

After 26 years of service to J&I Equipment Co. in Mt. Vernon, Jack DeBorde, at left, decided to call it quits last week. He was honored with a reception and a new tractor tiller as a parting gift from the company. Also in the photo is co-owner, Jim Earl Hammons.

**BATTLE AT PERRYVILLE REENACTED**

One-hundred and twenty five years ago, the hills around Perryville echoed with the boom of cannon, the crack of rifles and the agonized screams of fallen men.

On the weekend of Oct. 2-4, those sounds will again be heard, as the battle of Perryville is re-created by more than 1,000 mock troops from throughout the region. More than 25,000 spectators are expected to turn out for a variety of activities observing the anniversary of the pivotal battle.

The battle re-creation will take place from 1-2 p.m. Sunday at Perryville Battlefield State Park. Organizers point out that it is one of the few places in the country where troops "fight" on the actual battlefield; elsewhere, development often has claimed the land where Civil War battles were fought.

The skirmish is the highlight of a full weekend of activities. At the battle site, visitors will have a chance to see the troops make camp Friday afternoon, and conduct drills on Saturday. The experience of reliving history is enhanced by the high premium that troops place on the authenticity of their uniforms, weapons, and gear.

**"PERSONALS"**  
(Cont. From 13)

Shirley Burton were in Richmond Saturday.

We extend our deepest sympathy to the family of Dallas Hunt in their time of sorrow.

Mrs. Louise Hasty and Mrs. Nadine Creech were visitors of Mrs. Carol Collins and son Kenneth, Wednesday in West Liberty.

Mr. and Mrs. Joe Hensley, were in Dayton, Ohio last week visiting their children.

**SUMMER CHEERS FOR SCOUTS** - 3 cheers for Brodhead Cub Scouts Pack 89. Summer activities began in Cubmaster David Ott's back yard where the scouts enjoyed softball, a 3 leg race and wiener roast. The next outing was a trip to Wolf Creek Dam where they visited a fish hatchery. Nature is important in scouting and to get to nature is by hiking. Den leaders took scouts into the woods at Gauley Branch near Red Hill, then drove up to Sand Hill for a picnic and to visit the famous Sand Rock. The scouts loved the red, purple and yellow sand. What a great summer! If anyone is interested in scouting, call David Ott at 758-8850 after 6 p.m. You need Scouting - and Scouting needs you.

CARD OF THANKS The family of Bob Bryant wishes to thank everyone. A special thanks to those who came to visit, you will never know what your visits meant to us. To those who sent the beautiful flowers also a special thanks. We cannot forget a Myrtle and Paul Bullock for all the food and kindness and to the singers, Patty Hayes, Michelle Alexander, Juanita Robbins and Rick Rice for the beautiful songs. Another special thanks to Bro. Chris Jasper for his sweetwords and comfort to our family. We will not be least; Cox Funeral Home and staff. 48x1p

In Memory of Wade Burkley Allen who died Oct. 3, 1966

We will never forget that sad day when the angels came and took you away.

Though you are gone, you are not forgotten nor will you ever be. For as long as time and my life shall last, I will remember thee. Though you wished no one a last farewell or even said goodbye, you were gone before we knew it and only God knows why.

One heart of gold stopped beating two shining eyes at rest, God broke our hearts to prove to us he only takes the best to dwell with him through eternity in his Haven of rest.

To some you are forgotten, to others a part of the past, but the ones who loved and lost you, your memory will forever last.

Still missed so much. Your daddy Bill Allen, Brothers: Lonnie, Rudy, Chris and sister, Norma, and by everyone who knew you. Written by your stepmother, Ruby Allen.

Your daddy often speaks of you and I know he misses you too. Although I never knew you, I'm sure I would have loved you too.

Sadly missed and remembered fondly by: Daddy Bill and wife Ruby Allen, Mr. and Mrs. Bill Allen

CARD OF THANKS The family of Mrs. Daisy Deagener wishes to thank everyone who came to visit and shared in our sorrow. You will never know what it meant to us. Also, a special thanks for the medical teams of Rockcastle County Hospital and U.K. Medical Center for their services, for those who brought food and sent flowers and thanks to Bro. Jasper Carpenter for your words of comfort, Bro. Bill Medley, Sister Juanita Medley and Bro. Burgess Daugherty for your songs and, last but not least, Dowell and Martin Funeral Home for their kindness and efficiency. Her Children

Mrs. Sharon McKinney's 5th & 6th grade class presented a pictorial picture of the Constitution.

At Livingston Elementary School, the entire student body celebrated the 200th birthday of the United States Constitution on Sept. 17th. Mrs. Cash's 4th grade class led the preamble to the Constitution. Leading the class was Koula Collingsworth. Students pictured are, front row, from left: Amanda Collins, Angie Cox, Laura Hammond,

Lisa Hammond, Shawna Burkhardt, Jason Medley, Michael Crouch, Carmen Clark, Robert Newcomb, Aaron French, Ben Taylor and Joyce Hollan. Second row: Sonya Milburn, Jamie Smith, Chris Lambdin, Barry Crouch, Lisa Begley, Terri Ashley, Lora Saylor, Troy Goforth, Myrle Hopkins, Walter Abrams, Jason Johnson and Eldon Brown.

Many posters proclaiming America's freedom were on display during an assembly at Brodhead Elementary School on Sept. 16th. Pictured above, front row, are, from left: Kristy Sargent, Beta club president who was emcee for the program, J.D. Bussell, Chris Robbins, Chris Jones, Billy Tomes, Jamie Lovins, Jamie Hughes and Emily Gisler.

Second row: Sonia Morgan, student council president who led the pledge of allegiance, Shannon Bond, Jason Lear, Ryle Barnett, Kevin Robinson, Adam Compton, Jason Scoggins, Coby Smith and Patricia Wilson.

At Livingston Elementary, Mrs. Martha Eversole's and Mrs. Peggy McClure's kindergarten and first grade students participated in a program celebrating the U.S. Constitution's 200th birthday.

## Roundstone Elementary assembled to celebrate Constitution Week

Roundstone Elementary celebrated the 200th anniversary of the Constitution by assembling beneath the flag in front of our school building.

We watched as the flag was raised and we were led in the pledge of allegiance.

After lunch we had a program in the gym provided by the 7th and 8th graders. They did a choral reading about our country, our flag and our Constitution.

On Friday, each student wrote what the flag and the constitution meant to them and attached it to a helium-filled balloon. The balloons were released simultaneously.

Roundstone's first grade discussed our rights and responsibilities as an American Citizen. They discussed what the flag represents, then drew and colored an American flag.

Miss Cameron's third grade has been working this past six weeks on "Our Country, American". They have studied the origin and importance of the flag, how the country got its beginning, and the importance and part that the Declaration of Independence and the Constitution played in our development as a free nation.

Sue French's third grade class did several activities during the week to celebrate the anniversary of our Constitution.

We made flags of the United States. As we colored them, we discussed the meaning of the stars and stripes.

An art project we enjoyed was developing a collage from pictures. Our title was "Many people. One Nation."

We had fun singing songs and reading books about our Country.

On Friday we wrote a message about the Constitution and attached it to our red, white and blue balloons which were filled with helium.

Constitution week was lots of fun!

Mrs. Pybas' 5th grade class began working the first week of school on an 18 page project entitled "America, My Country."

It was done in correlation with Social Studies class, the Constitution Bicentennial Celebration and Citizenship Day which we always acknowledge on Sept. 17.

The booklet was completed in Art class when the students

designed their own cover making abstract designs of the American Flag using red, white, and blue construction paper.

The class appreciated the extra time and aid of Mrs. Center (classroom teacher) and Mrs. Melinda Kincer (student teacher from E.K.U.).

