He is survived by a daughter, Janelle Parks of Johnson City, Tenn.; two sons, Dale Bray of Mt. Vernon and Bennie T. Bray of Danville, and a sister, Mrs. Mae Roberts of Brodhead, several grandchildren and great grandchildren. He was preceded in

Patrick Craig, a technical agriculture major at Eastern Kentucky University, prepares for a mock job interview with Laura Melius, acting assistant director of the EKV Division of Career Development and Placement. The interview is videotaped and later played to help the students improve interviewing

performance. The special training program is a joint effort by EKV's Department of Agriculture and the Division of Career Development and Placement. Craig, a senior from Brodhead, is the son of Gattiff and Nell Craig.

"UDAG GRANT" (Cont. From Front)

In effect, it means no more money this fiscal year," Hayes said, "and it's doubtful Congress would pass necessary legislation to continue funding the program this year."

Hayes said the company could possibly seek additional money through industrial bonds through the state, but no company official was available to comment on the company's future efforts.

Revenue bonds usually carry an interest rate of two percent less than the prime rate. Currently, that would be 7.5 percent. The bonds are handled exclusively by and through the state with no particular city involved.

Hayes said the application for the UDAG grant had been sent to the federal agency and it appeared to be well on the way to approval, when the agency cancelled further grants.

Turning the corner in our deficit fight

With both the President's State of the Union speech and the unveiling of his proposed 1987 budget this past week, Congress is now embarking on a new path, a path which I believe will bring our federal spending crisis to a positive solution in the years ahead.

All of us remember too well the price we have paid because of our past huge budget deficits. The over-valued dollar those deficits

have caused has hurt our trade policy, costing us billions of dollars in revenue and thousands of lost jobs. We have also seen interest rates, while far below the record highs of 1980, remain stubbornly higher than they should be. We have accumulated a two trillion dollar debt, a debt which cannot go on any longer.

Last year, Congress approved a new system for getting our deficit under control. It forces

down the deficit over the next five years, ending up with a balanced budget by 1991. This legislation was a radical approach, but one we needed to get our financial house back in order.

In his speech this week, the President reiterated his support for this approach. He maintained his stance against any new taxes, and he continued to push for important defense spending.

In the budget, which was unveiled the next day, he followed up his speech with some tough choices for Congress to face. Some of what he called for, I cannot support. These items include ending the Appalachian Regional Commission, a program which I believe should be continued. Its programs have helped thousands of Fifth District families, and more is left to be done.

But the President's budget is just the first step. Congress will now take a look at what it thinks the budget priorities ought to be. The budget which the House and Senate will draw up will have many differences from that which the President has suggested. The final outcome will be the end result of the negotiations which will take place between the White House and Congress.

I am extremely hopeful that we can make some important changes in the President's proposal, while maintaining its overall goals. But the bottom line for both Congress and the President will be the same—reducing the federal budget.

As the process of shaping the budget continues, I will continue working for the important programs we need, while we pruned from the budget those things we can live without. Together, we will achieve lower interest rates and a stronger country.

Veterans benefit counselor will be here February 21

Curt Johnson, Field Veterans Benefit Counselor of the Kentucky Center for Veterans Affairs, will be in Mt. Vernon on Feb. 21.

The office will be located in the treasurer's office, at the courthouse. Office hours will be from 9 a.m. to 3:30 p.m.

The counselor will be there to assist veterans, their families, their dependents, or beneficiaries in the presentation, proof, and establishment of all claims, privileges, rights and other benefits which they may have under federal, state, or local laws. The service is free.

As a state employee, the counselor does not represent the Veterans Administration. However, he can advise and assist you with any claim you may wish to file with the VA. "Let us help you bridge the gap."

Girls Scout leaders hold monthly meeting

On Feb. 4 there was a monthly Girl Scout leaders meeting. We discussed the events for March.

On March 8 there will be a First Aid Workshop. March 8-15 is Girl Scout Week. Each troop of the county will plan and carry out something special to do during that week. March 22 will be International Day. Each troop will be a different country and prepare a dish, flag, costume or song from that country.

Those who attended this meeting were Regina Hodge, Donna Brewer, Liz Phelps, Iris Parker and Kathi Coffey.

Vets' Questions & Answers

Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q. I am a widow of a veteran. Prior to my husband's death we planned to adopt a child who was supported by and lived with us. My husband died before we were able to do this. Can I receive Dependency Indemnity Compensation? Can I claim this child as a dependent?

A. A child living in the veteran's household at the time of his death, who is adopted by the surviving spouse within two years after the veteran's death, can be established as a dependent of the veteran.

Q. I have been rated permanently and totally disabled by the VA. I have National Service Life Insurance and I am still paying my premiums. I thought my premiums would be waived?

A. Waiver of premiums is not automatic. Disability criteria for VA compensation and pension benefits differ from those used for waiver of insurance premiums. Your nearest VA office can assist you in filing a claim for a waiver.

Q. How does a veteran initiate a claim for VA compensation for pension benefits?

A. The veteran may contact the nearest VA regional office, a service officer or one of the veterans service organizations, or a state or county veterans' office to obtain the forms necessary to initiate the claim. Any of these sources can provide information about benefit programs and assist in completing application forms.

NOTICE OF INTENTION TO MINE

Pursuant to Application Number 102-0026

In accordance with the provisions of KRS 350.055, notice is hereby given that Edward Sandy Co., Inc., P.O. Box 246, Ferguson, Ky. 42533, has filed a major revision to an application for a permit for a surface coal mining and reclamation operation of approximately 90 acres located 1

mile east of Red Hill in Rockcastle County.

The proposed operation is approximately 1 mile south from Ky. 1955's junction with County Road No. 1013 and located 2 miles east of Trace Branch. The latitude is 37 degrees 22'09". The longitude is 84 degrees 09'20". The surface area is owned by: Frank H. Ikerd, Jr., Frank H. Ikerd III, and U. S. Forest Service.

The proposed operation is located on the Livingston U.S.G.S. 7 1/2 minute quadrangle map. The operation will use the mountain top removal method of mining. The application also includes a proposed land use change from forest land pre-mining land use to a hayland and pasture with permanent improvements post-mining land use. The revision is proposed to revise the silt structure to permanent impoundments. The operation will affect an area within 100 feet of Rockcastle County Road No. 1013.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's London Regional Office, Kentucky Highway 90, 3rd Floor, State Office Building, London, Kentucky, 40741-8022. Written comments, objections or requests for a permit conference must be filed with the Director of the Division of Permits, 6th Floor, Capital Plaza Tower, Frankfort, Kentucky 40601.

