

## METHODISTS CHANGE DATE

CAMPAIGN FOR \$200,000 IN M. E. CHURCH, SOUTH, CENTENARY DRIVE WILL BE HELD MAY 18-25.

The date for the Methodist Centenary financial campaign has changed from April 27-May 6 to May 18-25, of final announcement of which has been made throughout the length and breadth of Methodism today. Several weeks ago it was found necessary to change the April date in order not to interfere with the Government plans for the forthcoming Victory Loan Drive. The selection of another date has been held in accordance pending the despatch from Washington which was forwarded headquarters of the M. E. Church, South, recently.

The change in the date is of wide import to all Methodists who are, at this time, under no plans of definite action regarding the "win a victory" sale in the campaign. Dr. W. B. Beau champ, Secretary of the Centenary Commission, stated today that he and other Centenary workers of headquarters have, through Secretary Parker Glass, pledged the cooperation of all Southern Methodists to the government at this crucial hour and that in writing May 18-25 as a date for the Centenary drive, he knows he will have the immediate and hearty cooperation of all conference, regional, district, field representatives and all workers connected with the campaign. The Methodist Centenary financial campaign is the largest religious campaign undertaken in the history of the world. One hundred and fifteen million dollars is the goal set. Southern Methodists pledge themselves to raise three-fifths of that sum.

## CHINA HAS A VERY IMPORTANT ROLE

PRACTICALLY ONE HUNDRED AND FIFTY THOUSAND COOLIES SENT TO FRANCE.

What optimistic generation ago would have thought that backward China would have a hand in the settlement of a world war? But China is having a very important role in the great war that is just being brought to a close. Not as soldiers-fighting men—but as laborers behind the front line trenches. And just so many allied troops have been released for other duties. Practically one hundred and fifty thousand of these coolies have been transported by way of the Suez to France. This work has been done under the direction of the United States Government and Church Missionaries. Among these missionaries are many of the Methodist Episcopal Church, South, which is just finishing the details of its campaign May 18-25 to secure \$200,000 for further work of the kind that is being done in France and other places.

### BANDING TOGETHER TO SPREAD GOSPEL

Nashville, Tenn.—One hundred and forty thousand Southern Methodists have signified their determination to pray for the success of the missionary work of the M. E. Church, South, and for the spread of Christianity through out the world. These people have not only decided to do this, but have banded together in a league known as the Fellowship of Intercession, each signing a small card which it is thought will make the cause for which they pray more definite in the minds of the signers of the cards.

Dr. S. A. Vesiet, secretary of the Department of Intercession of the denomination, stated to a reporter that the way in which the prayer cards were coming in was an inspiration. From two thousand to five thousand of these are opened in the mail every morning, the number of 140,000 representing the complete total up to date.

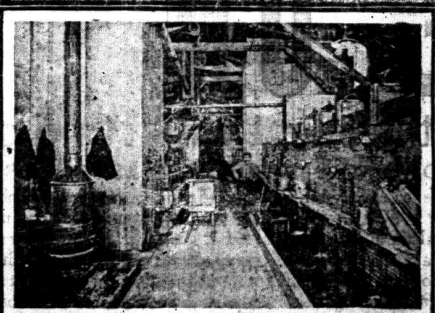

### FIVE HUNDRED WOMEN WANTED

Nashville, Tenn.—Five hundred young women are wanted at once by the Women's Missionary Council of the M. E. Church, South. They are wanted for service and missionary work of the church in both the home and foreign fields and the best type of womanhood is asked for. Women to whom the desire to serve has come very keenly, women whom the spirit of the hour has gripped earnestly, this is the type with whom the church wishes to make connection for various forms of missionary endeavor.

The particular forms of missionary work open to the young women of the South are in the medical, evangelistic and educational departments in the mission fields. One hundred and fifty are wanted as evangelists and deaconesses; two hundred and fifty are wanted as teachers and one hundred are wanted as doctors and nurses. The call for participation goes out for young women of college education in order that they may be able to grasp quickly the leadership in the work which the church needs.