The 6th grade observed Constitution Week by going out on the black top in front of the school and participating in the raising of the United States Flag and pledging our allegiance to it. Also we listened to the 7th and 8th History classes perform a choral reading paying honor to our Constitution.

Our class then assembled a U.S. Flag from colored strips of construction paper. We used the new camera provided by Polaroid and ordered by Mrs. Powell, to take a picture of our newly constructed flag which we have displayed on our bulletin board.

On Thursday we performed a play entitled "The Compromise" which helped us understand that the small states, as well as the large states had to compromise or give up part of what they wanted in order for our Constitution to be acceptable to all.

Finally, on Friday we released red, white and blue balloons that were filled with helium, complete with our names and addresses. Mr. Parsons, our principal, made it possible for us to do this by purchasing the balloons and picking up the helium tank. During this ceremony, Mr. Holland, our P.E. teacher and some students led us in God Bless Our America. It was an impressive ceremony and an interesting week.

Mr. Tracy Gabbard's and Mrs. Terri Sayble's classes celebrated Constitution Day by building an American flag and decorating two cakes like flags, for this special day.

Miss Sayble's class also made Constitution books where they learned about the lives of our forefathers started and wrote the Declaration of Independence.

In art class, collages were made to show how the students see America and then named their flag and then named them.

Our flag is staying up the rest of the year because the children are so proud of it.

Miss Reams' Special Ed. Class made a banner on their computer saying, "We Love Our Flag" and colored pictures of the flag.

## Brodhead School celebrated 200th birthday of our Constitution

We the people of Brodhead School gathered in an assembly on Wednesday, Sept. 16, to renew our faith in our Constitution of the United States of America and to "Celebrate Our Citizenship" because we are proud to be free Americans.

Kristy Sargent, Beta Club President was the MC for the program. Sonia Morgan, Student Council President, led the students, faculty, and visitors in the Pledge of Allegiance.

Students in Mrs. Sharon McKenney's 5th and 6th-grade class presented a pictorial history of the Constitution. Following this were the 6th graders in Mrs. Regina Burton and Mrs. Patsy Morgan's classes with a recitation of "We the People."

Before Mrs. Judy Doyle and Mrs. Ona K. Owens' 5th-grade classes recited a poem "The Preamble, the 4th graders

sang "American," under the direction of Miss Linda Cummins, Miss Molly Hamm and Mrs. Wilene Bussell.

Following Mrs. Kathy Dyehouse, Mrs. Sara Hamm, and Mrs. Sharon Ponder's second graders' rendition of "My Country, 'Tis of Thee," Mrs. Charlotte Bullock's kindergarten class and Mrs. Shirley Martin's first graders presented "What Protects Us."

Mrs. Doris Wright and Mrs. Pamela Martin accompanied the classes on the piano; and students in Mrs. Mary N. Cash's social studies created a beautiful large American flag, which was presented when everyone stood and sang our National Anthem.

This program was just one of several ways our students have been studying and learning about the Constitution. We are planning other activities for the future.

Melissa Owens, Jennifer Bishop and Jaccindia Denney, 7th graders at Brodhead, hold the American Flag which they created.

A 6-7 acre lake on the farm of Noah Poynter in the Level Green section on 461 has been dug. Mr. Poynter said the lake, which will be a pay fishing lake, will be stocked with different kinds of fish.

**LOCAL STUDENT TAKES PART IN STUDENT ALUMNI**

Teresa L. Renner of Orlando, is taking part this year in the Student Alumni Association at Eastern Kentucky University.

The junior marketing major is the daughter of Wendell and Virginia Renner.

EKU's Student Alumni Association, chartered in 1985, is a chapter of the regular Alumni Association and is formed of current EKU students.

The members help with a variety of functions related to university advancement -- giving campus tours, serving as hosts and

hostesses for official functions, providing support for Alumni Association activities such as Homecoming and Alumni Day and distributing "care packages" for students during Finals Week.

These students tend to be campus leaders, young people who are willing to give something back to Eastern," said Larry W. Bailey, director of the EKU Division of Alumni Affairs.

"They're good students. We're very proud of them," he said.

Eastern Kentucky University at Richmond is a comprehensive regional university serving more than 13,000 students through a diversity of programs in its nine colleges and graduate school.

Scum covers a large section of Lake Linville in the boat dock area. Little rain and low water have helped the algae to increase at a rapid rate.

Members of the Mt. Vernon City Council visited Lake Linville last week to check buildings, drainage and public facilities. Left to right are: Joe Martin, Tom Welch, Mayor Elizabeth Baker, Larry Burdette, Jimmy Hale, boat dock operator and Billy Ray Doan.

## Concern mounts in city over Lake Linville's falling water

By: Ray McClure

It's not a pretty picture. Mt. Vernon city councilmen agreed Friday as they toured the Lake Linville area to check public facilities and see first hand the condition of the lake.

They found a depleted lake with water so low in and around the city boat dock that algae (scum) has formed a green carpet on the water. They also found public facilities at the lake left "much to be desired."

"We're going to have to do something," one councilman remarked. "The whole area need a lot of work and the lake needs lots and lots of water. Facilities can be upgraded, but the water is left up to the Lord."

For the first time overheard was a remark that "maybe the city has over-sold its water," which could bode a gloomy future for outlying areas. The city sells water to the Western and Northern water districts and Brodhead.

The city is pumping about 1.3 million gallons a day, or about 39 million gallons a month. The Northern district uses about 4 million gallons a month. Brodhead uses about 4 million and the Western District about 5.5 million a month. The remaining is used by Mt. Vernon and some customers outside the immediate city limits.

Although the lake has a considerable amount of water still in it, it is being used at an alarming rate and the Weather Service predicts a dry October.

According to Matt Powell Jr., water superintendent, the lake is

**WELCOME RAIN**  
There wasn't a complaint to be heard Tuesday as the first rain of any consequences fell. A total of 1.22 inches fell at the Weather Station at Cox Funeral Home, that brought the total for September to 2.57 inches compared to last September when there was nearly six inches.

Although the rain helped, the area is still an estimated 10 inches below normal.

Most rain in September was on Tuesday, and .43 of an inch recorded on Sept. 1, but actually fell during the night of Aug. 31.

falling fast.

"I've not seen the lake fall as fast since it was drained by the state a few years ago," Powell said. "And we add about 100,000 gallons each year over the previous year to keep up with demand."

Powell said the city is installing new lines each week because so many springs and other water sources are drying up.

"Some springs have gone dry that never had before," he related.

There has been no known estimate of how many gallons the lake holds during a normal weather period or in a typical summer. But best guess now is that the lake is about 10 percent lower than normal, and, as someone remarked, "still pumping."

"We just haven't had enough rain to help at all," one councilman said. He was right. As of Wednesday (Sept. 30) just over two inches had fallen compared to about six inches last September.

Hot temperatures in the summer also account for a loss of water through evaporation.

The upper reaches of the lake around the boat dock is the worst section of the lake. Because no water is running into the lake, and the water level is below the overflow lines, the lake presently is a dead lake.

"That's true, right now it is a dead lake," a wildlife expert is quoted as saying. "That's when you get algae and water grass taking over very quickly. The water will soon be tasting bad unless there is a lot of rain to help bring the lake back to normal."

In some cases, boats coming out of the lake have algae and grass clinging to them, frustrating boat owners.

## Smiths sue school board, Masons

By: Richard Anderkin

An incident that occurred at the Rockcastle County High School, last October, has resulted in court action against the local board of education and a Pine Hill family. William Smith and his mother, Jo Ann, filed a suit in Rockcastle Circuit Court this week seeking damages against the school board and Chris Mason and his family.

Smith and Mason were both seniors at the Rockcastle County High School when the incident occurred.

