A SERIOUS REFLECTION

Every father and mother in Rockcastle should blush with shame when, we tell you that only thirty nine per cent of the pupil children of Rockcastle county attended school during the school year ending June 30, 1910. In other words nearly two thirds of the children who should be in school failed to go at all. This is a serious reflection upon our Superintendant, teachers, trustees and parents. We get this official report direct from the State Superintendant at Frankfort, which is compiled from the reports of all the teachers throughout Rockcastle for that year.

This county was the fifty-third in formation of the one hundred and nineteen counties in the state and is one hundred and one years old. Yet more than half of the children do not attend school at all. We are sadly in need of some very effective work to secure a larger attendance and more interest in the common schools.

Mr. Superintendant, Mr. Teacher, Mr. Trustee, Fathers, Mothers, and patrons, all! It is within your power to remedy this very serious ill which so sorely afflicts our

county and you can do it with little trouble and no expense. How? By getting together and working to see that every child in your district is sent to school five days in each week just as long as the school lasts. This is a plain duty. Will you get up and do it? Or will you continue to permit the children to be robbed of their birthright, which is time and opportunity to get an education? They may meet more successfully the rough and hard battle with the world which so surely awaits them. The report of the schools now in session will tell. What will the answer be?

PULASKI COUNTY has an able and aggressive County Judge in the person of R. C. Carter who has a high conception of his duties. Each member of the Fiscal Court of that county is entitled to a heavy handshake and best wishes of every citizen not only of Pulaski but of the state at large for that court has inaugurated a great volunteer road working week beginning September 26th. The officials of that county realize that to give the children in the country districts of Pulaski a better chance to get an education is what making more pleasant and profitable the roads must be greatly improved. Luck to you, Judge Carter, and may your noble effort be met with a hearty and enthusiastic response by the people.

ANNOUNCEMENT

I desire to announce myself as an independent candidate for State Senator in the nineteenth Senatorial District, composed of the counties of Bell, Knox, Laurel Jackson, Pulaski, Rockcastle and Whiteley, subject to the action of the voters at the regular election November, 1911.

In making this announcement, I feel it due to the people of this district to say that I am not a politician and I will not ask you to elect me to the Senate without knowing some of the things for which I stand. I favor the enactment of all good, wholesome laws which will make our State a better "Kentucky Home," laws which will check crime, and which are almost void so long as we have intoxicating liquors sold in our counties where four fifths of the people are opposed to the sale of same. The fact that liquor, directly or indirectly is in 90 per cent of the cases responsible for the crimes committed in the counties of the district, I feel that it is high time that the people should take the matter in hand and send men to the Legislature and Senate who favor the enactment of laws governing the sale of liquor in the State of Kentucky.

I favor a law on this subject such as will give to the people of the entire county an opportunity to say by their ballots whether liquor shall be sold in this county or no.

and I shall vote for and do all in my power for the adoption of a law known as "The County Unit Bill."

I also favor the enactment of a law giving State aid in the construction and building of Good Roads in this State.

I am in favor of any legislation leading to better educational advantages and will vote for any measure looking to that end. I am in favor of and will vote for a direct election of United States Senators by the people.

I am in favor of a square deal for the laboring man and will vote for any measure to better his conditions.

I am in favor of a direct Primary Election law to nominate candidates for State, District and County offices, payable out of public funds, under the proper prescribed penalties regulating same, thereby making merit and qualifications and standard of candidates, instead of "bribe and bossism." This will place the nomination of candidates for the various offices in the hands of the people instead of party machinery. On this platform I respectfully solicit your active support and influence in my behalf.

AN AUCTION SALE OF TOWN PROPERTY IN MT. VERNON.

The Henry Realty Co., of Paris, Ky., have recently purchased some property in Mt. Vernon which they will subdivide into residence lots and sell at auction on Thursday Sept. 14th to the highest bidder on very easy terms to white people only.

We are reliably informed that these people recently conducted a sale to Brodhead and that every body was well pleased with the purchases.

With our excellent Schools, Churches, Banking Facilities and Merchantile Establishments, property in Mt. Vernon should increase in value very rapidly.

Another fact that ought to appeal to the investor and home seeker is the steady growth of our city. While there has been no "Bogus" our growth has been very steady both in an educational and financial way.