The calling of these young women is made possible through the Centenary of the church which is being observed this year. A fund of \$200,000 will be raised from which the money will make possible the sending of many missionaries to Africa, Japan, China, Brazil, Mexico, Cuba, Korea and in the home field.

# If You were Guaranteed A 2 to 3% Monthly Dividend You'd Buy—Wouldn't You?

Back of the Louisville Mansfield Lead and Zinc Company is the history of the Kentucky Mansfield Lead and Zinc Syndicate, whose officers and directors are largely the same gentlemen and that company, already in operation, paid a monthly dividend of 2 per cent in January and 3 per cent in February. The Louisville Mansfield Lead and Zinc Company has been organized to do just what the other company is doing but on a larger scale.

### Tremendous Profits In Lead and Zinc

There is a vast empire of lead and zinc wealth in the Ozark Mountains—so great that Missouri leads all other states! It has the largest lead and zinc district of the world. The holdings of the Louisville Mansfield Lead and Zinc Company are at Mansfield, where the Mother Lode of this greatest of all districts comes nearest the surface.

### Four Tracts Of Forty Acres Each

One of these 40-acre tracts is immediately between the mill of the Kentucky Mansfield Lead and Zinc Syndicate and the Red Bird Mill of W. E. Caldwell. Two tract holes have already been drilled on this tract with excellent results and another is now being drilled. Work is to start on the sinking of our first shaft at once. The price should advance just as soon as the mineral is reached in this first shaft.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constant ly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy. It acts internally and acts through the linings of the mucous surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

**SAVED BY A FAITHFUL WIFE**

Suffered Thirty Years With Stomach Trouble and Hemorrhages of the Bowels.  
 The Story of a Wonderful Recovery.  
 There is hardly any one who does not experience some trouble with the stomach. It is so common that we frequently pay little or no attention to it. Yet, the stomach is very highly sensitive, and external inflammation of the mucous lining develops into chronic disease. It grows worse—the pain and distress is increased and the truth dawns that we have chronic stomach trouble.  
 The case of Mr. Louis Young, 205 Melrose St., Rochester, N. Y., is typical. His wife suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Perina and I took it faithfully. It began to feel better. My wife persuaded me to continue and I did for some time as directed. Now I am a well man." Mr. Young's experience is not unusual.  
 If you suffer from catarrh in any form, whether of the head, stomach, or bowels or any other part of the body, try Perina. It may be just what you need. Perina comes in tablet form and is sold everywhere. Your dealer has it. Get it for you. Ask for Dr. Hartman's World-Famous Perina Tonic and insist upon having it. If you want your health secured, nothing else.  
 All the sick and suffering are invited to write The Perina Company, Dept. 78, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Perina Almanac.

 If you suffer from caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Sorry we had to disappoint some by not being able to deliver when they wanted them, but our new supply is coming in every day and by the time you read this we will be able to fill your order. Remember we guarantee delivery if you buy. Pay no attention to what people tell you about our goods unless they have seen them, then be sure and ask 'em all the questions you can think of. A great many of our new customers come with suspicion because they have been told by some who haven't seen themselves that it can't be done, that the quality is not there or something is wrong. ## NOTICE TO BOYS AND GIRLS.

Last year Kentucky had more than 600 boys and girls in the Agricultural Club work. This year we are hoping to reach 8000 to 10,000. Boys and girls from 10 to 18 years of age can join this club and raise any kind of a crop or animal that they desire. The requirements are: study the lessons furnished by county agent, keep a record book and take the final examination in the fall. Each club member receives three grades, one on agricultural practice, which is their work and one on their record book and one on their examination. If the general average is 70 per cent or above the club member will be given a certificate issued by the state college of agriculture showing that they have completed a year's work.

This certificate entitles the holder to one-half unit credit in High School work. The club work is a splendid opportunity for the boys and girls in many ways. They get information from the State College of Agriculture and from the Department of Agriculture at Washington through the county agent and at the same time they are given credit in their school work for the work they do through the summer.