According to the suit, Smith was injured by Mason during an altercation on school grounds on the morning of October 2.

The suit also states that the Rockcastle County Board of Education, through its agents, servants, and/or employees negligently failed to properly supervise the students of the Rockcastle County High School and more specifically, Chris Mason, and as a direct result thereof, Smith was injured.

Rockcastle County Board of Education, through its agent, servants, and/or employees had a duty to provide a safe environment for the students of the Rockcastle County High School, including a duty to provide a safe environment and protection for its students and to supervise all areas of the school grounds.

The suit notes as a result of the incident Smith suffered severe mental and physical injuries that will be with him for life.

The Smiths are asking for damages in excess of \$2,500. The incident, a fight between

Smith and Mason received much attention last fall from the Signal.

During school board meetings last year the case was re-hashed several times. Chris Mason told the board that he was approaching Smith to talk to him about something that happened at the school the day before.

Mason said that Smith had put urine in a can and allowed a handicapped student to drink it. He said the fight broke out when he approached Smith about it.

## Dry weather increases fire hazard

Forestry officials warn residents this year's fire hazard season may be especially troublesome because of the dry weather. The official fall fire hazard season begins Oct. 1 and ends Dec. 15, according to Steve Bullen, Rockcastle County Forest Ranger.

"During the period, the danger of forest fires is always higher than usual because of the extended dry weather this summer," Bullen said. "The danger this fall is very very high."

The 4:30 p.m. burning law is in effect during the fire hazard season. This law makes it illegal to burn anything within 150 feet of any woodland or brushland before 4:30 p.m.

Other laws, which are in effect at all times, require that a burning area be adequately cleared around before the burning is done, and that someone be with the fire at all times until it is completely out.

As just one step in helping reduce the number of forest fires in Rockcastle County, the Division of Forestry will continue to strictly enforce these and other

## Correct water line problem

Discovery of water line connections that could pose a problem for the city will be remedied during the city's \$300,000 water project now under way.

The city will spend \$5,845 to add valves to its present water tanks before adding its new 600,000 gallon tank on Town Hill.

Digging into the ground for footings for the new tank and to change water lines, Engineer Jack Crawford found the two tanks now in use were connected so that if one tank is drained the other would automatically drain.

"If something happened to a tank we could be totally out of water for a week," Matt Powell Jr., water superintendent, told the council at a called meeting. "The tanks need to be separated with a valve to shut off each

## Lasses festival set at Renfro

Hundreds of visitors are expected Oct. 9 through 11 for the annual Lasses Making and Country Music get-together at Renfro Valley.

There will be molasses making, arts and crafts, a talent show, gospel singing, rifle shooting, ticket drawing, elder making and eight shows during the three days.

There will be a matinee Saturday at 7 p.m. and a gospel sing at 9 p.m. in the red barn featuring the Rowlands, the Andrews and Smokey Mountain Echos.

## Youth hit by car

A Mt. Vernon Elementary School third grader was struck by a car Friday afternoon when he tried to cross Richmond Street.

Jim E. Owens received cuts and bruises after he was struck by Darren Allen, a high school student. According to Owens' grandmother, Margaret, her grandson followed two older boys across the street and did not see Allen's vehicle. The youth was taken to Rockcastle County Hospital treated and released. The accident occurred in front of the Owens Chevron Service Station owned by his grandfather.

## No tax increase

City residents got somewhat of a break last week when the Mt. Vernon City Council decided not to raise taxes. The city's present tax rate is 16.5 cents per \$100 property valuation. Under state law the city could only increase the tax rate by 4 tenths of a cent, meaning all the city would get would be just over \$1,000 in additional money.

The council decided it would cost about that much to do all the paper work involved in making the change, so the increase was not approved.

### 400 Graveyards

## Long-awaited book of cemetery inventories in Rockcastle County is finished at last

The long awaited book of cemetery inventories from 400 graveyards in Rockcastle County is finished, at last.

The book has been in progress since the fall of 1981 and well over 200 people from the county helped locate burying grounds. The book contains about 900 pages and it is estimated there are about 10,500 individuals listed in the index.

Jeanne Snodgrass Bonham and Pat Hiatt promised when they asked people to help find the cemeteries that they would put copies of the book in both the Rockcastle County Public Library and at the Rockcastle County Historical Society research center.

Those books should be ready for all to use by the middle of November. They are being

printed now. The book lists the cemetery and those buried there, if the

gravestone writing is legible.

The person can be located if it is known in which cemetery he or she is buried. Also, there will be a compiled index of names. The book is expected to be an important tool for seeking descendants.

The listing of the persons will contain what is found on the tombstone such as birthday, death and any other information on the stone.

The books will also be available to individuals by mid-November. The cost will be \$47.50 plus postage and handling. However, all copies ordered and paid for before Nov. 1, 1987 will cost just \$40 plus postage and handling. The books may be ordered from High Grass Publications, c/o Pat Hiatt, 300 W. Smith Valley Rd., Greenwood, In. 46142.

Delivery will take about six weeks unless the order is accompanied by a money order or a certified check.

### "CITY COUNCIL" (Cont. From Front)

Nearby, the beach area is a thing of the past. The beach has been closed most of the summer by the Rockcastle County Health Department. It is also located in an area that is prone to erosion. Restrooms are in poor shape and repairs to buildings are needed. The council went over a list of 12 items with boat dock operator Jimmy Hale and apparently reached an understanding with him on what work the city would have done and what work he would do.

Said one councilman who incidentally is not a candidate for re-election: "I doubt if the lake area will ever be any better than it is. The city just does not have the money to do a lot of work here at the lake. We had hoped leasing

the boat dock would bring in enough money to keep things going, but it doesn't look like it ever will. To do a lot of work down here we would need to raise city taxes to get the money, and I don't think folks want their taxes raised. Actually, there are a lot of people who don't think the lake should be used for any kind of recreation."

As reported earlier, the council has earmarked \$1,787 to purchase 325 grass-eating carp to put into the lake, a remedy suggested by a biologist from the Kentucky Fish and Wildlife Division.

State biologist Albert Jones said the fish are from 10 to 12 inches long when placed in the lake and can grow as much as 40 to 50 pounds. The fish do most of the grass-eating during the first five years.

They can be caught, but are not usually since fishermen ordinarily don't use grass bait. If they are caught, and not returned to the lake, the state suggests the city impose a penalty.

## Let's Talk About Pre-Arranged Funerals

There is a growing tendency for folks to make Funeral Plans before death - in much the same manner as they make their wills. A written list of requests - placed where the family can easily obtain it - relieves much of the burden for those left behind. Cox Funeral Home feels this is a very worthwhile and sensible approach to death. We welcome you to stop in any day and discuss your funeral arrangements. Naturally, you will be under no obligation. It's a service Cox Funeral Home is proud to offer the community.

**SOME WAYS TO CURE AND USE CHINESE CHESTNUT**

Pick-up and curing of Chinese Chestnuts: Mature Chinese chestnuts start opening and dropping to the ground from late August to late September. For best keeping and best quality, they should be picked up at least three times a week. Place them in well ventilated open shade (not in direct sun) on screen or paper, open for 4 to 5 days to cure. When cured, the meats will have a slightly sweetish taste when chewed, instead of the raw "Irish-Potato" taste when they are picked up.

After this short curing time, the nuts can be placed in plastic bags or jars, closed and put in refrigerator at about 36 degrees and held until used. If desired, they can be frozen. Some people remove the thin brown shell and skin and put the meats in plastic and place in deep freeze.

If left out over a two to three week period, as with pecans and walnuts, the chestnuts become so hard they are not usable.