This is the final advertisement of this application; all comments, objections, or request for a permit conference must be received within (30) days of today's date. 28x1c

Before the snow came, this picture was taken of clearing and excavation that has started at Mt. Vernon Plastics where an additional building is to be

erected and manufacturing facilities expanded. A story relating to the company is on Page one of this edition.

Senior forward Caroline Machal, No. 50, was one of the three players who managed to score in last Thursday night's game at Somerset. Machal and Lori Mink each got 10 points and Sandy Hunter scored 7. The girls lost 48-27, under very adverse circumstances. The game at Lynn Camp, scheduled for Tuesday night, was cancelled. The girls next scheduled game is Monday night at Garrard Co. The boys have not played a game since last week's paper.

Recently the Roundstone Brownie Troop 1079 opened the PTO Supper with a flag ceremony. We would like to thank Rep. Harold Rogers for our US flag. They bought the Brownie Flag from money earned selling calendars. After the flag ceremony the girls sang three songs for the crowd. Those present left to right were, Amy Thacker, Michelle Chasteen, Christy Parent, Amber Coffey, Jama Cornelius, Lisa Mickiff, Jerusha Stallworth, Gaye Stallworth, Amy Truett, Gina Stigmon, and Nicole Blair who got cut out of the picture. Eleven of our fourteen scouts were present. We are proud of all fourteen.

Soil conservation and farm planning

By: Steve Hilenman
Soil Conservation Service

Now is the time for all farmers to be planning what they are going to do with their land in the upcoming growing season that will be most beneficial and economical for them.

Here at the Soil Conservation Service we offer assistance to the farmer dealing with farm planning. This is done by visiting the farm and talking to the farmer to find out his needs and to determine what he plans to do on his farm. We then come into the office and draw a set of aerial photo-

graphs for the farm so that each field is plotted and describe the planned use and acreage amount. We then use the soil survey of Rockcastle County to determine the capability and productivity of the land. A copy is then given to the farmer for his own reference.

The Soil Conservation Service provides technical assistance and helps the local landowner and farmer in the wise use and conservation of the soil that we depend on for so many things. If we can be of any assistance, feel free to contact us at the Rockcastle Courthouse or by calling 256-2541.

Kentucky ready for dose of Kentucky tournament time glow for NCAA

Observations and things. More because of its mental toughness and talent did the Kentucky Wildcats beat back Vanderbilt at home and Ole Miss at Oxford last week.

But there are good reasons for coach Eddie Sutton's concern about his club's decline in field goal and free throw accuracy and rebounds per game.

Concern? Probably because, like most college teams nearing the end of an arduous season that (really) began earlier even than last Oct. 15, fatigue is starting to set in.

But there is a saving grace here. The "better" college clubs get a second wind at the end of February and build a new momentum—tournament time glow.

Kentucky is one of those clubs. A "tournament time" team.

However, I am inclined to agree with the mahatma of college basketball, Al McGuire, who said about UK last Sunday, "I cannot be too complimentary of a team without a center."

The NCAAs? McGuire projects UK making it as far as the tournament's final 16, but does not see the Wildcats in the Final Four.

The wonderful thing about that for fans everywhere is the magic of this game—a team's ability to defy all the odds, the experts, the predictions. Rollie Massimino and Villanova fans know.

Sutton mystique It has indeed been a honeymoon kind of season for UK under Sutton. Everything has come up roses—Next, the NCAA Tournament. From here, there seems to be three areas that loom as keys for UK's continued success.

•Sophomore Richard Madison may be ready to blossom once more (had 13 points at Ole Miss). Last year the 6-7 forward came on at the end of the season to play an important role in UK's NCAA trip west.

•Roger Harden has become not only the playmaker, but Mr. Clutch when a big basket is needed outside. The 6-1 senior won the game at LSU, then made momentum swing hoops against Vandy and Ole Miss.

•James Blackmon's consistent improvement has been phenomenal in these areas—better shot discipline, excellent defense, improved attitude about his role on the team.

These could be the keys for Kentucky at tournament time.

UK's banner season.

•When UK beat Ole Miss it marked the sixth time in the last eight years that the Wildcats have had a 20-win season. Too, the victory (Feb. 9) was the earliest Kentucky had clinched a 20-win campaign since 1980 when it came on Feb. 6.

•On the SEC road: Sutton said Sunday, "With six games left, it looks like it (the SEC title race) is going to come down to us and Alabama."

I like UK's chances because 'Bama still has games at Auburn, Tennessee and Florida. UK, after Thursday's date at 'Bama, must go to Georgia and Tennessee.

Bowling report

There was no movement between the three first place teams in the Rockcastle Mixed League at Richmond last week with the Wildcats maintaining their hold on first place with a 60-28 record. NAPA is still in second place at 50 and 38; and the High Rollers are third with 48 wins and 40 losses.

High Team Series for the week went to the Rebels with a 2445. NAPA was second with a 2371, and the Gutter Dusters were third with a 2322.

The Rebels also took High Team Game with an 837. They also took second High Game with an 835, and the High Rollers were third with an 824.

High Men's Series for the week went to James Noe with a 569. Jack Noe had a 511 and Rick Anderkin had a 496. James Noe also took High Men's Game with a 216 and second High Game with a 191. He was tied for second High by Russell Houk.

High Women's Game went to Alice Faulkner with a 505. Kim Mullins had a 500, and Millie Reynolds a 485. Kim Mullins took High Women's Game with a 393. Verne Winstead was second with a 182, and Jeanine Parsons was third with a 179.

State Rep. Danny Ford, seated, tries to concentrate on reading a piece of legislation while two House colleagues literally talk over him during a recent day's session of the Kentucky General Assembly. Ford is a member of the State Government Committee, which meets each Thursday. Those meetings—like all legislative committee meetings—are open to the public.

City councilman Tom Welch, a member of the VFW Post locally, displays a bronze marker obtained from the Veterans Administration, thru the local VFW, for Max King, Pvt. King was killed in action in 1953 in Korea and is buried in Walnut Grove Cemetery. The C. McNew Monument Co. mounted the plaque on a marble stone and set it in concrete.