## TO BOYS AND GIRLS IN SOUTHERN MADISON, NORTHERN JACKSON AND ROCKCASTLE COUNTIES.

The boys and girls who wish to become members of the above mentioned agricultural club, should send their names and address to County Agent, Spesco, Beres, Ky.

Recordbooks bulletins and other information will be sent immediately on request. All who wish to become members would get their names in as soon as possible.

## TO THE REPUBLICANS OF THE SEVENTH SENATORIAL DISTRICT.

I am sure you will be united and of the Campaign's candidate for the Republican nomination for the State Senate. The district is composed of the Counties of Hart, Owsley, Jackson, Rockcastle and Madison. I feel that no man knows the Republicans voters of this District better than I do. I was born in Owsley County in 1862, reared in Jackson county, and for three years lived in Rockcastle county and for seventeen years last past lived in Madison county, now my home county. My father was a soldier in the Civil War, and camped near Irvine, Ky., at the time of my birth and my mother carried me two months thereafter to the camp to see my Yankee Daddy. I have ever since been an ardent and active worker in the Republican ranks to the latest effort to prevent our state's secession. I am sure that you will be able to find out more about me than I can tell you.

of the entire District for their support in the next August Primary Election.

It will be remembered I ran for this same nomination four years ago, but the party was fit to nominate my opponent, and while some of my friends claimed I never, no man ever heard me complain or growl, and while I mean to make this race in the new District composed of the Counties aforesaid, I shall do my very best to secure the nomination, if it can be done honestly. This being my object, I appeal to every Republican in the District who feels that I will honestly and faithfully do my duty as the people's Senator to help me secure the nomination.

No man ever heard me criticize a single individual in this or any of the Counties who may fit to vote against me before and regardless of who supported me in the race, I ask in this announcement every Republican whether I have the opportunity to see him or not, (ask you personally) to vote for me this time. I am engaged in the active practice of my profession and am closely confined by the discharge of the duties incident thereto, but notwithstanding I shall gladly (within the next few days) go over the District, and see as many of the voters as I possibly can and place my claims in their hands, and if they see cause to honor me with this nomination I shall do my very best to conduct myself that they shall never feel ashamed of their support.

After the Republicans of the State meet and adopt platform I will be found standing on each and every plank thereof, as I well know, that our party has the brains to formulate a platform that will meet with the approval of the voters of the State of Kentucky.

Very respectfully,  
W. T. SWOOR

## LET'S FINISH OUR JOB WILL BE PLEASANT OF U. S. IN APRIL

OFFICIALS BELIEVE COUNTRY WILL RISE TO ITS DUTIES IN FIFTH LIBERTY LOAN DRIVE.

The world at large admits that the United States "started something" when we went into war. The treasury department officials at Washington believe that the United States will be ready and willing to "finish it" within the last three weeks in April roll around.

The last three weeks in April are the weeks tentatively set for the Fifth Liberty Loan campaign. And one of the appeals to be made to the public in the sale of the bonds will be the appeal to finish the job. A committee headed by Guy Emerson, director of the Liberty Loan Committee of the New York district, was appointed at a recent meeting of treasury department representatives from the twelve federal reserve districts and delegated to go over the ideas and views expressed at the conference with an idea of setting out of them a basis for a sales campaign in spring.

Two features stood out prominently as obvious and convincing arguments for the purchase of bonds of the Fifth loan. One was the need for finishing the job we have on our hands. The heavy expense incident to demobilization, return of the boys and whatever reconstruction or re-equipping duties may fall to us from the peace table must be met. The proceeds from the Fourth Loan are unavailable for those purposes as they were spent almost as soon as they were raised.

The other feature upon which particular stress is to be laid, in the opinion of the men outlining the plan, is the investment feature. In previous loan campaigns the prospective buyer has been told repeatedly that bonds were a good investment, the best investment, in fact, but in the Fifth loan this phase of the theme is to be more clearly emphasized. As an investment, the bonds will be particularly attractive from the standpoint of safety because the transition from a war to a peace basis in the nation can not have any other effect on them than to increase their value.