**TO ROAST CHESTNUTS:** Cut a gash in the flat side of each chestnut but one. Place in a 300 degree oven. When the ungnashed chestnut explodes, the others are done. Chestnuts may also be roasted in a covered frying pan on low heat. Add a little oil to prevent burning. Again slash all

but one. You may also use an old-fashioned corn popper or chestnut roaster and roast over the open fire. As the songs go...chestnuts roasting on an open fire and...hear the chestnuts pop - pop - pop!

**QUICK CHESTNUT STUFFING**

Skin, peel and chop 1/2 pound of chestnuts and add to one regular size package of stuffing mix. Prepare according to package directions. You may boil chestnuts until tender before adding, but it is not necessary.

**AMISH CHESTNUT STUFFING**

Wash 1/2 pound chestnuts, make 2 slits in each shell and bake at 475° for 15 minutes. Shell, boil in water to cover 20 minutes. Chop fine. Mix with 1/4 cup melted butter, 2 cups soft bread crumbs, 1 teaspoon salt, 2 teaspoons poultry seasoning, 1 well beaten egg, 1/2 cup chopped celery. Toss well. Will stuff 7 or 8 pound bird.

**NUT LOAF**

2 cups bread crumbs  
1 cup nut meats, ground  
1/2 cup grated cheese  
1 tablespoon onion, chopped  
Paprika or other seasoning.

If desired  
1 tablespoon butter  
Mix ingredients with just enough water to make into a loaf. Bake until a good brown color and serve with a gravy.

**CHESTNUT PUDDING**

1 pound chestnuts  
1/2 teaspoon vanilla  
2 ounces rum  
Currant jelly  
1 teaspoon powdered sugar  
1 cup heavy cream  
Juice of one orange

Boil 1 pound of chestnuts for 20 or 30 minutes. Peel and remove inner skin, and press through a ricer while still hot. Add 1/2 teaspoon vanilla, 2 ounces of rum and 1 teaspoon of powdered sugar. Mix well and chill. Beat 1 cup of heavy cream until stiff and add gradually the juice of 1 orange. Now add the pureed chestnuts, and beat all together thoroughly. Put back in refrigerator until cold and serve with a teaspoon of currant jelly over the top.

**Area homemakers news**

One good reason to belong to a homemaker's club, is to be able to attend an area meeting.

It surely was worth the effort to get to the Wilderness Trail Extension Homemaker's Annual Meeting by 9 a.m. on September 26, "The Barn" in Sweet Hollow Recreation Center, Corbin, was where the meeting was held.

We spied a corn-husk wreath on the wall, with a bunch of okra pods hanging on the wall nearby.

A table of "pick up" food, coffee, tea and juice was a welcome sight, as most of us left home without breakfast.

As we sat at a near-by table, partaking of the goodies, we sold five of our county's cookbooks. Hostesses were dressed in long,

old-fashioned outfits. They gave us name tags as well as poured our choice of drinks.

After entering our crafts for exhibits, we found a table in the dining room. The tables had interesting center pieces. There were apple holders for candles, oil lamps and lanterns with flames flickering brightly.

After Irene Reid, the Area President, called the meeting to order, the Knox County President, Linda Green, welcomed the over 200 homemakers present.

Clay County's Theresa Garrison, told us in her "Thought for the Day", that the number one reason in being a homemaker club member, was that it created a new life for the person. The number two reason was

## Bow season for deer opens in state October 1

The statewide bow season for deer will open Oct. 1 and run through Dec. 31, which includes the gun season. Archers hunting during the gun season, however, must comply with all regulations that apply to the gun season.

During the 1986 season, over 5,000 deer were harvested in Kentucky by bowhunters. It is likely that more deer will be harvested in 1987 by bowhunters due to the increasing popularity of the sport and the higher numbers of deer across the state.

John Phillips, deer program coordinator, expects that the total deer harvest will be in the neighborhood of 60,000 deer for the upcoming season, of which about 12 percent will be taken by bowhunters. The total estimated deer harvest for 1986 was 53,404, which increased over 10,000 animals from the 1985 harvest.

In spite of the record harvest in 1986, at which time the estimated resident deer herd numbered 260,000, the herd has increased to 295,000 in 1987. If the current growth rate continues, there will be over 334,000 whitetails in Kentucky next year even if 60,000 animals are harvested during the upcoming season.

These figures show that the 1987 fall deer season should again produce another consecutive record harvest. Bowhunters should have excellent chances of locating and harvesting deer. The statewide limit is two deer per season, both of which may be taken by archery in all open zones.

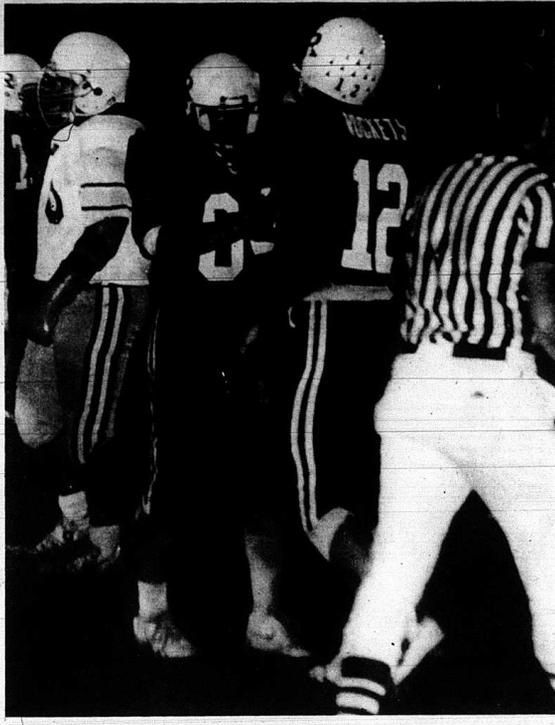

Bowhunting is a sport that calls for patience and precision on the part of the archer. Matching wings with deer in order to get close enough to make a good shot is exciting. Developing good archery skills and confidence is also very important to be successful in bagging a deer. Good bowhunters know the limits of their weapon, as well as their personal skill level and do not attempt to make shots which are too difficult.

Complete information on season dates, regulations and requirements are included with their deer permits which cost \$11.50. Deer permits can be obtained from county clerk offices, several outdoor sporting goods stores and the offices of the Department of Fish and Wildlife Resources.

The Department of Fish and Wildlife Resources is working at standardizing season opening dates, as much as possible, to allow sportsmen to plan hunting trips well in advance of a particular season. Many sportsmen, especially deer hunters, plan their deer permits during the off-season. If these seasons occur on or about the same date each year, hunters will have an easier time in planning leisure time for their favorite outdoor activities.

Although subject to the approval of the Department of Fish and Wildlife Resources Commission, the major hunting seasons should continue to open as follows: squirrel - third Saturday in August; dove season - first day of September; archery deer season - first day of October; deer gun season - second Saturday in November; and small game season - day immediately

## Youth league half completed

By: Clarice Kirby

Well another youth football season has been launched and quietly ran through half its season already. The Rocket's have been blasting so loudly that I fear our Youth League may only have gotten the echoes. Hey! Look! A lot of these fine players on the Rockets team started out here and went through our youth league program. This is where the roots to a successful high school team are. Congratulations guys on the good job you've done so far.

But this is your space Youth League. From here on out I will get your scores in each week and maybe a few pictures.

I'd like to fill those people in that might not be too familiar with our youth league with the set up, game scores, schedule, etc.

We have an A team and a B team from each school. In the case of Mt. Vernon we have two separate teams. If anyone at Livingston wants to play football they come up to Mt. Vernon and are drafted on either the Buccaneers or Wildcats teams. Roundstone has the Redskins. Our A teams play at the high school each Tuesday night beginning at 6:30 p.m. Our B Teams play at the Roundstone school

field each Thursday beginning at 6:30 p.m.

