to publicly thank the Rockcastle React for their generous donation to the foster children of the county. On December 18, 1980, Ted Rose and Ernest Bryant, representing React, presented me with a check for \$190.00 to be used to enhance Christmas for foster children. The money was divided equally and given to the foster children.

The React members stood out in the cold and collected this money on extremely short notice. On behalf of the foster children, I would like to thank React for their thoughtfulness and generosity.

Sincerely,

Phyllis S. Holbrook

Car Delivered \$198 million in Aid To Needy People Overseas

"CARE delivered more

than \$198 million in aid to needy people overseas during fiscal 1980, which means \$6.73 in assistance for every dollar donated by the public," announced Ohio-Kentucky CARE Director Jane Austin Patrick, upon release of the organization's 34th annual report.

The report stated that the organization provided more than 640 million pounds of nourishing food for approximately 30 million impoverished people, mostly malnourished children in Africa, Asia, Latin America and the Middle East.

However, Mrs. Patrick emphasized in the report that, "Providing food, and thereby helping hungry people to survive, is not enough. CARE helps people help themselves so that they themselves are involved in the process of combating poverty." Toward that end, CARE also emphasizes self-help development programs, as well as health care through MEBICO, the organization's medical arm.

Development projects included construction of water systems, schools, health clinics and farm-to-market roads, training in improved agricultural methods and teaching marketable skills, particularly to help women supplement meager family income. In addition, CARE delivered vast quantities of emergency supplies to Kampuchea (Cambodia), Thailand, Pakistan, Nicaragua, the Dominican Republic and Uganda.

Explaining how \$6.73 in aid was provided for every dollar donated, Mrs. Patrick said, "This was accomplished by stringent economy measures and by combining donations from private individuals and companies - which are the base of CARE - with U.S. PL 480 Food-For-Peace commodities; domestic and foreign government support; such contributions as merchandise and equipment from food processors, medical supply firms and others, plus training and treating by volunteer medical specialists. In addition, beneficiary communities donated labor and available materials for various projects."

Judge Thacker

County Judge Executive

All Citizens of Rockcastle County

In last week's paper, I expressed my appreciation for your help and cooperation as we have worked toward improving our County. We are not finished, but I am pleased with our progress up to this point.

I'm sure there will be those who will wish to criticize our record as a fiscal court. We must recognize that this is a right that belongs to all.

I believe that we, as candidates, should be honest and considerate in making use of this right. We should remember that election time will pass in a few months and that friendship and good will is necessary for us to continue to grow.

inception of the district courts, and I look forward to continued service during a second term, Maguire said.

Judge Maguire is a graduate of the Somerset Independent Schools, the University of Kentucky and the University of Kentucky College of Law and has, since taking office, completed courses of instruction for judges at the National Judicial College, Reno, Nevada and at Harvard University.

During the summer of 1979, Judge Maguire was named a National Endowment for the Humanities fellow when he was selected in a national competition to attend a prestigious NEH Seminar for judges and related professions at the Universities of Virginia College of Law.

In addition to national colleges and seminars, the candidate has attended numerous judicial conferences and educational programs sponsored by the Judicial Education Committee of the State Administrative Office of the Courts.

In 1980, Judge Maguire was awarded a State Bar Association Certificate of Recognition for completing more than 170 hours of continuing legal education since his election in 1977.

In asking for the voters to return him to office Maguire said: "As one of the states original 113 District Judges, I have tried very hard during the last three years to make our new district courts more effective and responsive to the needs of the public in both the 28th District and through my service on the Judicial Council throughout the state. I believe when I first ran for office, and feel even more strongly now, that politics must remain separated from the judicial process. Most citizens who come into contact with the judicial system will do so in District Court, and I have, with the excellent help of Judge Venters and the Circuit Clerk's office and the county attorney, labored diligently to make the 'people's court' just that, a fair and impartial forum which gives due regard to every citizen who comes before the court, regardless of his politics, position or station in life. I hope

that the public will examine my record carefully and, with confidence, return me to this important position of service in our community."

District Judges were paid \$27,500 when they took office in 1978. The 1980 General Assembly increased the compensation for all judges in the new Unified Court System and District Judges currently receive \$38,500. All Judges run on a judicial or non-partisan ballot. Maguire was an unopposed candidate in 1977 and took office in 1978 with fellow Judge J. Calvin Aker, who is now a Justice on the State Supreme Court.

"I want to thank the public for granting me the opportunity to serve them during this first difficult term of the district courts in Kentucky. I believe that we have made tremendous strides toward improving the quality and integrity of our judicial system and I want to ask all concerned voters-Republicans, Democrats and Independents alike-to support and vote for me in my bid for re-election," Maguire commented.

Judge Maguire advised that he would soon name his re-election committee and treasurer. The primary election this year is scheduled for May 29th.

Maguire is married to the former Jane Ross Williams of Paris, and they and their three children are members of the First United Methodist Church of Somerset.

either the high or low pivot and more in the low pivot than in the high pivot. The first rule of getting position is to get down low. Next, the offensive player should make himself big and this is done by spreading the feet wide and establishing a strong base of support. After those two things the offensive player must then fight for position and try and force the defense to guard him in a manner that will give the offensive player a decided advantage. In doing this the following guidelines must be followed: (1) If the defense is guarding you on the high side, take him higher, try and move him up the lane as this will give you more area to operate in on the baseline. (2) If the defense is guarding you in

the low side, take him lower, try and move him down the lane, again to increase your offensive area. (3) If the defense is fronting, pin him from the backside. (4) Look for the do not move until the ball is directly above your head. The passer should make an overhead pass if the defense's fronting and most of the time (9 times out of 10) in the other instances the passer should BOUNCE the ball into the high- and low pivots.

look at what's right with the girls team. The girls who are now 17 and 6 on the season have one of the finest teams to be brought together at the high school since the beginning of girls basketball in the county. Last night, I watched the girls as they soundly defeated Berea 59 to 41. This was one of the most interesting and exciting games I've seen all year and I've

seen most of the boys' games. The girls play hard, exciting basketball and have some great talent in their young players. Preston Parrett will lose only one of his starters next season at center Donna Faulkner. Donna is the only senior that even sees much action.

Coach Parrett has his girls primed and ready for District play-to-being-March 14th at Jackson Co. where the girls will have to play the host team; however, "this should pose no problem for the girls. The problem will come when they play Clay County in the finals on Friday night, March 6th. Two of the girls losses this season have come at the hands of the Tigers and will pose a major stumbling block to the girls in their effort to capture their first ever 49th district title. Even though it does not look as if the girls will be able to down Clay Co., they will advance to the regional tournament anyway as both the winner and the runner-up of the district both move ahead.

The girls should have some success in the 13th region and with a little luck and the grace of God could possibly win the whole bag of tricks; maybe this is being a little optimistic but with a 17 and 6 record and an excellent basketball team the girls just might surprise everyone. The boys may have had a terrible season but the girls are on a roll as they've won four in a row and should win their last two regular season games and take a 6 game winning streak and a 19 and 6 record into the District.

One thing is for sure, if Rockcastle County folks would like to entertain the remotest thought of a 13th region crown, they had better get behind the team with the best chance and at this point it is Coach Preston Parrett and his fine girls' ball club.