Representative Danny Ford was among one hundred state legislators hosted by the Kentucky Association of County Agriculture Agents. The Kentucky Country Kitchen Buffet featured Kentucky farm products. Serving Danny are Agriculture Agents Tom Mills from Mt. Vernon, and Dan Grignon from Stanford.

3 injured as pick-up and car collide

Three persons were injured in the collision of a Kentucky State Police car and a pickup truck about 7 p.m. Saturday at the intersection of U.S. 150 and old Ky. 461.

Admitted to Rockcastle County Hospital was Rockcastle Constable Randall Stevens who was a passenger in the police car. He suffered head and chest injuries.

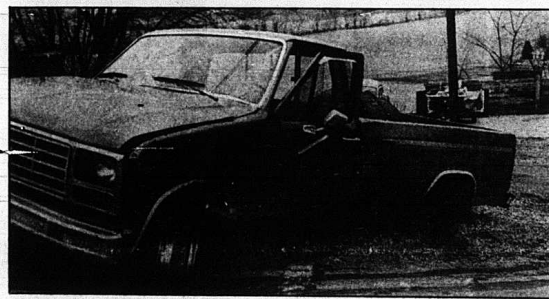

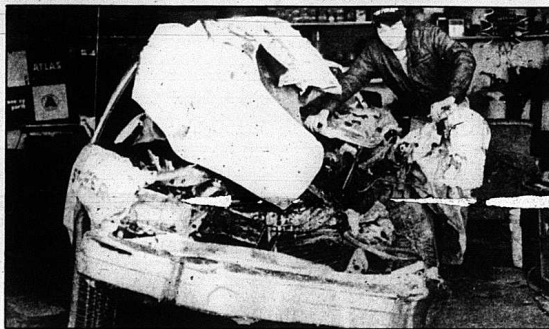

Treated for head and chest injuries and released was State Trooper Darrell Presley. Treated for head injuries was the driver of the pickup truck, Leonard (Roge) Hammonds of Mareburg.

According to a report filed by Sgt. David Biggerstaff of the Kentucky State Police Post at London, who investigated the accident, Hammonds apparently ran a stop sign while turning left off Ky. 461 onto U.S. 150 and his pickup was stuck broadside by the eastbound police car.

Both vehicles were a total wreck.

Hammonds was charged with driving under the influence of alcoholic beverages, failure to stop at a stop sign, and failure to yield the right-of-way.

According to Gilbert Accardo, public affairs director at the London Post, Trooper Presley was "trying to get a drunk driver off the road" when the accident occurred. Accardo said Trooper Presley did not have his flashing roof light in operation. He said it was the third accident involving Trooper Presley in a police car.

Three persons were injured Saturday night when a Kentucky State Police car, top picture, and the pickup truck, bottom, collided at the old Ky. 461 U.S. 150 interchange west of Mt. Vernon. In the top picture, George Isaacs examines the police car at Renfro Valley Gulf. Story of the wreck is in an adjoining column.

Playing with a gun costs life of local boy

Playing with a gun cost the life of a Mt. Vernon youth while visiting at a home Sunday in Mt. Vernon, according to a city police report.

Jerry Glen Bryant, 16, son of William and Wilma Bryant, died Tuesday in the intensive care unit at the University of Kentucky Medical Center.

The shooting is termed "accidental" and the gunshot "self-inflicted" pending further investigation, Police Chief Joe Howard stated.

Jerry Glen Bryant

Chief Howard said the shooting occurred at the home of Nina Mayhew on Williams Street about 2 p.m. Mrs. Mayhew was not at home at the time of the shooting.

The chief reported witnesses said Bryant came to the house during the night and slept in a chair. When he awoke he went into an adjoining bedroom and saw a .32 caliber pistol lying on a bedside table with one shell beside it.

The youth put the shell into the gun and walked to the doorway separating the two rooms and placed the gun upward toward his temple and pulled the trigger, the chief continued. The gun clicked. He then pulled the trigger again and the gun fired.

Chief Howard said one of the four young people in the house told him Bryant was warned seconds before he pulled the trigger. The second time that the cylinder advanced automatically after the trigger is pulled, but it was too late.

The gun belonged to Tommy

Bingham who had purchased it Saturday. Bingham was one of the four in the room, the chief related.

Bryant was taken to Rockcastle County Hospital and then transferred to Lexington.

Chief Police Officer Jimmy Durham assisted in the investigation.

No charges have been filed in connection with the incident.

He is survived by two brothers, William Clinton Singleton, Jr. and Johnny Dale Singleton; sister, Gail Singleton; and Angel Marlene Singleton, all of Mt. Vernon; paternal grandparents, Clinton and Lizzie Singleton of Liberty, and Eva Singleton of Norwood, Ohio; maternal grandparents, Hazel Bryant of Mt. Vernon and Henry Bryant of Brodhead.

He will be taken to the Dowell & Martin Funeral Home where arrangements were incomplete at press time.

It could be a dull affair

By: Ray McClure

Unless there is a noticeable change, this year's May 27 primary election could be a lackluster affair.

If there is any excitement it will probably be in the November general election, but even then incumbents seem to have a head start.

There will be at least one local candidate in the primary. Republican State Rep. Denny Ford, R-Mt. Vernon, has filed for re-election to a second term.

To date, no one has openly

indicated interest in challenging Ford, but he is expected to have primary opposition. Ford's district includes precincts in Rockcastle, Lincoln, Pulaski and McCreary counties.

There could be some excitement generated—in November when two seats on the Rockcastle County School District board of trustees is up for election.

Those seats now belong to Dr. Rudolph Burdette, who is chairman of the board; from District Three (Mt. Vernon), and George Pointer in the First District (Livingston). Filing deadline for

school board seats is Aug. 26.

U.S. Rep. Harold "Hal" Rogers, R-Somerset, is expected to seek re-election in the Fifth Congressional District, but to date he has not filed. Like Ford, no one has shown an interest in opposing him.

A major race this year appears to be the re-election bid for a third term of U.S. Senator Wendell Ford, who has no Democratic opposition in the primary. Sen. Ford announced this past week that he would be a candidate during rallies around the state.

Only two Republicans have to date indicated they will be candidates. They are Thurman Jerome

Sign-up time continuing at Rockcastle ASCS office

Persons interested are reminded that the Rockcastle County ASCS office is holding the first 1986 ACP sign-up now through Feb. 15, according to Benton Bullock, chairman of the Rockcastle County ASCS Committee.