The Youth League began their season Sept. 8th with the Bengals scoring 8 points over the Redskins in overtime 8-0. The Wildcats defeated the Bucs 34-0. That Thursday the B teams played their first games. The Redskins defeated the Bengals 24-12 and the Wildcats scored

24-0 on the Bucs.

Sept. 15th: A Teams - Redskins 26 - Bucs 6  
Wildcats 25 - Bengals 0  
Sept. 17th: B Teams - Redskins 26 - Bucs 0  
Wildcats 0 - Bengals 16  
Sept. 22nd: A Teams - Bengals 13 - Wildcats 20  
Redskins 0 - Bucs 20

To date, John Parsons has a 708, while Debbie Bugg has rolled a 678 for high women's series handiicap and Clifton Daugherty has high men's game handiicap with a 251.

## Rockets breeze past Jellico for 6th win

By: Cindy Witt and Leslie Norton

The Rockcastle County football field was the scene of two exciting events Friday night. Perfect weather was on the side of Rockcastle, as the large homecoming crowd witnessed the fall of Jellico, and the crowning of Julie Dowell as the 1987 football queen.

Rockcastle easily defeated the Blue Devils of Jellico, Tn., 48-12. The Jellico game was a little one-sided. However, all the Rockets got to play. Coach Larkey feels like this is especially good during a homecoming game.

"If there was any first time attenders to the game, they had to see the first half of the game to see the Rocket Varsity in action," said Larkey.

Penalty flags were in the air most of the night with 27 flags being thrown by officials. Rockcastle was penalized for 97 yards on 10 penalties, while Jellico was penalized 115 yards in 17 penalties including four loss of downs on penalties. "We have been a big penalty team all season," said Larkey. "It was nothing uncommon to be penalized, but I was beginning to get into some serious thought about some of the calls early in the game."

Larkey went on to say, "The film clearly shows that some of the calls were not too good, but I understand that the officials sometimes get in on the tailend of a block or something and call it the way they see it. They can't run the play back and look at it again like I do on the film."

Chad Burdette returned the opening kick off to the Jellico 45 yard line to put the Rockets in good field position. A holding penalty brought back a 12 yard penalty brought back a 20 yard run by Mark Sowder. On 2nd and 20 to go, Chris Larkey took the pitch from Adam Coleman around his left end for a 47 yard touchdown. Larkey saw limited action because his hand is still broken. Coleman's kick was no good, so the Rockets led 6-0 with 10:20 remaining in the 1st quarter.

Martin Zukowski kicked the ball to the Jellico six yard line where they fell on a fumble! On their first possession Jellico was forced to punt. Larkey again swept the end for a 37 yard TD but it was called back on a clipping penalty. The Rockets were forced to punt. Gerald Owens sacked the Jellico punter on 4th down on the Jellico 6 yard line. On the first play Chad Williams

dove in from the 6 yard line for a Rocket TD. Coleman's kick was good making the score 13-0 with 6:00 left in the 1st quarter.

Jellico seemed to get things going their next possession. On a 15 yard penalty pass and the help of another of Rockcastle, they had the ball in the Rockcastle County territory. After three straight penalties, the Blue Devils were backed up to their own 40 yard line with 1st down and 35 yards to go. On a pass play that took the ball to the R.C.H.S. 15 yard line, the flags went flying again. Jellico had to punt, but Chuck Shields sacked the punter on their own 11 yard line.

As the second quarter began, Adam Coleman ran the ball in for the touchdown from the 1 yard line. His kick was wide to the left, but the Rockets were on top. 19-0. Jellico was forced to punt on their next possession in Chad Williams ran the ball for a 30 yard gain that helped get the ball to Jellico's 14 yard line before Chris Larkey swept left end on fourth down for the score. Coleman's kick was good which left Rockcastle in the lead 26-0. Rockcastle ended the 1st half on an exciting 78 yard TD pass from Adam Coleman to Pete Harrison. Coleman's kick was good. The Rockets took the lead at halftime 33-0.

With 7:11 left in the 3rd quarter Adam Coleman threw another touchdown pass to Chad Shields. Coleman's kick was good to make the score 40-0. Jellico put on a 70 yard drive early in the fourth quarter that ended in a 4 yard TD. This left the score 40-6.

Behind the running of Chad Burdette, Leslie Scalf and Dane Cox, the Rockets were able to put together another drive down the field in the fourth quarter that resulted in a 17 yard touchdown by Burdette. Scalf ran the two point conversion to make the score 48-6. Before the game ended Chad Crowder of Jellico caught a 43 yard TD pass to make the score 48-12.

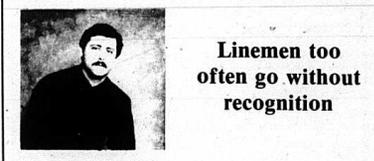

Leading rusher for Rockcastle was Les Suffer with 10 carries for 78 yards. Leading tackler was Chad Hodges who had 7 solo tackles and 4 assists.

The Rockets will have a big game this week at Bell County. This will be a district game so come show your support.

## Linemen too often go without recognition

By: Richard Anderkin

Last week the Rockcastle County Rockets victory over a visiting Jellico team was almost a football game.

The reason there wasn't a total game is because Jellico only almost had a team.

Rocket's varsity players worked up more of a sweat at the homecoming dance later that night than they did during their first three quarters of their easy victory. That was all they played.

It wasn't hard to see why Jellico is more famous for quick weddings than football.

But not to take anything away from Jellico, the Rockets are good, very good.

Coach Tom Larkey has assembled his best combination since coming to R.C.H.S. three years ago.

Friday night he got by his seventh straight win of 1987. But that victory won't come easy. If the Rockets get it, they will have to upset possibly the state's number one triple A school, the Bell County Bobcats.

The Bobcats have been ranked near the top of the polls all year and they too are undefeated. To make things worse, the game is away.

But, the real reason why I am writing this article.

Each year only a handful of players get most of the recognition when it comes to high school sports, and this year is no exception.

I'm sure everyone has read about Larkey, Coleman, Williams, Harrison, Sowder, Scalf and Shields.

But all too often the names of the men in the trenches go unmentioned. The guys who open the holes and stop the other team with tough hard nosed defense.

For the Rockets it is players like Chad Merritt, Ralph Hines, Gerald Owens, Bobby Hayes, Gerald Rowe, Chad Hodges, Ricky Mullins, James Reynolds, Chuck Nagler and Kevin Parrett that open the holes so the backs can score. These players are hardly ever mentioned unless it is when they are on defense.

Seldom do you hear from the announcer, "excellent block by so and so on triple A school, the Bell County Bobcats."

But it is these kids, who all but one weigh less than 200 pounds, that Friday night's outcome will depend very much on. Good luck men, and all of the Rockets.

Missing from the game were quarterback Billy Todd, running

back Mike Spires, and end Mark Carl. They were unable to play due to injuries.

The freshmen lost to Lincoln County, who they played again Wednesday night. The freshmen made their first score of the season against Garrard County although they lost 28-6.

The junior varsity team played Lynn Camp well. Although they lost 28-12 they showed improvement. The team had their first win against Berea Monday night.

At home the junior varsity beat the Pirates 14-8.

This year's team has little experience, two of the players had

never played before. “Once we get everything going well in practice, we believe we'll have a pretty good team by the end of the year,” said Coach David Riddle.

Coach Riddle said that the offense has begun to move the ball much better and that several of the mistakes made during the games was not had the chance to practice enough as a unit.

The team has been improving game by game and should be helped by the addition of players returning from the injured list.