### Greatest Nation Of Wasters Is Reformed By War

THE silver lining of the war cloud was apparent to one man down in New York City long before the signing of the armistice made it visible to all men. And this man saw it from a little different angle.

He was S. W. Strauss, New York's banker and president of the American Society for Thrift.

"The war has taught us as a people more about thrift than any other thing which could befall us," Strauss said in a recent interview. "We have practically doubled, since the war started, the number of families in the United States who have something put by for a rainy day."

"We had been a most wasteful nation up to the beginning of the war. Before war the number of persons who were drifting on without apparent thought or purpose for the future was enormous. There were millions of people who were not saving, who were not practicing thrift. They were either had to save to buy them or have to save now because of contracting to buy them."

"In the present period of reconstruction, as we went on, and in the future every man, no matter how mental may be his employment, must practice thrift, and every employer must see, first, that conditions are such that his employees can practice thrift and, second, that they do practice it."

Giving up all pleasures and recreations for the sake of saving money is not thrift, according to the Strauss view.

"Pleasures which we really enjoy bring us definite returns in increased health and contentment. It is the expenditure of all we have for pleasure—perhaps for pleasure which is not good for us but which we spend on the pleasure of our neighbors—that really wastes and extravagates. We shall therefore be a nation of thriftists, as the expression goes."

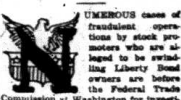

Strauss does not believe that the teaching of thrift should be dropped by the government, as soon as the Liberty Loan campaign is over. He is, in fact, a member of the board of the war has taught us, and after making a plan for the teaching of thrift to children, he is a member.

"Thrift is the very foundation of all individual efficiency and individual success in a nation," he concludes.

## U. S. TRADE COMMISSION PROBES MANY LIBERTY BOND SWINDLING CASES

TREASURY AND CAPITAL ISSUES COMMITTEE SUBMIT DATA—FAKERS EMPLOY WOMEN.

NUMEROUS cases of fraudulent operations by stock promoters who are alleged to be evading Liberty Bond orders are before the Federal Trade Commission at Washington for investigation. The commission is having daily hearings at which testimony is being offered by those who have been victimized or their representatives and the commission has invited anyone who has such information to send it.

The first testimony considered was a list of complaints compiled by the Treasury Department and the Capital Issues Committee. Other data which is to be given the investigators has been gathered by a cooperating labor set.

Get his name!  
Particularly if he tries to exchange his securities for your Liberty Bonds—  
GET HIS NAME!  
Get not only his name, and address if possible, but get all the literature he has. Then send it all to

### Greatest of All War Pictures Soon to Be Released by Treasury

The Treasury Department is soon to send out over the country the greatest war picture ever drawn. It will be called "The Price of Peace" and is an assemblage of the most thrilling of the thousands of best film taken by official photographers of the war college who followed their task from his home to the front at Arkadia.

### Insurance Men List Liberty Bonds at Par

The national convention of insurance commissioners recently decided that in the settling of all insurance contracts for the year ending December 31, 1918, war would be allowed for all Liberty Bonds.

### Liberty Loan Levy

A canny young lad named Callahan, about to wed Madge Muldoon, thought he would make a good thing out of it. As soon as his girl too reddens, he'll give Madge a Note come next June.

### HANG ON!

Don't forget! Liberty Bonds are getting above par. That is why brokers are advertising them so much. You know, do you? Hang onto your bonds.

The support of the Fifth Liberty Loan by the American people will be demonstrated on April 1st, 1919.

as a candidate for Representative from the Seventh Legislative District, composed of Rockcastle and Laurel counties, subject to the action of the Republican party at its primary election on August 2, 1916.

some time this summer, when all the folks that attended the school years ago can get an opportunity to meet each other once more where they have whiled away many pleasant hours. But the saddest thing is, all could not meet. Besides our old School Master, there are many who have crossed over the great divide. We are told that the old school house is gone, but the pace whereon it stood still lingers in our memory. Let's all get busy and go there and live over our school days in a few days with her sister, Mrs. W. M. O'Dell.