Bullock stated that practices available to the farmers of the county include seedings, water conservation and forestry practices.

A more detailed list of the practices available for this period is available in the county office.

One program available to farmers, with strict stipulations, is the SL 15 No Till program. This program is only available to farmers who have not used this method and have not received cost-sharing for this practice in prior years. Estimated cost-sharing for the No Till practice is \$13.50 per acre, with the Soil Conservationist overseeing this practice.

Seeding practices, both new seedings and renovations, must first have a current soil sample in the County Extension Office before signing for cost-sharing.

Bullock further stated that since Rockcastle County is under new variable cost sharing method, all requests will be evaluated at the end of the sign-up period and only those practices which obtain the most conservation such as to the saving of soil will be as high as 75 percent of the actual cost of this practice under this new variable cost-sharing method.

All requests must be filed and approved by the ASCS-Committee prior to the starting of work pertaining to the practice.

Participants receiving approvals of ACP-245's are urged to carefully read the ACP-245 request form and to do the work according to the instructions. Special attention should be given to the extent approved block of the approved ACP-245 as it could differ from the extent requested.

Bullock urged Rockcastle County farmers interested in applying for ACP cost-sharing practices to bring their soil samples to the county agent's office as soon as possible, keeping in mind the Feb. 15 deadline.

Industrial grant money is put on hold for this year

By: Ray McClure

An Urban Development Action Grant (UDAG) that would have helped finance expansion of facilities and operations at Mt. Vernon Plastics went by the board this week when the federal program was put on hold.

If the \$123,000 grant applied for by the City of Brodhead in return be loaned to the plastic firm had been approved, the city would have received over \$150,000. The term of the loan was reportedly for five years at eight percent interest, less an undetermined amount for administering the loan.

The company plans a building addition at its plant in the Rockcastle Industrial Park and additional manufacturing capability.

Mike Hayes, development specialist for Cumberland Valley Area Development District (CVADD) which was handling paper work on the grant, said this week the federal Office of Management and Budget has deferred until Sept. 30 all further UDAG grants, and that it is unlikely that additional grants will be available next year because of the expected cuts in the federal budget.

In the good old wintertime

Winter weather arrived with the season's only major snow storm that began Monday and continued into Tuesday. A total of eight inches of snow fell at the weather station at Cox Funeral Home in Mt. Vernon. It was almost a year to the day when a similar snowfall clogged the area. On Feb. 12, 1985,

a total of eight inches blanketed the area. Schools in the county are closed, at least through the remainder of the week. Above, Burgess Mullins, with shovel and Dennis McClure, city employees, clear snow in front of the Mt. Vernon City Hall.

Shoot into building

The office building at Philbeck's Used Cars was riddled with bullets Monday night. Mrs. Lois Philbeck said Tuesday that there were no cars on the lot at the time. State Police are investigating.

Post Office at Brodhead opens today

Patrons of the Brodhead Post Office will have a new building for business today, according to an announcement by postal officials.

Moving into the new facility began Monday and was expected to be completed in time for today's (Thursday) opening.

The acting postmistress is Peggy Baker. She said a permanent postmaster will be named at a later date. Neither she nor the previous acting postmaster, Ben Culbertson, will be considered for the permanent position.

The new \$160,000 brick postal facility is located on U.S. 150 east of the old office and opposite the Brodhead Christian Church. It contains 2,100 square feet, had loading docks, handicapped access ramp, 400 new boxes, and double the working space of the old office.

The Brodhead Post Office serves about 1,100 families and an estimated 2,500 to 2,800 persons. It is the first Postal Department constructed and owned facility in the 220-office Lexington Management Section Center.

Office hours are 8:30 a.m. to 11:30 a.m. and 12:30 p.m. to 3:45 p.m. daily, and 8:30 a.m. to 10:30 a.m. Saturday.

Commodities distribution

Commodities will be distributed Friday, Feb. 14, weather permitting at the following locations: First Baptist Church and First Christian Church in Mt. Vernon, Livingston, Pentecostal Church and old Brodhead City Hall.

Mullins honored as Gaines Fellow

University of Kentucky student, Roland Dye Mullins of Rockcastle County was honored during a special program Feb. 5 at the Gaines Center for the Humanities in Lexington.

Dr. Raymond Betts, director of the UK Honors Program, presented the 18 UK John R. and Joan B. Gaines Fellows with scarves in the blue and white colors of UK and the red, green and black of Gainesway Farm. Mullins, who lives in Mt. Vernon, and is the son of Mr. Vernon Mayor and Mrs. Roland D. Mullins, is a junior majoring in electrical engineering and Russian language and literature in the College of Engineering and Arts and Sciences. Mullins is receiving a \$2,000 stipend during his junior year and will receive \$3,000 in his senior year.

The Gaines Fellows are re-

quired to take two special seminars in their junior year and write a major research paper in their senior year. They are also invited to participate in all the activities of UK's new Center for Undergraduate Studies in the Humanities.

The million dollar center, which is housed in three renovated buildings on East Maxwell St. in Lexington, is funded by the Gaines' \$500,000 endowment and matching money from the University and the Kentucky Heritage Council.

Mullins was also recently featured in the UK's "A Closer Look."

In the article entitled "Student Perspectives," Mullins was one of four students featured. Each student wrote an article listing UK's strengths both academically and socially, personally applied.

Pierces are with Alaska mission

Mary Rader Pierce, the youngest daughter of Ballard Rader from Brush Creek, and her husband, the Rev. Greg Pierce, recently accepted an appointment from the Southern Baptist Home Mission Board to Homer, Alaska.

For the past several years, Mary and Greg have been extensively throughout the U.S. and Canada conducting revivals for the Southern Baptist Mass Evangelism Board while also pastoring in Waycross, Ga.

"Mary's clear Kentucky voice has always been a real asset to me as my song leader in revivals and crusades and now on the mission field," the Rev. Pierce said. "Most Alaskans have never heard country gospel before and they want to 'love' it. Even Russians have come to the services and heard Mary sing."

Mary's father, Ballard Rader, pastored several local churches, including Red Hill, Fairview, Macedonia, as well as preaching in countless more. Mary's mother, Edith Rader, a graduate of Eastern Kentucky University, was a Rockcastle County schoolteacher. Both are now retired and live in Berea.