**Double-Wide Modular Home with Addition**  
**Sat., Oct. 3, 1987 1:30 p.m.**  
 Mt. Vernon, Ky.

**Location: US Highway 25 north, city limits of Mt. Vernon, Kentucky.**

Mr. and Mrs. Tolle have operated a successful grocery and bait business in this location for the past 17 years. They have now decided to retire and move south. Therefore, they have authorized our firm to offer their business and home at public auction.

The store building measures a total of approximately 20 x 32. It features the main store area with attached 2 room living quarters, stock room and several additional attached storage rooms, bait shop, walk in cooler and 3 car attached shed. The building has masonry siding, paneled throughout, city water, built in cabinets in living quarters and mud room etc.

In addition to the store building, there is a handy 24x60 double wide modular home with a 24x24 addition. Mr. and Mrs. Tolle had the modular home special built with 2 1/2 walls and copper plumbing. The floor plan offers living room, kitchen/dining area, 5 bedrooms, 2 baths and family room. It has gas heat, central air, washer/dryer hook up, storm doors and wide-walls, paneled throughout, built in cabinets, wall to wall carpet and much more.

Other improvements include an almost new 20x20 combination barn with a concrete block basement.

This is all situated on US 25, has blacktop parking area and consists of approximately 3 acres.

**Inventory & Equipment:** The inventory and equipment include all the items you would expect to find in a store this size along with the bait shop inventory. The inventory and equipment will be offered separately from the real estate, then with the real estate selling in whatever manner reflects the best returns for the owners. The equipment will not be offered by individual piece.

**Auctioneer's Note:** Here is the opportunity to be your own boss in a business that has proven to be successful to the Tolle family and you have the opportunity to buy it at your own price.

In addition to the store, you will get a nice modular home to live in or use as investment property, so mark your calendar now to attend this auction, Saturday, October 3, 1987 at 1:30 p.m.

**TERMS:** Real Estate - 20% down day of sale, balance in 30 days with delivery of deed and inventory and equipment - cash or good check day of sale.

## Brodhead Willing Workers

By: Elizabeth F. Mullins  
Reporter

Fall weather made the members of Brodhead Willing Workers Homemakers Club know what decorations they'd see at Margie Brock's home, Sept. 24.

The green speckled apples mixed with bright red apples in a brass container, and a jar of apple rings on the raised-tench proved their expectations to be true. Madame President, Carol Riddle, called the meeting to order at 7:30 p.m., asking for the devotion by Lorraine Newland.

"Dividends of kind words outweigh carless talk that causes unhappiness. Little things amount to more interest, usually, than big talk of nothing," was part of Mrs. Newland's devotion

conversation.

Minutes and treasurer report were given by Patsy Fletcher. She reported that \$25 was given for Cystic Fibrosis Bike-a-Thon; and another donation was given to Cystic Fibrosis in memory of Gladys Bussell. The county gave \$1,000 to the Leadership Center. Frank Watson offered to pay for 1986 and 1987 electricity to keep our community tree shining during the holidays.

We filled out 87-88 enrollment cards and paid \$3 dues for the year. Those wishing to be a member, send dues to Patsy Fletcher.

Then, after much thought, hostesses were chosen for each month. Also, lessons to be given each month, were given to chairmen of nine subjects as: Blood Drive - Clara Proctor; Cultural

Arts - Barbara Watson; Clothing - Emily Glovak; Food and Nutrition - Ella Mae Martin; Health - Willie Lawrence; Housing - Sylvia Witt; Devotional - Lorraine Newland and Sylvia Whitt; and Bazaar - Margie Brock and Roberta Taylor.

Officers elected were: President - Carol Riddle; Vice-President - Jean Albright; Secretary/treasurer - Patsy Fletcher; and Reporter - Elizabeth F. Mullins.

After the treasurer's report, the nominating committee reported that Carolyn Chasteen from Rockcastle County will be the Area President. Congratulations to Carolyn! Carolyn is from the Sunshine Club.

The Brodhead Willing Workers club won a "Good Citizenship" award this year - ranked third place in Kentucky. Congratulations to the Brodhead Willing Workers!

The money collected for county's quilt chances was given to Clara Proctor, Rockcastle treasurer.

Carol Riddle gave us a lesson that we really needed - "Parliamentary Procedure." She held up pictures and words that told us what to do to have our meeting done in order.

Before adjourning, the 17 members present partook of vegetable pizza, two 'dips' with raw vegetables and corn chips for

the 'dippers', two kinds of dessert and hot spice tea. Who can beat that? I can!

### JOHNSONGRASS CONTROL DEMONSTRATION

Johnsongrass has been known as one of the most difficult grasses to control in field corn for years. However, new chemicals and production techniques are allowing farmers to bring this weed under control.

In heavily infested fields, incorporated chemicals are not achieving the desired control. Farmers are finding that production practices such as rotations which allow for rhizome control work best. This allows them to return to corn and incorporate chemicals gaining a better control.

Farmers equipped to plant and harvest soybeans will find Poast and several other chemicals which kill johnsongrass when sprayed over the crop. This a very

Authorized representatives for the KENTUCKY STATE POLICE PROFESSIONAL ASSOCIATION (K.S.P.P.A.), who are not troopers, are presently calling on area businesses, to help support their K.S.P.P.A. endeavors by way of a courtesy advertisement in their official publication, "THE THIN GRAY LINE". The K.S.P.P.A. has been very active in publishing "THE THIN GRAY LINE", which contains articles on drug abuse, automobile safety, drunk driving and a special section devoted to missing children. The newspaper is a vital communicator between the K.S.P.P.A. and its members. The K.S.P.P.A. membership is comprised of on road troopers, arson investigators and communication personnel of the Kentucky State Police. However, the K.S.P.P.A. does not participate in any of the policy making or governmental functions of the Kentucky State Police. The K.S.P.P.A. is also active in community projects, such as giving out scholarships at the various State Police Posts, plus providing many benefits for its trooper members. Your support by placing a courtesy spot in "THE THIN GRAY LINE" is greatly appreciated.

Time has seen many changes in the banking industry — however, Personal Service is still our philosophy.

Our bank has seen this community area it serves change . . . growing to a thriving commercial and residential center. We've been growing right along too with the community. In this growth, however, one thing has not changed. The basic philosophy of doing business at our bank. We still like to get to know each of our customers on a first name basis.

And, if someone needs financial assistance, we try to provide them the personalized service and involvement rarely found in other banks. Whatever banking service you might need, whether personal or business, know we'll always maintain our friendly personal way of doing business, because we care about you!

some of his readings. The descriptions of some of the Appalachian people were "pure gold". I ordered this publication to further enjoy these poems by reading them myself.

By this time, we were happy to hear that the buffet lunch was ready. First, we filled a salad plate to eat before we went back to get our meat and vegetables. Oh yes, these cake for dessert followed that!

Thanks, Knox County, for this excellent meal.

As we ate this good food, the Still Clogging and Company entertained us with their talented students. Middle age, teenage and five year olds clogged to the rhythm of marches, classical music and Rock and Roll. Sometimes we clapped our hands to keep in time with the cloggers!

Laurel County invited the Wilderness Trail Extension Homemakers to their county in 1988.

Many door prizes were given with Ruby McKenzie, Susanne Thomas and Elizabeth Mullins from Rockcastle County being lucky winners.

Rockcastle County Homemakers also received more ribbons on their crafts that were displayed this year than in 1986.

So after repeating our Homemakers Creed in unison, we happily rode home savoring our good fortune.

The bright sunshine on some of the valleys and hills showed some fall colors that caused us to reminisce about the beautiful colors we'd seen here in the past in Rockcastle and Laurel counties' valleys and hills.