Our free lot will be given away and free lunch will be served on the grounds the day of the sale. A ticket will be given to every white person attending the sale for the free lot regardless of whether you buy or bid. See them ad in this week's paper and be here on Thursday-Sept. 14th.

Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by Chas. C. Davis.

 The writer met the genial county clerk, Felix Bowman, Tuesday, as he way to dinner. Smiles a yard wide surrounded him reaching to back of neck and down to his heels. The cause: a fat ground hog fixed up in Jackson county style for his midday meal, the first he has had since leaving this native county years ago. His greatest regret that "Daniel Boone" wasn't here, from Madison county, to enjoy the spread with him.

 More than 30 men are employed in the various enterprises in Rockcastle county. The daily pay roll \$500, per day. This includes the stone and sand quarries. The 1 m kilns and brick plants, and their quotas to wages paid. The output increases every year, especially in stone and sand products. Added machinery at crusher plants gives greater facilities as the days go by.

It is believed that there is enough material within the limits of Rockcastle to furnish ballast for every railroad within the United States, with enough concrete, stone and sand left to construct sidewalks in every town, village and city within our commonwealth and several states added.
 Ernest Ewers, who is a visitor here this week, recalls a funny incident, when he was a youngster in this village and his father was principal in Brown Memorial School years ago. Ernest was a lively boy who generally was about and around and saw everything that was going on. One day John Graves, a prominent farmer, and a man who when he took a notion went barefooted, though amply able to buy a wagon load of shoes, was in town without shoes or socks and with a big apron strapped to either side, attracted Ernest's attention and he followed Graves about the street to observe the unusual sight. Graves finally asked "Ewers, are you?" Ernest replied "Ewers." Graves remarked "no not by your blamed sight you are not mine. I have raised no such looking cat as you of my premises."

CLAIMING CREDIT FOR O'REAR'S DECISION

Judge O'Rear, the Louisville Herald which is owned by a Chicago Republican who 'does' even vote in Kentucky, published an article recently giving Judge O'Rear credit for the decision in the Eastern Kentucky Land case which it says, made John C. C. Mayo rich. Of course, everybody but the subsidized and vigorous owned Herald knows that Mr. Mayo made his fortune in Eastern Kentucky long before the Court of Appeals and the Supreme Court of the United States passed upon the land titles in Eastern Kentucky.

But Mr. Mayo is not a candidate for Governor or for any other office but he reserves the right as a Democrat to support the Democratic ticket, and he is doing so in his usual earnest and vigorous fashion. This Herald would like the voters of Eastern Kentucky to believe that this decision was rendered solely by Judge O'Rear,

but it happens that there were six other judges on the bench, and all of them Democrats, and that all of them took the same view of this question that Judge O'Rear did, and it was the unanimous opinion of this Court, made up of six democrats and one republican which was approved by the United States Supreme Court. If Mr. Mayo was benefited by that decision, then all other land owners in Eastern Kentucky were also benefited, but it cannot be truthfully said that Judge O'Rear made Mr. Mayo or any of these property owners rich, and if the decision did increase the value of the land titles, they were entitled to it.

NOT A WORD OF SOANDAL- mitted the call of a neighbor on Mrs. W. P. Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

TAKE CARDUI The Women's Tonic

Mr. Jim Callahan suffered from womanly trouble for nearly ten years. In a letter from Whitesville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had back-ache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic for women. Whether seriously sick, or simply weak, try Cardui.

LEVEL GREEN.

Our community has been blessed by a good old time rain this week for which our farmers have been playing and needing so long. The rain will be some help to early corn and greater benefit to late corn. It has been so dry, that people could not plant wheat crop. Our new merchants, Fields Bros seem to be doing a nice business and we are proud to have gentlemen like these in our community.

They also run a bucket wagon from Level Green to Stanford every week—Messrs F. E. and W. H. Brown of McAlester, Okla. and their families have returned to their homes after having spent a month with homefolks and old friends in Rockcastle. They say there is no place like old Kentucky, especially Rockcastle county.

John Shurts and John McMullen took in the Somerset fair.—Dr. G. B. Lawrence was at the London fair with Togo, who carried off some of the best ties of the season.