Mrs. S. E. Hillard, who has been very sick for some time is slowly improving.—The new concrete platform at the passenger depot has been completed which adds much to the beauty of the place, and is much easier for the one that handles the trunks.—Mrs. W. H. Barton, of Hazard, Ky., is visiting her mother, Mrs. Staley, of this place.—The fishing season is open and now you can see gangs of fishermen armed with pole and reel, on their way to the beautiful Rockcastle river in quest of the finny tribe. But so far Uncle Phil Carrier has been the most fortunate one as he landed a twelve pound salmon a few days ago. There will be a supper at the Masonic hall Friday evening. Proceeds to go to the Armenians who are starving and dying by the hundreds.—Oh! this beautiful weather that we are having now is the time for the farmer to hustle.—Miss Aggie Pointer had the misfortune to fall and dislocate her elbow. Sunday Dr. R. G. Webb was called and she is getting along well.—Mr. and Mrs. B. H. Griffin have moved to the farm near Mt. Vernon.—Thomas Farley and Bill Hessel have changed property, Hessel paying Farley \$100 difference.—Miss Ella Mae Blanford is visiting her cousin, Miss Marie Blanford, in Louisville this week.

Mr. and Mrs. J. M. Foure and Mrs. W. Rich were in London Monday.—Mr. and Mrs. I. E. Mann, of Paris, are visiting Mr. Mann's parents, Mr. and Mrs. J. H. Walton.—Our friend W. M. Hicks informs us that he has left the field as a candidate for matrimony and claims that up to the present he has failed to find the woman of his choice, but claims at a later date he might sail in again and win and next year will be leap year and the chances are that by that time he may stand a better show.—Andy Kinser has moved his drilling machine to Lincoln county where he has a contract to put down three wells.—Mr. and Mrs. A. W. Bourne are visiting relatives in London this week.—Dr. W. T. Amyx was in Cincinnati Saturday on business.—James Arnold, of Logan, Va., is visiting homefolks.—Mrs. D. B. Hambo and son, Leslie, have returned from Stanford after a few days visit with relatives.—Several of our citizens attended the show at Mt. Vernon Monday night and all report a splendid show.—There is some talk of a reunion at Mt. Vernon School.

When applied to the buying and saving of foodstuffs there never was a more grievous error, a greater mistake. It is the worst kind of folly to deprive oneself or family of pure, wholesome foods for the sake of money—misersness. Such a method is certain to result in impaired health. Food purity should be the first consideration then economy.

This happy combination of purity and economy are splendidly defined in Calumet Baking Powder. Calumet is absolutely pure in the can and in the bakings—it contains only such ingredients as have been officially approved by the U. S. Food authorities. Despite the fact that Calumet is the purest, highest quality Baking Powder procurable, it is moderate in price.

In addition of this, Calumet affords another opportunity for saving. It possesses twice the leavening strength of most powders—only half the usual amount is required. Again—Calumet enables the housewife to practice sensible economy—Calumet never fails—it never allows hasty loss and waste of expensive baking ingredients.

Only by purchasing and using such products can the housewife employ economy of a truly beneficial nature.

Man past 30 with horse and buggy to sell Stock Condition Powder in Rockcastle County, Salary \$50 per month. Address 424 South Meridian St., Indianaapolis, Indiana.

Word has been received by relatives here of the death of Willie Hansel, youngest son of Mr. and Mrs. Epp Hansel, of Lawrenceburg, on the French battlefield on or about October 4th. Epp Hansel is a former Rockcastle male and has many relatives and friends here who sympathize with the family in the loss of their son who gave his life for his country.