Cheryl Witt, Emily Glovak, Ella Mae Martin and I, that were in Mrs. Witt's car, agreed that this Wilderness Trail Extension Homemaker's Annual Meeting was one of the best that we had ever attended.

effective way to harvest a crop without leaving the land fallow. Leaving the land fallow may be just as profitable in the results achieved. By mowing the foliage off in early July, additional seeds are allowed to germinate. Summer rains encourage both the rhizomes and seeds to put out very active growth. When the regrowth is between the knee and waist high, this is an ideal time to apply Round Up. Two quarts per acre in 20-30 gallons of water does an excellent job when given at least 6-12 hours without rain. Within 10-14 days, a complete kill should be seen and any seedling regrowth may be controlled by disking.

In 1984, a fallow demonstration at the Laswell farm showed a

110 bushel corn yield on treated land and 69 bushel yield on the remaining portion of the field. Incorporated chemicals had been applied to both fields alike. The forty-one bushel increase paid for the year of being fallow. Incorporated chemicals were effective in getting a 95 percent control on johnsongrass. Bottom line is that the additional yield will continue to pay back for the year left fallow.

As farmers harvest this year's corn crop, those field heavily infested with johnsongrass may need such treatment. For information on participating in the johnsongrass control demonstration, call Tom Mills at the County Extension Office [256-2403].

## NATIONAL 4-H STATISTICS

4-H is Extension's dynamic, informal, educational program for today's young people. The program combines the cooperative efforts of youth, volunteer leaders, State Land Grant Universities, Federal-State-Local Governments, and the U.S. Department of Agriculture. The mission of the Cooperative Extension Service in conducting 4-H programs is to assist youth in acquiring knowledge, developing life skills and forming attitudes that will enable them to become self-directing, productive, and contributing members of society. 4-H's goal is to create a learn-

ing environment for youth that is stimulating to the development of life skills:

- Competency - developing skills and knowledge
  - Coping - dealing with stress
  - Contributory - learning to help others
- 4-H programs are conducted in 3,159 counties of the United States, District of Columbia, Puerto Rico, Virgin Islands, Guam, American Samoa, and Micronesia. 4-H Alumni (enrolled participants in 4-H since its beginning) now total about 45 million. 4-H type programs are truly international with some 82 countries having similar programs which enroll approximately 4 million youth.

## CAP reopens broom factory in Mt. Vernon temporarily

The debris has been cleared and distributed. Brooms are being made again. And new facilities will be built by mid-1988. Activities once housed in the Christian Appalachian Project's warehouse at Appalachian Village near Berea, have resumed, said Bill Watson, Director of Economic Development.

They began almost immediately after a fire consumed the project's 10,800-square foot warehouse on the morning of Aug. 24.

In a little over two weeks after the fire, the broom facility had resumed operation on Sept. 8 at Mt. Vernon.

The fire had threatened the lay

off of the facility's six employees. Within two days after the fire another site was located beside the Christian Appalachian Project's Teen Center in Mt. Vernon, and the workers immediately began to build winding tables, storage racks, and other equipment.

Berea College sold the project some of its excess sorwood cane handles, other raw material was ordered, and Jamie Stone, who originally consulted with the Christian Appalachian Project to start the broom craft facility, loaned some equipment and sold the project a power winder.

The fire interrupted the broom craft facility's second year of production, but the approximate-

## Reasons for Bible Baptism

There are several Bible reasons why every accountable person should be baptized. Here are a few of them:

**IT IS COMMANDED.** "And he commanded them to be baptized." [Acts 10:48] Obedience to divine commands is essential. Christ is the author of eternal salvation to all them that obey Him. [Heb. 5:8-9]. The Bible says, "Blessed are they that do His commandments, that they may have the right to eternal life and may enter in through the gates of the city." [Rev. 22:14]

**CHRIST TAUGHT IT.** "He that believeth and is baptized shall be saved; but he that believeth not shall be damned." [Mark 16:16]. We must heed what Christ taught! "Therefore whosoever heareth these sayings of mine and doeth them, I will liken him unto a wise man, which built his house upon a rock." [Matt. 7:24]. The wise individual will take seriously what Jesus said about baptism and love Him enough to obey. [Jno. 14:15].

**THE APOSTLES PREACHED IT.** When Paul, the apostle, preached in Corinth, "Many of the Corinthians hearing, believed and were baptized." [Acts 18:8]. Peter told the Jews on Pentecost, "Repent and be baptized, every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." [Acts 2:38].

**IT IS AN ACT OF FAITH.** "Buried with Him in baptism, wherein also ye are risen with Him through the faith of the operation of God, who hath raised Him from the dead." [Col. 2:12]. Faith must work through love to please God and bless each of us. [Gal. 5:6]. We show faith when we submit to baptism as His word directs. "Ye see then how that by works a man is justified, and not by faith only." [Jas. 2:24].

**IT PUTS ONE INTO THE BODY.** "For by one Spirit are we all baptized into one body, whether we be Jews or Gentiles, whether we be bond or free, and have been all made to drink into one Spirit." [I Cor. 12:13]. Since we are baptized into the body, and the body is the church [Eph. 1:22-23], those who have not been baptized are outside Christ's Body, the church.

**IT STANDS BETWEEN THE SINNER AND SALVATION.** Ananias told Saul of Tarsus, "And why tarriest thou? Arise, and be baptized, and wash away thy sins, calling on the name of the Lord." [Acts 22:16]. "The like figure whereunto even baptism doth also now save us (not the putting away of the filth of the flesh, but the answer of a good conscience toward God) by the resurrection of Jesus Christ." [I Pet. 3:21; see also Acts 2:41-41; 10:34-34].

**IT IS THE MEANS OF PUTTING ON CHRIST.** "For ye are all children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ." [Gal. 3:26-27]. How many put on Christ? As many as have been baptized into Christ, no more and no less. Why is it so important to be in Christ? Because every spiritual blessing is found in Christ. [Eph. 1:3].

For many people, the refusal of baptism is the focal point of their rebellion. Is it yours? Why not give God your absolute, unquestioned obedience today, and forsake sin? Choose God's way of life, rather than your way and death.

ly 20,000 brooms and \$100,000 sales targets were still hit. "Essentially, the fire didn't harm our ability to rebound and set higher goals," said Bernice Hale, Marketing Manager for Christmas Ridge Handicrafts. Christmas Ridge Handicrafts is the name under which products made the Christian Appalachian Project are marketed. Hale recently took an order from a large Philadelphia department store for brooms to be delivered in two weeks. During this fiscal year about 30,000 brooms are projected to be made with a total sales of about \$140,000, Hale said. The broom craft facility will

eventually be housed in one of two new Steel buildings to be constructed at Appalachian Village by mid-1988. The other will house the storage and distribution facility for the project's used clothing stores. "The management and employees of the Christian Appalachian Project wish to extend their thanks to the many friends of the organization who expressed their concern at the loss of this structure which has provided so many services and jobs for the area," said Michael McLaughlin, president of the Christian Appalachian Project. "We are committed to continue these programs."

Marilyn Huff of Berea braids a broom at the Christian Appalachian Project's broom craft facility in Mt. Vernon. The facility, which is next to the project's Teen Center, is temporary housing until a new one is built at Appalachian Village near Berea in mid-1988. The former facility was destroyed by fire on August 24.

**RICKELS - NOE REUNION**

The Rickels-Noe reunion was held on Sept. 5 at Catalpa Park in Richmond. There were 93 present. Mable and Ray Rickels of Mt. Vernon were the host of 8 out of 9 children, 26 grandchildren and 13 great-grandchildren. The youngest being about 4 months and Ray, our dad-being-the-oldest-at-79 years old. Also present in the Noe family were 11 members and other Rickels family and 11 visitors.