"Being raised in a Christian home and in the Kentucky hills has greatly influenced and affected my life," Mary said. "Both have brought me close to God and have kept me in His service." Mary's husband, Greg, was born in California and raised in Texas. He spent eight years in law enforcement, of which six years was with the F.B.I. in Washing-

ton, D.C. before accepting a call from God into the ministry. He was also the personnel manager of Keller Industries in Berea for the first two years the plant was in operation.

Moving to the mission field in Alaska has been quite an experience. The 1,000-mile highway system on the southern tip of Alaska's Kenai Peninsula.

Mary said they often supplement their meals with moose, reindeer, caribou, and even bear, as well as seafood from Kachemak Bay.

Already they have opportunity to conduct services in other villages in Alaska accessible only by "bush" planes, even north of the Arctic Circle.

"We know of people within 30 miles of us that have never as

much as heard the name Jesus Christ, much less to have owned a Bible," the Pierces said.

They went on to say they hoped Mary's parents can visit them this spring, and they're sure that Ballard and Edith are looking forward to it.

The Pierces have three children: Anthony, 8, and a newly adopted daughter, Joey, 2. They also have an adopted daughter, Bonnie, who is now married and living in Patterson, Ga.

The Pierces said they really enjoy hearing from people back in the "lower 48" and would appreciate any correspondence. They promise to answer all letters and questions concerning their mission.

Their address is: Greg and Mary Pierce, P. O. Box 2866, Homer, Alaska 99603.

Miss Wilcop is member of EKU opera production

Johnna Dell Wilcop, of Brodhead, has been cast as a member of the chorus in Eastern Kentucky University's first opera production, "The Bartered Bride."

The music education major at EKU is the daughter of Johnny and Margie Wilcop.

The joint production of the EKU departments of Music and Speech and Theatre Arts will involve singing, dancing, and a considerable amount of dramatic skill.

The performances will be presented Thursday, Feb. 27, and Saturday, March 1, in EKU's 1,675-seat Brock Auditorium of the Coates Administration Building.

General Admission tickets will be \$4 for adults and \$3 for students and senior citizens. Tickets go on sale Monday, Feb. 3.

from the EKU Department of Speech and Theatre Arts.

Written by Bedrick Smetana in 1865, the opera is considered by many to be the Czech national opera.

"The romantic comedy will be presented in English.

Eastern Kentucky University at Richmond is a comprehensive regional university serving more than 12,000 students with a diversity of programs in its nine colleges and graduate school. It has been serving Kentucky and the region since 1906.

TAX RETURN FILING (Get other benefits)

With the new year comes the often unpleasant task of filing your income tax return. This is an excellent time to analyze your overall financial picture.

Many of us wish we could take the time to review our investments, check on our insurance, improve our record system and check to see that our financial decisions are sound.

Tax return filing season gives you an opportunity to raise the questions you may have set off in reference to real estate investing or tax shelter analysis. Accountants are willing and qualified to assist you in reviewing your tax and financial questions. The more questions you ask and the more you learn about business and general tax concepts, the better equipped you become to ask profitable questions of your accountant.

If you're running a small business, perhaps you have questions about the use of computers in your business. Maybe you have questions about business expansion, or equipment lease versus buy decisions, or inventory control, or employee pension and profit sharing plans.

Whether you're filing a very simple income tax return or a more complicated business return, you should take a few extra minutes to question and to research about all these other very important financial concerns. Accountants handle a great variety of "business" and financial transactions. They make very good sounding boards. If your questions fall outside the area of expertise of your accountant, he/she will direct you to other professionals for assistance.

Mr. and Mrs. George L. Crawford

Machal-Crawford exchange vows

Sheila Rae Machal became the bride of George Lee Crawford in a double ring ceremony Friday evening, Dec. 20, 1985 at the Southside Christian Church in Harrodsburg.

The bride is the daughter of Mr. and Mrs. Paul Ray Machal of Harrodsburg. Mr. Crawford is the son of Mr. and Mrs. George W. Crawford of Rt. 2, Crab Orchard. The bride is the granddaughter of Mrs. Sara Machal of Mt. Vernon.

Bro. Bob Nelson officiated at the ceremony with Miss Judy Smith of Lexington providing a selection of wedding music. Soloist was Kenny Speaks of Harrodsburg.

Best man, Mr. Nancy Anne Phillips of Burgin. Bridesmaids were Miss Vickie Sims of Harrodsburg, Mrs. Debbie Steele, also of Harrodsburg, Judy Brock of Crab Orchard, and Mrs. Lori Mastin of Columbus, Ga.

Holly Machal of Mt. Vernon, cousin of the bride, Mt. Vernon, and Kevin Lee Machal, brother of the bride. Ring bearer was Adam Salovee of Harrodsburg.

The bride, given in marriage by her father, was attired in a traditional gown of whisper tulle, designed with a Victorian neckline and enhanced with mar-

box surrounding the shoulders, cuffs and draping on the cathedral length skirt. The bodice and skirt were adorned with viennese lace appliques and embellished with sequins and pearls. Her hairpiece was a picture hat with the brim fully covered with maribou. From this flowed a chapel length silk illusion.

The maid of honor, bridesmaids and flower girl were all attired in full-length gowns of white tulle, adorned with Victorian neckline and enhanced by ruby maribou surrounding the shoulders. Their hairpieces were skull caps, encircled in maribou with shoulder-length silk illusion flowing from the cap.

The altar was decorated with a brass arch with white poinsettias and a spiral candelabra with cathedral papers and seven branch candelabra.

For her wedding bouquet, the bride carried a cascade of stephanotis and white magnolia with magnolia foliage. The bridesmaids and maid of honor carried bridal bouquets with white pine and cranberry carnations.

The bride's mother wore a floor-length gown of light lavender. The groom's mother chose a pink brocade street length dress. Both ladies wore corsages of white veldite roses.

At the guest register were Traci Burdette and Jenny Coffey, both of Mt. Vernon, and Amy Smith of Stanford, all cousins of the bride.

Distributing rice bags at the reception were Bianca Wray, Kristy Straten and Heather Steele, all of Harrodsburg.