Humphrey Bullock has again joined the ranks of the beneficiaries by taking unto himself Miss Addie Evans, of Plato. Mr. and Mrs. Bullock will reside in our little village, he having purchased property from his brother. W. H. McQuary of Plato, spent Sunday last with relatives here.—John Fields spent Saturday and Sunday in Livingston with relatives and friends.—Charles Herrin is erecting a handsome dwelling on his farm North of Level Green on Crab Orchard road.—Mrs. Sallie Gearty of Quail, is spending the week at this place with relatives.—Mrs. Mary Jane DeFord has been suffering from rheumatism very severely for several days and continues in about the same condition.—John McKianey was at his daughter Mrs. Walter DeFord, with Somerset, last week and taking in the fair.—Daniel Prewitt who oow lives near Hazel Patch and who formerly

resided here is visiting his father-in-law, Jonas Pittman.—We are glad to report that Sannie Price is getting along nicely, after having fallen from the top of a stack of corn where he was clasing opossum.—Edward Brown is thinking of purchasing the entire tobacco crop of M. B. Jones' this year to make a stock dip for his mavericks.

MARLBURG.

School at this place is progressing nicely with Miss Ella Carson as teacher.—Mr. and Mrs. Rowley Griffin are visiting their parents Mr. and Mrs. Nelson Griffin.—Mrs. Judith Chestnut is visiting her son, J. J. McCall, of this place.—Miss Grace McCall is with her sister, Mrs. J. Albright, of Lebanon Junction.—Virgie Hunt, Elijah Hopkins and Ardle Burk are with homefolks for a few weeks.

Mr. and Mrs. Ed Houston were visiting Mr. and Mrs. J. W. Parsons Saturday and Sunday.—Mr. Houston will erect a new residence on his farm recently purchased of the Newcomb heirs. We are glad to have such a splendid and enterprising gentleman in our midst. He is a good Sunday School worker and a good citizen in every respect.—Miss Rae Hunt is visiting her sister, Mrs. Daisy Hunt, at Brodhead.—Miss Ethel Brown, was with homefolks Saturday and Sunday.—Mr. and Mrs. P. Y. Hunt were visiting Mr. and Mrs. John Hunt Sunday last.—Interesting services were conducted at the church by Rev. G. W. Watson of Mt. Vernon.—Miss Letia Mae Hunt was with homefolks Saturday and Sunday.

MOUNT VERNON GRADED SCHOOL WILL OPEN ON MONDAY SEPT. 11.

To the patrons and pupils of the Mt. Vernon Graded School I wish to say that the building will be in order and that school will open on Monday Sept. 11th at 8:30 o'clock.

We hope that every pupil that can possibly enter school at this time will do so and again we ask the cooperation of patrons and friends to secure a greater attendance. I am convinced that more than half the pupils who failed to pass their respective grades last year failed because of irregular attendance. We are going to use every effort to increase the attendance as well as the enrollment this year over that of last year. On Sept. 12 last year the first day of school we enrolled 170 in all the grades; this year the number enrolled on next Monday should be at least 250. It can be so if patrons will see to it that their children are ready for school on the first day.

Pupils should not secure new books before coming to school on the first day for they may not know what books they will need. Let them bring their old books and let those who received promotion cards at the close of last school not fail to bring them. Every pupil should have a pencil and tablet when he comes the first day.

Let those pupils coming from other schools bring their report card with them so that we may know how to classify them. Those pupils who attended the Mt. Vernon Graded School last year but were prevented for any good reason from taking examination at the close of the term may take examination at the opening of the present term and be promoted for this time.

We do not object to enrolling pupils under the school age if

they are able to regular work and attend regularly; but we would prefer not to have very small children sent to school with their older brother or sister as visitors and in general we would not encourage the sending of pupils who are under six years of age. However we would be glad if fathers or mothers would visit us with the little folks at any time.

And we would be glad to have patrons and friends present on next Monday morning to see our new building and to attend and assist in the opening of this session and again thanking you for your earnest effort in the past we ask and trust that you will put forth even more effort for the greater success of this school year and for the education of every pupil in the community and may Mt. Vernon as the county seat set an example of public education enthusiasm for the whole county and may it not be said at the close of this school year that of all the boys and girls of school age in this good county of Rockcastle more than half were not in attendance at the public schools at all. Such a condition should not exist in Rockcastle and by your effort and mine it will not come so. I am, Respectfully yours,

THOS. A. HOUSTON,
Principal.
