CITIZENS BANK -OF- BROOKHEAD, KENTUCKY.

It is with pleasure we desire to call your attention to the Citizens Bank of Brookhead, Ky., and state some of the advantages that are gained by being one of our depositors. The Bank began business on January 7th, 1905, and its growth up to the present time has been remarkably satisfactory to the stockholders. We enjoy the distinction of being the only bank in this part of the State that began paying 4 per cent. on deposits, believing that when a person left as much as \$100.00 or more on deposit for six months without checking, that they should derive some of the benefits. We are equipped with the best burglar proof, safe-door safe that could be made, and people have come miles to see it and pronounced it the most wonderful piece of mechanism they had ever seen. The safe is made of the best steel with a secret door one foot in diameter, and set within the door is the time movement by which the door is locked. The safe is set within a brick wall that is 23 inches thick. We also have a vault door that closes with twenty bolts and weighs 3,000 pounds. We most cordially ask you to visit the bank and examine it for yourself and see if it is not a safe depository. Remember we pay 3 per cent. on such as \$100.00 or more when left six months.

We offer to the people a safe and conservative banking system. We ask you to give us your business and we guarantee pleasant and profitable relations.

Trusting to have the pleasure of meeting you personally, I am, Yours very truly, J. W. HUTCHESON, Cashier.

Where alfalfa can be grown successfully hog raising may be made profitable. Alfalfa seems to furnish the exact material necessary to build up a healthy pig and to keep him going exactly right. But hogs fed on alfalfa died corn as a necessary addition. Corn and alfalfa work well together and the corn ration should be very small for young pigs and increased gradually up to the fattening period. Alfalfa pasture helps out and a little corn supports the hog raising proposition all the more easily placed on a profitable basis. -Ex.

ABOUT RHEUMATISM.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and feeble lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make but Chamberlain's Pain Balm which enjoys an extensive sale throughout the world in the treatment of this disease. One application of this Balm will relieve the pain, and hundreds of sufferers have testified to permanent benefit by its use. Why suffer when Pain Balm affords such quick relief? Hated costs but a trifle! For sale by Chas. C. Davis.

Modern Japanese coins and bank notes bear legends in English as well as in Japanese.

Semi-nudity is common in rural Japan, and furthermore it is becoming more common in the cities.

It is quite proper, even complimentary, to ask a lady's age in Japan.

This Japanese "Hello!" at the telephone is "Moshi moshi!" or "Aho ne!" with the accent on the "ay."

Perhaps you will have heard when kept in the dark. Stops falling hair, also.

Miss Taylor, Miss Fish, and Miss Erway are still at the Cooper Hotel. Miss Taylor is busier than ever with her correspondence and plans for the new work.

Miss Nicholas, Maude Guthrie and Henry McPerron have gone home for vacation. Henry will remain at Pine Hill to assist in the spring planting, but expects to return in the fall.

Some fine maples and elms which have a good prospect for existence, if taken care of, have been set out in the dormitory grounds by Mr. Neal Parrett, this son, Ben, and Harvey Owen.

The Ideal Entertainers were in Mt. Vernon last year, and gave so much pleasure that the Institute was asked to make a date with them for this spring. They will be here April twenty-fourth.

The Ideal Entertainers gave an interesting program in the opera house last Thursday night, a large audience being present. This is an excellent company of high class artists, and the local management deserve credit for affording the public opportunity of attending such entertainments.—The News Democrat, Stratton, Ky.

Much time has been spent, in the effort to keep the school grounds in good order. Yet during vacation week some one has broken down the gates and turned in his cows and horses. This kind of trespassing, begun in former years, has continued at intervals for the past seven months. All the Presbyterian property—church and school—is private property, and right minded people would agree to be treated as such.

Dr. McDonald surprised pupils and teachers a few weeks ago by telling the boys and girls that of all the thirteen schools under his care and home, this is the best. He praised the punctuality, order, industry, courtesy and intelligence of the pupils. It is because of these things, and because what has been accomplished with very little money, that we enter upon a larger enterprise to build a dormitory at once, and a complete industrial outfit for the boys to be put in before the summer. It is the hope of the board of trustees, that it will be a boys' dormitory, and industrial training for both boys and girls will be a feature of the school. Next year there will be a corps of six teachers, a resident minister and a matron for the dormitory.

THE VERY BEST REMEDY FOR BOWEL TROUBLES—NO PAIN—IT CAN BE PROMPTLY BROUGHT TO BEAR.
"I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as one of the very best remedies for bowel troubles," says Mr. J. W. Hagan, editor of the Democrat, Ocala, Ga. "I make this statement after having used the medicine in my family for several years. I can never want to be without it. I can afford to be without a bottle of this remedy in the house. It is certain to be needed at some time later. For sale by Chas. C. Davis."

The Better Way

The tissues of the throat are injured and irritated; they swell and there is more irritation—more coughing. You cough and sneeze and expectoration—for a while. You take more medicine and it does not cure the cold. The throat becomes inflamed and it is necessary to reduce the irritation. It reduces the irritation and the inflamed tissue causes it to nourish them back to their normal strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

SCOTT'S EMULSION

PRESIDENTS' TRIBUTE TO LOUISVILLE.
Just before his train pulled out from the Seventh-street depot President Roosevelt said:
"I have never seen a more beautiful city. I have never been treated with more courtesy and kindness. I will never forget Louisville as long as I live."

Opposing the Confederate and Union veterans the President said: "This is the best part of my visit. To see my negro friends in the army in the great war standing side by side to greet me is enough in itself to make my visit pleasurable."

THEATRE DEATH.
Kidney trouble often gets totally lost by looking for the cure. E. H. Wolfe, of Bear Grove, Ia., cleared death. He says: "Two years ago I had kidney trouble, which made me feel as if I was suffering and anxious, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal, I will never be without them. All druggists carry them in stock."

RELIGIOUS.
Dr. Washington Gladden, who has so vigorously opposed the acceptance of a gift of \$100,000 from John L. Rockefeller for missionary purposes, Sunday school, and other work, which he believed that the great problem of the day is the Christianization of industry and trade. He is now the State of Ohio, and that all his various official duties as such. He is also much bound by the duties of his office. Several government officials were present at the recent opening of the Methodist College at New Chong, China.

Indigestion Causes Catarrh of the Stomach.
For many years it has been supposed that Catarrh of the Stomach was caused by indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes the stomach and explains the nerves of the stomach, inflames the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membrane of the stomach, soothes the nerves, and cures bad breath, sour eructa, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