The reception was held at the church. Coordinating the reception was Mrs. Dixie Norris of Harrodsburg. Serving were Mrs. Janita Bell, Mrs. Lynda Carr, Mrs. Lucinda Logue, Mrs. Joy Robertson and Miss Joyce Goodlett, all of Harrodsburg, and Mrs. Betty Machal, of Mt. Vernon. Wedding programs were distributed by Miss Lisa Sims.

After a wedding trip to Gatlinburg, Tenn., the couple are making their home in Crab Orchard. Mrs. Crawford is employed at the Rockcastle County Hospital in Mt. Vernon. Mr. Crawford is an employee of Lincoln County National Bank in Crab Orchard.

10 require 800 mg of calcium daily. This means a recommended three servings a day from the dairy group as part of a balanced diet. For example, 1 1/2 ounces of cheese, a glass of milk and a cup of fruit yogurt will more than meet a child's recommended dietary allowance (RDA) for calcium.

Due to increased bone growth (length) and development (strength), adolescents 11 to 18 years old increase their calcium RDA to 1,200 mg a day. This can be met by eating four servings a day from the milk group such as three ounces of cheese and two glasses of milk.

Osteoporosis: A Concern For Young People?
According to recent government studies, many young people do not get enough calcium daily. In fact, females over 11 years of age were reported as one group at greatest risk of calcium deficiency. Prolonged calcium deficiency may lead to osteoporosis (fragile, brittle bones) in later years. This disease has reached epidemic proportions in the United States, especially among women. Over 15 million Americans have some degree of it and as a result, there are an estimated 1.3 million fractures each year. Once a person develops osteoporosis, it is not reversible.

Consuming the RDA for calcium every day during childhood and the teen years promotes strong, healthy bones, best deterrent for osteoporosis. Moderate weight bearing exercises such as walking, light jogging, bicycling, dancing and skating and the avoidance of cigarette smoking are also helpful in preventing this disease.

The Calcium Choice: Dairy Foods
Dairy foods are the best and most abundant source of calcium in our food supply. Many products contain lactose and vitamin D which enhance calcium usage by the body. The wide variety of products, available in lowfat, skim and whole milk, make it easy for children and teens to meet their RDA for calcium the delicious and natural way.

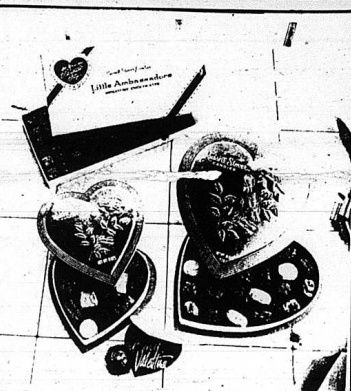

Put 'n Cheesewich
Nuts 2 tablespoons peanut butter on 1 slice of whole wheat bread. Top with 1 slice (1 ounce) Cheddar cheese and a lettuce leaf. Cover with a second slice of bread. (273 mg calcium, 413 calories per sandwich)

CALCIUM NEEDS CHANGE AS CHILDREN GROW OLDER

Most of us know that we need calcium throughout childhood and adolescence to help build strong bones and teeth. The National Dairy Board, however, reminds us that dietary calcium requirements vary at different age levels. Teens require 50 percent more dietary calcium than children who, in turn, need much more calcium than infants.

Infants up to one year old need dietary calcium to help the chondrocyte from firm cartilage to hardened bones. Within this first year of life, calcium requirements more than double. Dietary requirements vary from one infant to the next due to individual differences. Therefore, it's a good idea to check with a pediatrician about your baby's dietary needs.

Cabinet for Human Resources Secretary Al Austin presents Rockcastle County High School student Mark Overbay with a \$100 check for winning the first "Color Me Beautiful... Like You" poster contest sponsored by the Developmental Disabilities Plan-

ning Council. Accompanying Mark during his trip to Frankfurt on Feb. 4 were his mother, Sue Overbay (center right), and Jewell Davidson, special education teacher at RCHS.

Mark Overbay wins state poster contest

Mark Overbay, 17-year-old junior at Rockcastle County High School, was the grand prize winner of the first "Color Me Beautiful... Like You" poster contest, sponsored by the Developmental Disabilities Planning Council in the Department for Mental Health and Mental Retardation Services.

In the contest, Kentucky students stressed abilities and possibilities of people with handicaps, rather than their disabilities. Overbay received a \$100 check from Cabinet for Human Resources Secretary Al Austin during a visit to Frankfurt Feb. 4. The trip included tours of the State Capitol building, the Governor's Mansion, the Kentucky Military History Museum and a visit to Daniel Boone's grave.

DEMONSTRATION CONTEST

The Rockcastle County 4-H Demonstration and Illustrated Talk Contest will be held at Roundstone Elementary on Monday, March 10, at 7 p.m.

This competition provides a good opportunity for 4-H'ers to develop their poise and self-confidence as they organize and present information to others.

With the contest less than a month away, 4-H'ers should begin now to work on organizing their presentation. Possible topics for demonstrations or illustrated talks

are endless. It may be related to the 4-H'ers project, such as foods or woodworking, it may be given on a hobby of the 4-H'er, or it may just be on a subject that interests the 4-H'er.

Twenty-one categories are open for competition with one junior (age 9-13) and senior (age 14-19) champion being recognized in each category. Categories such as horticulture, health, or agricultural engineering will include a variety of demonstration topics.

The time limit is 15 minutes in all categories except breads which is 20 minutes. Each 4-H'er may give one or two different demonstrations.

The champions in each category will advance to area competition which will be held in London on Saturday, March 22. Then area winners will be able to compete in Lexington at the Kentucky 4-H Communications Day.

For more information about the 4-H Demonstration and Illustrated Talk Contest, contact the County Extension Office at 259-2403. Demonstrations and Illustrated Talks will need to register by calling in before Thursday, March 6.

Back row from left, Freddie Gramer, 8th grade, RES; Jennifer Clark, 7th grade, LES; Kristy Fletcher, 8th grade, MVES and Angie McKinney, 8th grade, BES.

Our Founder

[This is the first in the feature of articles honoring Boy Scouts of America month.]

Scouting's history goes back to the turn of the century with a British Army officer, Robert S. S. Baden-Powell. Baden-Powell, who was stationed in India at the time, found that his boys did not know basic first aid or the elementary means of survival in the outdoors.