KILLED—Luther Mann was shot and instantly killed near London last Saturday night. The report as given to us is to the effect that Mr. Mann, W. M. Mullins, and Jeff Johnson, the latter a partner with Mr. Mullins in the livery business, had gone to a point near Pittsburg to get some moonshine whiskey. On their return to London, Mann and Johnson began disputing and finally came to blows. Mullins said that he was some distance behind and when he reached the spot he saw his two friends fighting. He says that he tried to stop Mann, who was cutting at Johnson and being unable to do so, shot to save Johnson's life. The bullet entered close to the nose, ranged upward, passing through the brain causing instant death. The remains of Mann were brought here Sunday afternoon and held over until Tuesday awaiting the arrival of his daughter. The burial took place in Elmwood cemetery following a brief service at the grave conducted by Rev. H. T. Young.

We deeply deplore the unfortunate tragedy, as do all the friends and acquaintances of all parties concerned.

The examining trial will be held to day and quite a number from here have gone to London to be present.

BOOTLEGGING COMMITTEE

It is a very common belief that when people assist in the prosecution of any case in court that they are meddling, or interfering with things that are none of their business, and men charged with a violation of law are prone to believe that people assisting in the prosecution are their personal enemies, and have selfish motives or wish to even scores of some grudge. This is not the case with any official or any one of the Anti-Bootlegging committee in this county. Personally this committee do not wish to see any one confined in jail, or have any one pay out their money in fines they only wish the sale of whiskey stopped in the county, and there is no way to suppress the violations of law except by enforcement of law. This habit will be stopped in Rockcastle County. The good citizens do not intend that our county shall be an out-law county, and ignore the enforcement of such an important law. This cause is greater than any one man, or any bunch of men should decide that they do not want the whiskey law enforced. The more slowly the people realize that the bootlegger must go, the more trouble it will take to clear the county of this element. The command of the courts has been given, and these orders will be obeyed. The army slogan of "carry on" is being applied to present conditions, and the people are determined to "carry on" until there is no bootlegging or moonshining within the bounds of this county.

Investigations by the Court are bringing some results. They have now gotten to the point that if a man is seen under the influence of whiskey, he is asked under oath to explain where and how he secured his whiskey, and the man of whom it can be proven that he has not been out of the county is in a pretty close place when he undertakes to frame up a story to protect a bootlegger. One claim that is handicapping investigations is that they get drunk on best wine of iron, the nature of clunkum, lemon extract or some of the various patent medicines with a heavy percentage of alcohol, and we wish here (Bottom next column)

BOOTLEGGING COMMITTEE

It is a very common belief that when people assist in the prosecution of any case in court that they are meddling, or interfering with things that are none of their business, and men charged with a violation of law are prone to believe that people assisting in the prosecution are their personal enemies, and have selfish motives or wish to even scores of some grudge. This is not the case with any official or any one of the Anti-Bootlegging committee in this county. Personally this committee do not wish to see any one confined in jail, or have any one pay out their money in fines they only wish the sale of whiskey stopped in the county, and there is no way to suppress the violations of law except by enforcement of law. This habit will be stopped in Rockcastle County. The good citizens do not intend that our county shall be an out-law county, and ignore the enforcement of such an important law. This cause is greater than any one man, or any bunch of men should decide that they do not want the whiskey law enforced. The more slowly the people realize that the bootlegger must go, the more trouble it will take to clear the county of this element. The command of the courts has been given, and these orders will be obeyed. The army slogan of "carry on" is being applied to present conditions, and the people are determined to "carry on" until there is no bootlegging or moonshining within the bounds of this county.

Investigations by the Court are bringing some results. They have now gotten to the point that if a man is seen under the influence of whiskey, he is asked under oath to explain where and how he secured his whiskey, and the man of whom it can be proven that he has not been out of the county is in a pretty close place when he undertakes to frame up a story to protect a bootlegger. One claim that is handicapping investigations is that they get drunk on best wine of iron, the nature of clunkum, lemon extract or some of the various patent medicines with a heavy percentage of alcohol, and we wish here (Bottom next column)