Those attending were: Gene and Pom Rickels and daughter from Grandville, Ohio; Mildred and Virgil Smith and son from Loda, Ill.; Rodger Rickels and son from Deleon Springs, Fla.; Ann and Boyd Whitaker and son from Morrow, Ohio; Glenna and J. Smith and daughters from Eubank; Doug and Lynn Rickels and children from Richmond; Jane and Bill Robinson and daughter from Locust Hill; Jim and Candy Rickels and children from Mt. ## Local man jailed after marijuana found on property

A Rockcastle County man was arrested last Thursday after police found and destroyed 214 marijuana plants behind his residence on Low Gap Road.

According to Kentucky State Police Public Affairs officer, Gilbert Acciardo, Jr., James Earl Gray, 33, of Mt. Vernon, was lodged in the Rockcastle County jail by Kentucky State Trooper, Ernie Boggs and Jimmy Silvers. Gray was charged with cultivating marijuana on a felony.

According to Acciardo, the three patches of "pot" were guarded by a German shepherd dog and a dummy made of plastic that was fully clothed and holding a shotgun.

Gray is free after posting bond.

## KSP August traffic report for Rockcastle Co.

A total of 98 motorists were issued citations for traffic violations. "WATER TANK" (Cont. From Front)

The council was also told by Engineer Crawford that present tanks need cleaned, sandblasted and painted at least by next summer. He estimated the cost would be a minimum of \$30,000, probably more.

The tanks were constructed in 1960 and 1969 and no one could remember when they were cleaned and painted, if ever.

The council approved an adjusted sewer bill for four residents who had water leaks between the water meter and their house. Their water bills will not be adjusted since water users are responsible for upkeep of lines between the meter and the house.

tions during August, according to a report by Kentucky State Police "FIRE SEASON" (Cont. From Front)

fire laws. A common cause of fires in the fall is leaf burning. Forestry officials recommend disposing of leaves by mulching, composting, scattering, or other methods rather than burning. If leaves or other materials must be burned, be sure to know and obey the fire laws and burn as safely as possible.

Burn only in late evening on a day with little or no wind. Have a water hose or rake ready for immediate use. Do not safe and leave. For advice on fire laws, fire safety, or fire danger, or to report a Forest Fire, contact any Forest Ranger, or call the Kentucky Division of Forestry at London, phone 864-9396.

Of a group, 19 were cited for driving under the influence of intoxicants; 36 were issued courtesy notices and 39 were assisted in breakdowns.

A total of 28 accidents were investigated, of these, 19 were property damage only and nine persons had personal injuries. There were no fatal accidents, but 24 persons were injured. No one was killed.

There were 21 criminal investigations resulting in four criminal arrests.

## "BOARD SUE'D" (Cont. From Front)

## Mt. Vernon Personal Notes

Mr. and Mrs. Harold Lee Isaacs

### Towery-Isaacs vows said in ceremony at Wildie Christian

Miss Patti Charlene Towery, daughter of Jean Towery of Mt. Vernon and the late Raymond Towery, became the bride of Harold Lee Isaacs on August 8. He is the son of Mr. and Mrs. Joe Isaacs of 3201 Patterson Road.

The wedding was performed by the Reverends Kenyon Parkey and Harold Brown at half after 7 o'clock at the Wildie Christian Church at Wildie.

Traditional music was performed by Marsha Parsons, pianist, David Parsons, organist, and soloists, Judy Harrison and Michael Bryant.

The bride was given in marriage by her brothers, Gary and Steve Towery. She wore a floor-length wedding gown of white silk and Chantilly lace fashioned in a straight silhouette. It featured a high crown collar, fitted bodice and a sheath skirt with a satin flounce extending to a chapel-length train. She carried a cascade of gardenias.

Michelle Denise Parkenson was maid of honor. Iris Towery and Amanda Gill were flower girls.

Kenneth Isaacs was best man. Ushers were George Gill and Robbie Owens and Christian Parsons was ring bearer.

Rebecca Isaacs attended the guest book.

A reception was held at the church fellowship hall. Hostesses were Beverly Gill, Karen Owens, Cindy Isaacs and Renee Burdett. The couple's wedding trip was to Myrtle Beach, S.C.

Wedding parties were a cookout given by Mr. and Mrs. Ron Booth and Mr. and Mrs. Ron Tillery; household shower given at the Wildie Christian Church; household shower given at the Oak Hill Baptist Church; personal shower given by Mrs. Jeff Poynter and friends; and a rehearsal dinner at Renfro Valley Seafood House.

Mr. and Mrs. Robert L. Witt

### Witts celebrate Golden Anniversary

Mr. and Mrs. Robert L. Witt celebrated their 50th wedding anniversary on August 29, 1987, at the home near Orlando.

On Aug. 29, Mr. and Mrs. Witt were honored by their children and other family members with a surprise party at their home. One son and granddaughter took the parents shopping in Somerset. Keeping them there just long enough for the rest of the family to set up the party.

When the shoppers returned, the parents were presented with a new sofa by all of their children. Outside a picnic luncheon was in readiness. One table contained many more gifts and a beautifully decorated cake. Brightly colored balloons floated from each end of a colorful banner stating "Happy Anniversary." The picnic tables were laden with a bountiful array of food which was enhanced by a centerpiece of

silkflowers in fall colors. Ice cream freezers were whirling away. A festive atmosphere prevailed and the weather cooperated. It was a beautiful day.

Needless to say, the anniversary couple was very surprised. Too soon, it was over, the food eaten, gifts had been opened, the flashing cameras stilled. All who attended will long remember the occasion with fond memories.

Those attending were: the honored couple, Bob and Juanita Witt, their children and grandchildren, Harry H. Witt, wife Ellen, daughters Deborah and Frances of Roundstone, Rueben Witt and daughter Jessica from Bensenville, Ill., Barbara Witt Jones, children Linda and Michael from DeKalb, Ill., James D. Witt, wife Jane, children David and Robyn from McMinville, Tenn., Gary Witt from Covington. One son and four grandchildren were unable to attend.

Also present were: David H. Witt and wife Ada of Corbin, James M. Branaman and wife Dona of Fairburn, Ga., and Marguerite B. Harris from near Brodhead.

#### RCHS ACADEMIC TEAM TRAVELS TO WAYNE COUNTY

By: Angie Carl

The R.C.H.S. Academic Team competed in its first set of games on Thursday, September 24 at Wayne County. The team has joined a new league, the Cumberland Lake league. In this league the Varsity Team competes in three matches per game against three different schools. The Junior Varsity follows the same type of schedule.

The Varsity plays two rounds of 30 questions each; each question is worth 10 points. Thursday, R.C.H.S. defeated Somerset by 20 points, scoring 250 to Somerset's 230. Alan Purcell was the high scorer of this match with 110 followed by Alison Sowder's 100 points.

R.C.H.S. also won over McCreary Central scoring 230 over Central's 130. The scoring of this game was mainly done by Randall Hayes with 150 points.

The Varsity lost only one of their three games, being put down by Wayne County. The score was 240 to Rockcastle's 145. The high scorers of this match were Alan Purcell, 70 points, and Randall Hayes, 50 points.

The Junior Varsity did well for their first set of games this year, losing two and winning one.

The J.V. defeated McCreary Central with a score of 190 over Central's 180. The high scorers of the game were Carrie Mullins, 90 points, and Angela McKinney, 50 points.

Rockcastles J.V. lost to Somerset, with the final score of 220-275, and to Wayne Co., with the final score of 235-160.

In the game against Somerset, Carrie Mullins had the high score of 110 points. In the battle with Wayne Co., Chad Abney scored 60 points along with Carrie Mullins' 50 points.

The Academic Team's next game is Oct. 1, at R.C.H.S., starting at 6 p.m.