They couldn't follow a trail or tell directions, read danger signs or find food or water. Baden-Powell had earned a reputation as a courageous soldier and able army scout and felt a need to teach his men resourcefulness, adaptability and the qualities of leadership demanded by frontier conditions, so he wrote a small military handbook called 'Aids to Scouting'.

Baden-Powell had a vision to see the possibilities and test his ideas on boys. In August 1907, he gathered together 20 boys from all parts of England. Some were from exclusive schools and others from the slums, the shops and the farms. He took them to Brownsea Island, in a sheltered bay off England's southern coast, and there along the shore they set up a

makeshift campsite which would be their home for the next 12 history-making days. The boys had a great time! They divided into patrols and played games, took hikes, learned stalking and pioneering. They learned to cook outdoors without utensils. And in the evening, in the magic of the campfire, they were spellbound by Baden-Powell's stories of his army adventures. What none of them realized was that Scouting had begun on that island and would sweep the globe in a few short years. Soon patrols and troops began to spring up all over England and in other countries, as well.

At this same time, the seeds of Scouting were growing in the United States. Our rich pioneering traditions had caused Indians and frontier heroes to be part of every boy's life, whether he lived in the city or country. Some creative youth leaders saw an opportunity to use this hero worship to develop qualities of independence and resourcefulness in boys, as well as skills in nature lore and other activities.

Next week: "Boy Scouts come to America."

"RAMBLINGS..." (Cont. From 2)

ballgame, and that was when he didn't realize very early in the contest what was happening and instruct his team to leave the floor and board the bus for home. One of the Somerset players was heard to remark during the game (following one of the numerous fouls against us) that "that might be a 'hill' but it's not the way we play here," and this might be the crux of the entire problem. Oh well, live and learn and redo your schedule for next year.

Oh well, enough of what will no doubt be thought of as 'sour grapes (but-as the joke goes 'you had to be there'). Winter has come with a vengeance and it (the snow) is causing its usual problems, psychological as much as anything. We are having more sickness than usual at our house this winter. Two or three of the children and Jim keep passing the flu and colds around to each other. I suppose it's too much to escape the winter unscathed but one can hope, and dream, and pray, and wonder why you were not born a native of Vero Beach, Fla. where it was 85 degrees yesterday.

February 9-15 has been proclaimed National Vocational Education Week. Rockcastle County Judge-Executive, Hubert Thacker, is shown signing a proclamation declaring FBLA week in Rockcastle County in conjunction with National Vocational

Education week. Shown with Judge Thacker is, left, Linda Kirby, A.M. president and Army Shepherd, P.M. president of the Harry Sparks Vocational School FBLA Chapter.

"ELECTION" (Cont. From Front)

Hamlin of London and Larry M. Leslie of Prestonsburg. According to some political watchers, they may be the only two who will file for Ford's seat.

There will be a primary race in the 27th Judicial District. Attorney Norma Adams of Somerset and Charles R. Luker of London have announced they are candidates for a seat on the Kentucky Supreme Court, replacing Calvin Aker who is retiring. Luker filed on Jan. 31. At last report, Mrs. Adams had not filed.

If they are the only judicial candidates, the contest will be on a non-partisan judicial ballot in the November election. There could be as many as four constitutional amendments to vote on in November, if the Legislature acts to put them on the ballot. Some of those amendments that are to be considered include:

- Abolish the office of coroner or establish qualifications and training requirements for such office, and provide for election or appointment.
 - Provide for a state lottery to help finance education.
 - Eliminate the office of constable.
 - Appoint rather than elect the state superintendent of public instruction.
 - Make vehicles belonging to churches tax exempt.
 - Provide for annual sessions of the General Assembly.
 - Allow gubernatorial succession.
 - Allow mayors in first and second class cities to succeed, themselves in office.
 - Eliminate one election year in each four years.
 - Allow local boards of education to display in each school a plaque containing the following quotation from the state constitution: "We the people of the Commonwealth of Kentucky (are) grateful to the Almighty God for the civil, religious, and political liberties we enjoy."
- Also filed is a proposed amendment relating to employment of prisoners outside prison walls. State law allows only four constitutional amendments on any one ballot, so it's up to the General Assembly which four, if any, of the above bills will be approved for

voter consideration this fall. No questions are permitted on a primary ballot.

Training session

A one day training session has been scheduled on Mar. 12 to certify Health Risk Appraisal administrators. It takes two days to be certified. There is no charge for the training.

The location of the training will be at Kentucky State University, Thoroughbred Lounge, Frankfort. Persons interested should contact Phyllis Skonski at 502-564-7112 or Clara Bengse at 606-864-7391 for additional information.

The eyes of the four-eyed fish of Central and South America are most unusual. These fish swim on the surface of the water. The upper half of their eyes are adapted for seeing in air, the lower half for seeing in water.

Thank You

We would like to take this opportunity to thank everyone for the love and concern shown to us during John's recent illness. Your prayers, cards, flowers and visits were a great comfort to us during a difficult time.

Thanks again for your kindness.

Mr. and Mrs. Kenneth Franklin Miller

Miss Long weds Mr. Miller

Janice Rae Long, daughter of Mr. and Mrs. Billy Ray Long of Broadhead, and Kenneth Franklin Miller, son of Albert Miller of London and Mrs. Margaret Miller of Eubank, were married Dec. 20, 1985 at Danforth Chapel in Berea. The ceremony was performed by Bro. Austin Moberly of Providence Church of Christ.

Miss Melanie Long was her sister's maid of honor. Bridesmaids were Miss Elizabeth Proctor of Broadhead, Miss Elaine Bengel of Crab Orchard, Mrs. Beverly New of Somerset and Miss Lisa Long of Louisville.

Gary Meece of Eubank, uncle of the groom, was best man. Ushers were Greg Long, the bride's brother, Jim Miller, the groom's brother, Tony Meece and Mark Meece, all of Eubank.

Miss Gretchen Ponder of Somerset served as flower girl, and Master Jaard Taylor of Louisville was ringbearer. Both are cousins of the bride.

dozen red roses.

The bride's attendants were all attired in floor length gowns of teal green satin featuring puffed sleeves, embroidered bodices, gathered skirts and wide tie sashes. The maid of honor carried a bouquet of six roses, and bridesmaids bouquets were fashioned around one rose each. The flower girl wore a matching teal green dress and carried a basket of rose petals.

The groom and the ringbearer wore black tuxedos with long tails and cummerbunds. Groomsman were attired in matching casual tuxedos, adorned with rosebud boutonnieres.

The chapel was decorated with potted poinsettias to complete the Christmas theme. The ceremony was followed by a reception in the Fireside Room adjacent to the chapel.

The bride is a senior at Eastern Kentucky University, majoring in English Education, and plans to student teach in Somerset City Schools this spring. The groom is employed by C & C Contracting as a telephonic lineman. The couple plans to make their home at Eubank.

By: Mary McWhorter

Mr. Nancy Burdine celebrated her 83rd birthday at her home Saturday. She celebrated with her children, Mrs. Mary Simpson, Mr. and Mrs. James Burdine, Adam and Teresa, Jim Brown, Mr. and Mrs. George Burdine and Susan, all of Crab Orchard; Mrs. Edna Smallwood and Mrs. Mayetta Smith, both of Indianapolis, Ind.; Mr. and Mrs. Cenis Burdine, Janet and Stephen and Mr. and Mrs. Frank Burdine and Darrin, of Broadhead. Frank Burdine also celebrated his birthday.

Recent visitors of Mr. and Mrs. Gens Burdine, Janet and Stephen were Mr. and Mrs. Jim Jones of Ohio.

Mrs. Fannie Albright had supper with Mr. and Mrs. Steve Albright and children, Michael, Rebecca and Jessica. Afternoon guests of Mrs. and Delores and children were her mother, Mrs. Mabel Reppert, and daughter, Kathy, and Mr. and Mrs. Gary

Reppert and son, Aaron, of Mt. Vernon.

Mrs. Irene Adams has been very sick with the flu, but is improving some. We hope she soon will be well.

A surprise birthday dinner was given at the Broadhead Cafe by Ruth Buswell and Debbie Gregory for Wayne Price. Those present were his mother, Mrs. Alice Price, his sister, Brenda Price, and daughter, Becky; Martha Proctor and husband, Arlis; Debbie's friend, Mrs. Teresa Siemer, and daughter, Jessica. Eubank; JaDown Gregory; Jamie Gregory, Christina Gregory, Jerry and Joe Buswell, and Mary McWhorter. Everyone enjoyed the good dinner.

Bro. Loraine Wilson has returned home much improved after an extended stay at the Rockcastle County Hospital, suffering from a heart ailment. We hope and pray he continues to improve.

Mr. and Mrs. George Adams, Mrs. Violet Cash and Donna Lynn were in Somerset Friday night shopping.

Mr. and Mrs. Jerry Adams and son, Jerry Wayne III, of Springdale, Ohio spent the weekend with their parents, Mr. and Mrs. George Adams.

Mrs. Mabel Taylor and Mary McWhorter visited Mrs. Elizabeth Woodhall and Mrs. Judy Owens at Castle Village Thursday afternoon. Also Mrs. Brenda Bradley and Stephanie Woodhall, and a short time, a nurse, were in the house. Mr. and Mrs. Walter Dean and Mary McWhorter visited at the House-Rowlings Funeral Home Friday evening where Mrs. Doan's aunt, Dora Taylor, lay in state. Also Mae and I attended the burial Saturday at the Mareburg Cemetery. Mr. and Mrs. Willie Nicely and Mrs. Dora James and niece from Rowland attended the burial also.

Mr. and Mrs. Larry Doyle and Mrs. Katie Doyle spent Sunday in Berea with Bill and Debbie Bradley and daughters, Breanna and Taryn Jenell. They, along with Paul and Ruth Doyle and daughter, Kim, of Richmond, and Charles and Rose Bullock of Berea, helped Taryn Jenell celebrate her first birthday with cake, ice cream and lots of nice gifts.

Lewis McGuire spent Friday with his daughter, Ona, and husband, Joe Creech, at Paint Lick.

Ona and Joe Creech of Paint Lick were visitors of her sister, Mrs. Helen Noel, and family Sunday night.

Ulysses McGuire visited his father, Lewis McGuire, Sunday night.

Lewis McGuire was Sunday visitor of Mrs. Belle Vaughn at Conway Sunday afternoon.

Mrs. Mae Holbrook and son, Jessie, and wife, Sue, were Friday guests of Monroe and Gertrude Renner.

Mr. and Mrs. Gary Renner spent Friday night with Monroe and Gertrude Renner and took them to London Saturday to the funeral of Monroe's mother, Mrs. Dora Renner Taylor, who was laid to rest in the Mareburg Cemetery.

The Everlasting Gospel

THE EVERLASTING GOSPEL Rev. 14:6

January 29, 1986, The Lord has caused me to know the everlasting gospel is found in *Leviticus 16:21* "And it shall come to pass, that from one new moon to another, and from one sabbath to another, shall all flesh come to worship before Me, saith the Lord."

Keeping these days holy before the Lord is righteousness. God said He found only Noah righteous in his generation.

The children of Israel went out to gather manna on the sabbath day. God said they were refusing to keep his commandments and his laws. *(Exodus 16:28)*

Christ kept them. The Apostles kept them.

The Bible says the wall of righteousness fall down, but it would be built again.

God said I will judge you in the place where you were created. Now, where were you created? You were created in a sex act and you are now, and have been, being judged with strong sex spirits. They had people doing and thinking all kinds of sex acts. Things they wouldn't have done for any amount of money in a normal time. We are now living in the time when the Bible says every man shall worship God from his own place.

After the Lord came down to live on Mt. Zion, I was given a vision, a voice said, the Bible came from the God of heaven, but where did this thing they call the holy ghost come from?

A cure for the flue!

Since an electric water heater doesn't need a flue, you can install it just about anywhere — under a stairway, inside a cabinet, in a closet — and eliminate long runs of pipe that waste energy.

But that's just one of electric water heating's several advantages.

Warm air from the home isn't lost up a vent, either. And because an electric water heater needs no venting, the tank can be completely insulated on the top, sides and bottom — so the water stays hot longer.

Electric water heaters have long service lives and require little or no maintenance. There are no burners to adjust, no pilot lights to relight and no thermocouples to replace. And, they're unmatched for safety.

Best of all, qualifying electric water heaters can save money with KU's special, lower off-peak water heating rate. If you become a new off-peak water heating customer during 1986 — either by installing a new off-peak water heater or converting an existing unit — you're eligible for a rebate from KU. Contact your local KU office for free brochures on electric water heating and details of the off-peak rebate.
